K WANTS U.N. TO DEAL WITH DISARMAMENT

The Soviet Premier Khrushchev reiterated again in the U.N. General Assembly yesterday that an emergency session of the U. N. Assembly should be convened in March or April of next year and that the heads of State or the heads of the Government should be asked to lead the delegation to this session to discuss disarmament.

He said that the question of disarmament should be discussed at plenary meetings of the Assembly rather than transferred to the main Political Committee.

The Soviet leader said it was necessary to do everything so that an agreement on disarmament be reached at the emergency session of General Assembly.

Wars could be ruled out only if agreement on disarmament was reached between States, if disarmament was conducted under the strictest international contril so that no State could secretely rearm itself and again threaten other States, he added.

Rift In Mysore Congress

NIJALINGAPPA-JATTI TALKS FAIL

Bangalore, Oct. 13

M.P.C.C. President Nijalingappa and State Chief Minister Jatti met on Tuesday night and had talks over an hour on the persisting rift in the Legislature Congress Party.

Although the discussions covered the entire situation in the ruling party, no meeting ground or solution to end the rift was arrived at.

Sri Nijalingappa is reported to have expressed in favour of Sri Jatti seeking a vote of confidence and also favoured broadbasing the ministry so that groupism could end.

As the talks has yielded no results, the MPCC Chief is likely to press the Congress High Command to take a decision early.

The Congress Parliamentary Board meeting on October 18 is expected to take a decision in the matter.

Varsity Gandhi Bhavan

Mysore, Oct. 13

Chief Minister Jatti called upon the universities to produce young men and women educated on right lines and well-acquainted with the philosophy of Gandhiji to save the world from a suicidal course.

Sri Jatti was laying the foundation stone of the Gandhi Bhavan at the new University Campus, today, at 'Manasa Gangotri'.

The Chief Minister said 'we are on the threshold of a new era–an era of endless potentialities, both benevolent and devasting. Unless improvement of the human mind keeps pace with the scientific and technological development, catastrophic consequences due to the yawning gulf between the power created and the man controlling it, will be inevitable It was Gandhiji who foresaw it long before the thinkers of the world realised it and expounded his philosophy of conquering untruth by truth, violence by non-violence and enmity by love. Unless we substitute love for greed and good for evil, as enjoyed by Gandhiji, there is no hope for humanity. This is the only way of keeping the colossal power created by man under man's control.'

He complimented the University authorities on having thought of constructing a Gandhi Bhavan for keeping Gandhian literature, hold study classes and discussions on the life, ideals and works of Gandhiji, arrange lectures and encourage students to undertake such items of constructive work. He also announced the setting up of Gandhi Societies to create proper atmosphere for Gandhian studies.

EXPANSION OF INDIAN COFFEE

TO CAPACITY OF INTERNAL MARKET

GOVERNOR'S PLEA TO PLANTERS

Mysore, Oct. 17

Sri Jayachamaraja Wadiyar, Governor inaugurating the Second Annual General Meeting of the State Planters' Association here at the Sports Club, today, said all over the world coffee prices were declining deeply while coffee stocks were swelling. So it would be wise, in this situation, to regulate the expansion of Indian coffee production according to the capacity of the internal market to absorb the output.

Any expectation of a said development of the export market for our coffee and any attempt to base the expansion of production on such expectation would be unrealistic, he added.

In Mysore State, he said, it was a noteworthy fact that the coffee industry was by far the largest employer of labour and contributed substantial revenue to the Government

The Governor said that he was aware that the coffee industry was facing an anxious future. Surplus production and competitive prices outside the country had an adverse effect on the coffee industry in India and more particularly in Mysore State. It was of the utmost importance that the growth of this industry should be planned on sound lines and that a watchful eye be kept on working expenses.

Referring to the problem of labour Sri Wadiyar stressed the need for closer harmony and understanding between labour and management for the better growth and development and greater prosperity of the coffee industry.

As regards the urgent need for the laying of the Hassan–Mangalore line, the Governor said, that he had no doubt that the Government of India would give their earnest attention to this important railway communication which would help a great deal in the transport of coffee and improve economic position of the Malnad areas of the State.

Sri C. I. Machiah, Vice-President propesed vote of thanks.

COFFEE FACING ANXIOUS FUTURE

STATE PLANTERS' MEET

Mysore, Oct. 17

Sri H.K. Lakshman Gowda, Chairman of the Mysore State Planters' Association told the second annual general meeting here today that they were facing an anxious future for the coffee industry.

He said almost 67 per cent of the total Indian coffee in the country was concentrated within the State and 50 per cent of the total production went from Mysore as exports.

He Said that their anxiety arose from the success of their productive efforts. Since 1949 coffee prices had been sufficiently attractive for growers to bring about vast improvements in production. There was no other crop in India which had achieved the progress in yield per acre or total volume of production as coffee. Their yield had increased from 364 lbs in 1949 to 988 lbs. in 1959 and their total production had increased by 61 per cent during the period and the crop had increased by 21,214 m. tons in the last ten years. They could also claim as a unique experience in that their produce was sold in the internal market for over twelve years at considerably less than what produce would have fetched in the export market.

Mr. Gowda said that now all this had changed. They were again faced with a world surplus and a lower price abroad. The world surplus was so heavy that the price of coffee was falling steadily and the fall could not be checked by anything that they could do here. India produced only about 49,000 tons out of 4,475,000 tons of world crop and our export was less than .5 per cent of the world exports. So they could not influence the world market. Yet their need to export was very great since they produced an increasing surplus. Next year their position would be even worse and they would have a bigger surplus for export than they had this year with the highest crop of record in the last fifty years. If the world price was lower than the retention price then the greater the loss they had to bear. The consumers who had long been accustomed to the idea that their coffee should be subsidised for them would now resent a subsidy in the reverse, namely a subsidy on export. The growers in fact were now faced with a difficult situation and it required organised approach if they were to meet the problem of crop disposal.

Referring to the problem of marketing, Mr. Lakshman Gowda said that they had been considering the creation of a Commonwealth Pool to which their surplus coffee could be consigned and which could be marketed from London. They were also considering whether a joint propaganda organisation forCommonwealth Coffee could not be set up. At present the East African producers had a joint representation in London and they were already considering the setting up of on African Coffee Promotion Board. He felt that this idea could be converted into a CommonwealthCoffeePropaganda Board, it would help Indian Coffee and save to a great deal by way of cost.

BISHOP OF MYSORE HONOURED

GOLDEN JUBILEE OF HIS SACERDOTAL ORDINATION

Mysore, Oct. 21

Glowing tributes were paid by Governor Jayachamaraja Wadiyar to the Most Rev. Dr. R. Feuga Bishop of Mysore, for his services rendered to the Catholic community and to the country during his 50 years of priesthood in Mysore.

The occasion was the golden jubilee of Sacerdotal Ordination of Rev. Feuga, held at the Town Hall, yesterday.

On behalf of the Catholics of the diocese of Mysore, Mr. J.M. Coutinho presented an address to Rev. Feuga recalling the part played by the Bishop in raising the St. Philomena's Church and his services to the cause of education and relief to the poor.

The address said "Your diocese is flourishing with 16 High Schools for boys and girls, St. Philomena's College and a number of primary, middle schools and orphanges." Your example of solid piety, your life of fervent prayer and your complete trust in Divine Providence have been and will continue to be for us an object of admiration and a model to imitate".

The Governor felicitating Rev. Feuga said that he had watched with admiration and respect, the piety of service and dedication which had marked the words and deeds of Rev. Feuga during these years. Many educational institutions founded by him stood as evidence of his endeavours. What had endeared these great institutions to our people was the spirit of true catholicity which inspired and guided them. "The seeds sown by the Bishop in a spirit of selfless service, true catholicity and devotion to the Lord have grown well under his care and are bearing ample fruit", added the Governor.

Replying to the felicitations, Rev. Feuga said that they had to regard all religions as one and they were all children of God whatever be their individual convictions. The best form of service was to educate children and render service to humanity Adherence to truth was real religion, he added.

The Bishop of Mysore also praised the catholicity of outlook and hospitality of Indians.

CLOSER LIASON BETWEEN RESEARCH INSTITUTES AND UNIVERSITES

PROF. NIKAM'S PLEA

Mysore, Oct. 22

Presiding over the Central Food Research Institute Gymkhana, here yesterday, Prof N. A. Nikam, Vice-Chancellor of the Mysore University praised the work of the Institute and said it would go down in the history of the country in solving the major problems of mal-nutrition and food preservation.

Dr. V. Subramanyam, Director and President of the Gymkhana welcoming pleaded for greater contact between the Food Institute and the Mysore University.

Prof. Nikam said that there should be close collaboration between the various national laboratories and the Universities in the country so that their combined research work would benefit the country. He hoped that immediate steps would be taken for bringing about close liason between the Food Institute and the Mysore University. A time might come, he said, that the Food Institute would become an integral part of the Mysore University, at the same time the former working independently.

Prof. Nikam regretted that only economists were consulted in formulating the Plansin the country and wished that scientists especially of food technology, engineers and other social science workers were asked to sit together and discuss plans for achieving the integrated planned economy.

Dr. Bhatia, Vice-President proposed vote of thanks.

SWINDLERS ARRESTED

The Allahabad police have arrested an inter-provincial gang of swindlers and recovered currancy notes, gold ornaments, costly saris, utensils and other articles.

Among the arrested persons are five men, nine women and half a dozen children.

The gangsters, who had been operating in Allahabad for the last four or five days, used to hypnotise their victims and deprive them of their cash, ornaments and other valuable articles.

The swindlers, who claimed themselves as the residents of different parts of Punjab told the police that they left their homes in East Punjab during 1947 disturbances and since then had been doing this business in different parts of the country.

NO EXPANSION BUT NEW MINISTRY IN MYSORE

SAYS HANUMANTHAIYA

Bangalore, Oct. 25

Sri K. Hanumanthaiya, leader of the Dissident group in the Mysore Legislature Congress Party who returned from Delhi yesterday stated that it was not their aim for mere expansion of the Jatti Ministry and gaining a few seats.

He said "a stable set-up with a non-group, broad-based new Ministry has been our stand all along".

Sri Hanumanthaiya said that he had talks with the members of the Congress High Command. He also met the Home Minister and the Prime Minister.

He said that the decision of the High Command had not been communicated to them either orally or in writing. He was given to understand that talks would take place again during the AICC session at Raipur.

He pointed out that they were not aggrieved against any individual, for ultimately they had to work together. "We have to free ourselves from group fanaticism and face the country and general elections as a united team". That is why, his original stand for a stable set-up had not changed.

Sri Hanumanthaiya said that he would be attending the AICC session at Raipur.

Engineer Stabbed

Sri N. M. Andhare, Superintending Engineer of Road and Buildings, Nagpur was yesterday stabbed and seriously injured in his office by a 20-year-old man, who is stated to be the Secretary of the Maharashtra Public Works Department Workers' Union.

MORE FUND FOR BACKWARD CLASSES

The Union Home Minister Pant yesterday pleaded for more funds in the Third Plan for development schemes for the backward classes.

Inaugurating the conference of State Ministers in the charge of backward classes, the Home Minister said the provision in the Second Plan had come to about Rs. 90 crores and the sum of Rs. 10 crores additionally allotted in the draft plan would be eaten up by the inevitable increaments.

As regards works, he suggested that the Ministers in charge should have weekly reports about the progress made and themselves check them every month.

SUB-INSPECTOR MURDERED

Mr. Shah Gul, Sub-Inspector of Police, Rawalpindi was hacked to death by unknown persons while asleep in his home on Sunday night.

When Pakistan's first PrimeMinister Liaquat Ali Khan was shot dead nine years ago at a public meeting, the said sub-inspector immediately fired six bullets from his pistol and killed the assassin.

Mysore, Oct. 26

The 14th anniversary of the late Natya Saraswathi Jatti Thayamma was celebrated here at Bharath Kala Niketan, under the presidentship of Sri S. Linganna, Chairman of the City Trust Board.

A portrait of her was unveiled on the occasion.

After the welcome speech by Sri Mylarappa, Smt. K. Venkatalakshamma presented an address paying tributes to the late Thayamma for her services to the Bharatha Natya.

Messrs ChaluvarayaSwamy, H. Yoganarasimhan, B. Narayanaswamy and Smt. Soundaramma Venkatesh also addressed the gathering.

ELEPHANT TRESPASSES INTO COLLEGE

A huge tusker gate-crashed into the Bihar College of Engineering campus at Patna in search of food and forced the menial staff sleeping in the college premises to scatter to places of safety.

The tusker, which had been brought to Patna on its way to the Sonepur Fair, slipped away from its road side resort, while its mahout was asleep. It casually lifted the spinked heavy gates of the college by smashing the lock and hastened to have a taste of the branches and green leaves of the peepul tree.

New Coup In Congo

Ghana, Guinea and Morocco were planning a military coup in Leopoldville to set up a new Congolese regime, stated the Congolese Government news agency.

According to the Congo Republic's Information Commissariat, certain Afro-Asian countries including Ghana, Guinea nad Morocco with the approval of certain U. N. personalities in the Congo were planning to disarm units of the national army, secure the broadcast system, impose by force a Government of their choice and convene Parliament in an arbitrary fashion.

HELPING INDIGENOUS GOODS

The Union Minister for Works, Housing and Supply, Sri K. C. Reddy stated yesterday that in pursuance of the declared policy to utilise indigenous production to the maximum extent, the Government were buying more and more indigenous stores every year.

He said that during the four years of the Second Plan, the purchases were of an order of Rs. 780 crores, of which indigenous stores accounted for Rs. 584 crores.

The police when called were unable to control the animal. The situation was saved when the mahout was brought in.

A.P. TO GO AHEAD WITH NAGARJUNASAGAR

The Andhra Pradesh Public Works Minister, Sri Alluri Satyanarayana Rao declared yesterday that "Nobody on earth, not to speak of Mysore or Maharashtra, can stop the progress of the Nagarjunasagar project".

Sri Raju said Mysore and Maharashtra had suggested that this question of utilisation of waters of Krishna-Godavari should be looked from a broad national angle and regional and other narrow considerations should not be brought in. But the Andhras were not narrow-minded. The Nagarjunasagar project benefited not only Andhra Pradesh but the entire nation.

The Minister categorically rejected the suggestion of Maharashtra Chief Minister for arbitration and said the question had been settled long ago.

Forfeiture of Tenancy

FOR FAILURE TO GIVE RENT: VALID SAYS HIGH COURT

Bangalore, Oct. 27

The Chief Justice, Sri Das Gupta and Sri Justice A. R. Somnath Iyer of the Mysore High Court yesterday held that a tenant in occupation of an agricultural land, who had failed to pay the rent for more than two years was not entitled to relief against the forfeiture of his tenancy under Sec. 25 of the Bombay Tenancy and Agriculture Lands Act.

They were disposing of an application by a tenant of Bhatkal, challenging the order of the Bombay Revenue Tribunal terminating the tenancy of the petitioner. Their Lordships held that the effect of Sec. 25 of the Bombay Tenancy Agriculture Lands Act was only to give relief against forfeiture of the tenancy while there were two defaults of payments of rent and it could not be applied for cases of more than two defaults.

KASHMIR, A TIME-BOMB

—SAYS AYUB

President Ayub Khan of Pakistan stated yesterday that the Kashmir issue was like a time–bomb "never very far removed from flash-point". Unless the intention was to make it explode through lack of foresight and statesmanship, the answer was to defuse it as quickly as possible and that could not be done without touching it, he added.

Mr. Ayub Khan said that the Kashmir problem apart from vitiating the relations between India and Pakistan, was also sapping the vitals of India first and then Pakistan. His prayer and effort was that it should be solved peacefully.

Mysore Not Signed Krishna Pact

SAYS K. C. REDDY

Sri K. C. Reddy, Union Minister for Works stated yesterday that he (then the Chief Minister) had neither signed the 1951 agreement relating to the allocation of waters of the Krishna and the Godavari among the different States nor had the then Mysore Government ratified the agreement. There was, therefore, need for a 'de novo' discussion of the question, he added.

Sri Reddy said that the agreement was provisional so far as the old Mysore Government was concerned. The old Mysore Government was then interested only in the waters of the Tunga and the Bhadra and to the extent of one per cent of the waters of the Krishna in its upper reaches. But the claim of the new enlarged Mysore State, related to the new areas that had been added to it.

Industrialisation Essential

SAYS NEHRU

Prime Minister Nehru addressing the AICC at Raipur called for a change in the mental attitude of people to industrialisation.

He said the private sector had neither the capacity nor the mental approach to undertake industrialisation of India, a task that could be achieved by planned activity in the public sector.

Private industry, he said, was obsessed with the thought of securing quick dividends and lacked the capacity and the mental approach to set up heavy industry and to bring about an industrial revolution in the country. The State alone could do it.

Stressing the importance of planning, the Prime Minister said that those who opposed it and wanted open competition amounted to a military commander working without a strategy.

The AICC adopted the resolution on the Third Plan.

Letter to the Editor:

BUS FACILITIES TO K R. SAGAR

Sir–The Transport authorities have permitted only 4 or 5 buses to ply permanently from Mysore to Krishnarajsagar during the evenings on illumination days for the past two or three weeks, without considering the volume of travelling public or tourists coming daily from many trains and buses to visit the place. Hitherto more than 25 buses were plying between Mysore and K. R. Sagar. It is really surprising to note why such a facility was withdrawn, which has caused the tourists a lot of inconvenience, disappointment and hardship

Will the benevolent Government consider the inconvenience caused to the tourists and arrange to grant permits as before for plying more buses between Mysore and Krishnarajsagar?

Improve People's Health

GOVERNOR'S PLEA

Mysore, Nov. 1

Declaring open the Maternity Hospital at Hadinaru village in Nanjangud Taluk, yesterday, Sri Jayachamaraja Wadiyar, Governor stressed the need for providing more medical facilities in the country especially in rural parts.

Sri H. K. Gangadhar welcomed the gathering.

Sri N.Veerappa Shetty, who had donated Rs. 20,000 for the construction of the hospital in his wife's name, presented an address to the Governor.

The Governor said that two things were very essential for the improvement of society–education and health. The latter was more important as it would improve people's thinking ability. In this context, he said, the starting of more maternity hospitals with proper staff and accommodation was very vital. He hoped the Government would bear in mind the necessity of providing well-trained doctors and housing facilities when they sanctioned hospitals especially in rural parts.

Public Works Minister, Sri H. M. Channabasappa who presided called upon the people to co-operate with the Government in improving the lot of the villagers.

Ending Party Strifes Soon

CONGRESS CHIEF CONFIDENT

Congress President Sanjiva Reddy stated yesterday at Raipur that internal disputes in the party in various States would be resolved within three or four months.

Sri Reddy regretted that the Congressmen had been ignoring the principles for which the party stood and "wasting their energies over political offices".

He said they did not require any fresh committees to end disputes but the existing machinery should work efficiently and in the right direction.

The Congress President said "the AICC is keen and anxious to resolve disputes in every State and after three or four months you will find internal disputes, which were damaging the organisational strength of the party, totally absent from every State".

It is feared that these refugees contain some Chinese agents whose mission is to demoralise the rest.

"Lady Chatterley's Lover" Not Obscene

LONDON JURY'S VERDICT

A British jury of nine men and three women yesterday found "Lady Chatterley's Lover" novel not obscene.

The Penguins who published an unexpurgated edition of D. H. Lawrence's novel, deliberately courted prosecution in an effort to have a 32-year-old ban on the book lifted.

The novel deals with a wellbred woman's passionate love affair with her impotent husband's game-keeper.

The defence had called a string of expert witnesses including writers, broadcasters, literary dons, teachers and clergymen, to support their contention that the book was not obscene and that, as a work of high literary merit by a leading author, it should be published.

The jury took three hours to reach their verdict.

FREE AND COMPULSORY EDUCATION

FOUR-POINT PROGRAMME

STATES ASKED TO IMPLEMENT

The Union Education Minister Shrimali yesterday told theState Education Ministers' Conference at Delhi about thc four-point programme for the success of the Third Plan scheme of universal free and compulsory education for child between six and eleven.

He asked them to bring a new legislation for compulsory education as in his view, most of the existing laws iu the States were out of date.

The Minister also advised the States to launch a sustained campaign for educating public opinion so that parents might send their children particularly girls to schools. He also wanted the States to make special efforts to assist poor and needy parents in providing school uniforms, text books and free school meals to children.

The most important programme along with these he said, was the recruitment of teachers and the improvement of their conditions of service He asked the States to see that the basic minimum salaries for trained and untrained teachers as suggested by the Union Education Ministry, namely Rs. 50 and 40 respectively, was paid to the primary teachers. Besides the basic salaries, benefits like dearness allowance, a reasonable old-age provision, free tuitions for teachers' children, would make the teaching profession a little more attractive than it was at present, he added.

India Asking Chinese Areas

CHOU'S CHARGE OF AGRESSION

Chinese Premier Chou En-Lai yesterday accused India of making "new territorial demands against China" besides holding "on to a big piece of territory, which belonged to China".

He also charged Indian troops of provoking armed clashes on the border.

In a BBC television interview, he said "an anti-China campaign was launched by forces in India who tried to use disputes with foreign countries for political aims at home".

The Chinese Premier added that the boundary dispute could have been settled if India had adopted an attitude of mutual understanding and accommodation.

Personal Rivalries In Congress

NEHRU'S WARNING

Prime Minister Nehru yesterday warned that the recent wave of groupism and personl rivalries within the Congress was spreading poison in the party and had resulted in the fading away of the past lusture of this great institution.

He said that if such things were allowed to continue, the Congress would not be able to render service to the country and in such a situation, it would be better if it was disbanded and replaced by some other party

Sri Nehru said that nothing could be more shameful and idiotic than Congressmen frittering away their energies in personal rivalries when there were important works to be undertaken in the country.

VOLUNTARY SCHOOL TEACHERS

The Union Government has approved the proposal of the Mysore Government for absorbing 2,232 voluntary school teachers in the State into the regular Government service.

At present, these teachers get only a consolidated grant of Rs. 30 per month and the State Government was urging the Centre for financial assistance in absorbing them into the Government's regular service.

HEAVY ELECTRICAL PLANT

Prime Minister Nehru yesterday inaugurated the first phase of production of the Rs. 100-crore Heavy Electrical Plant, in the public sector, at Bhopal.

The factory, when fully completed in 1967–68 would produce heavy electrical equipment such as hydraulic and steam turbines, alternators, traction motors and capacitors worth Rs. 50 crores annually.

Speaking on the occasion, Sri Nehru called upon the people to work hard and make the country strong and prosperous. He said machines were important in modern world and the men engaged in handling machines should be men of character so that the machines were put to the right use for constructive purposes.

The first supersonic aircraft manufactured by the Hindustan Aircraft, Bangalore and the-40-seater "AVRO" transport plane manufactured by airmen at Kanpur would be in the air, early in 1961, announced AirVice-Marshal Harjindar Singh of the Indian Air Force, yesterday at Coimbatore.

He also disclosed that the Defence Department would set up an instrument factory in the country to meet the requirements and manufacture all parts needed for the AVRO aircraft within three years.

Mangalore Port

The Union Transport Department has suggested a provision of Rs. 40 lakhs in the Third Plan for detailed investigations and designs for the development of Mangalore and Tuticorin ports.

For the development of these ports, the department has suggested an expenditure of Rs. 14.75 crores in the Third Plan.

HOUSES FOR INDUSTRIAL WORKERS

Five projects for the construction of 1,242 houses for industrial workers were sanctioned by the Governments of Andhra Pradesh, Madras, Mysore and West Bengal, during September, 1960, costing Rs. 50.24 lakhs.

These houses will be located at the industrial centres at Ghatkesar (Andhra Pradesh), Madurai (Madras), Mandya (Mysore) and Asansol and Durgapur (West Bengal). The construction of these houses is part of the Government's scheme to provide amenities to industrial workers.

RURAL HOUSING SCHEME

Mysore, Nov. 8

The Deputy Minister for Planning, Sri H. C. Linga Reddy declared open yesterday 70 houses constructed under the Rural Housing Scheme, at Bandipalya group panchayet, in Mysore Taluk.

The Deputy Minister said that the Government of India had given to the State Government Rs. 20 lakhs this year for providing housing in rural parts.

According to the Rural Housing Scheme, the State Government would give a loan of Rs. 2,000 each, to be repayable in annual instalments, if 14 persons come forward to construct their houses. He hoped the villagers would avail themselves of this offer.

Referring to the decentralisation of power and the establishment of Panchayat Raj, Sri Reddy asked the people to realise their responsbility and discharge it to the best interest of the country.

In his opinion, if six lakhs of villages in the country to be prosperous, more schools and Co-operatives should be established.

URBAN LAND INCOME FOR PUBLIC BENEFIT

Bangalore, Nov. 8

The Union Health Minister Karmarkar yesterday asked the conference of State Ministers in charge of town and country planning to consider the question of how the unearned income arising out of appreciation of urban land value could be mobilised for the benefit of the entire community.

He said that the great demand for land created by the inflow of population into the towns and cities had appreciated the land value, which had gone to the pockets of urban property owners without their contributing even a whit of effort in this direction.

The Minister said that his Ministry had proposed to the PlanningCommission under the Third Plan for preparation of master plans for all towns and cities having a population of 20,000 and above, giving priority to metropolitan and industrial centres

Adventurous and Lively

NEHRU'S CALL TO YOUTH

Prime Minister Nehru yesterday called upon young men and women to be "lively and adventurous and to have idealism and ambition. not for petty things but for undertaking big and difficult tasks.

Speaking at Hamidia College in Bhopal, SriNehru said that the youth of the country should actively participate in the rapid changes being brought about in the world through the invention of science and technology. In this fast changing revolutionary age, the youth should go ahead with determination, zeal and self–confidence, failing which they would run the risk of being left behind in the race for progress and prosperity.

NEHRU FOR ABOLITION OF CHAPRASIES

Prime Minister Nehru yesterday strongly attacked the institution of 'chaprasies' (peons) in the country and favoured its abolition forthwith.

Stressing the need for manual labour by one and all, he said the status of an officer in the country was judged by the number of 'chaprasies' at his command. He was of the view that those who only preferred to sit in their office and were reluctant to do manual work should not be paid high salaries.

PRIORITY TO URBAN WATER SUPPLY

Bangalore, Nov. 9

The Central Council of Local Self - Government, meeting here yesterday, urged the need for giving higher priority to the urban water supply and sanitation programme by the Union Government, the State Governments and the Planning Commission.

The Union Health Minister Karmarkar who presided pleaded for constituting regional water supply boards with the necessary powers to enable them to raise loans in the market.

The Council felt that the allocation of Rs. 73 crores for urban water supply in Third Plan was inadequate.

It also suggested that there was need for financial assistance by way of subsidy both from the Central and State Governments for urban sewerage schemes.

INTELLIGENT TEST FOR CONGRESS CANDIDATES

FOR NEXT GENERAL ELECTIONS

The Congress High Command, it is learnt, has made a far–reaching policy decision to ensure that the selection of party candidates for the next general elections was that it should be governed by the intellectual fitness of applicants among other qualifications.

The aspirants for the Congress ticket would not be considered unless they possessed minimum educational qualifications.

In a letter addressed to the Pradesh Congress Committees. Sri Sadiq Ali, General Secretary has stated "as our democracy advances in maturity, we will tend to vote only for those candidates, who are intellectually qualified, have contact with people and are men of integrity. This test should be satisfied by the candidate that Pradesh election committees might recommend after necessary consultations. The Central Election Committee is there to exercise the right type of check".

FAILINGS IN ADMINISTRATION

GOVERNORS' CONCERN

STRENGTHEN BORDER DEFENCE, SAYS PRASAD

President Rajendra Prasad addressing the Governors' Conference at Delhi yesterday stressed the need for strengthening the defence potential of the border areas by taking speedy ecnomic and social development.

Referring to the language issue, Dr. Prasad said that there was no use trying to force any language on anyone and there should be catholic attitude towards it. He also stressed the need for restoration of people's confidence in the administration and increasing the morale of officials. He also referred to the problems of unemployment and the economic development.

Unemployment, food production and food prices were the main issues which figured in the conference yesterday.

During the discussion, some of the Governors felt that a stable price policy should be evolved. The need for a balanced development of all parts of the country and the uplift of the depressed areas was also suggested by them.

On Monday, at the informal conference, the Governors reported to have expressed concern at the deteriorating political situation in the country and falling standards in administration.

The role of the Governors iu this regard came up for discussion and it was felt that each Governor should write to the President a report on the failings in the administrative sphere in his State and suggest remedical measures.

The conference was attended by all the Governors including Mysore Governor Jayachamaraja Wadiyar.

READY TO MEET K

Mr. John Kennedy declared yesterday that he was prepared to meet Soviet Premier Khrushchev if the meeting was carefully prepared and if the Soviets gave guarantees of good will.

He hoped for an agreement with the Soviet on a nuclear bomb test suspension. He said active negotiations would be resumed

Mr. Kennedy said that U.S. foreign policy would be more effective in the future. The errors of the past would be remedied and the position and prestige of the U. S. strengthened.

INDIA'S FRIEND

Senator Kennedy's victory is interpreted in India as further economic assistance to the country.

He has been a leading supporter of economic aid to under-developed areas and to India in particular. He, in fact, had repeatedly taken initiative in sponsoring the legislative action for economic assistance to India. Nearly three years ago, he moved a resolution in the Senate for providing what he called a massive aid to India on the lines of Marshal Aid to Europe. More than a year ago, he urged the Sanate for the creation of a special multi-nation economic mission to study India's needs and requirements.

World Sorely In Need Of Gita's Wisdom

—SAYS GOVERNOR

Mysore. Nov. 12

Sri Jayachamaraja Wadiyar, Governor of Mysore yesterday stressed the need for carrying the great wisdom of Gita to the people of the world.

He was inaugurating the Gita Gnana Yagna by Swami Chinmayananda, here at the Dasara Exhibition premises.

Sri S. Channiah, President of the local Yagna Committee welcomed the gathering.

The Governor said that Swami Chinmayananda was doing great service in carrying the message of the Gita to the very doors of those who were too busy in the work-a-day world even to take a glance at this great book of parennial wisdom, a wisdom of which the world today was sorely in need.

The Governor said that Gita, which Aldous Huxley had called "the text book par excellence of Parennial Philosophy' had a charm and appeal to men and women of all climes and of all ages which no modern book could claim to have.

The Gnana Yagna, he said, might be called the homage of intellectual worship. Swami Chinmayananda as the officiating priest of the Yagna "begins it with the chanting and interpretation of the 13th Chapter which in a way constitutes the quintessence of the Gita".

The Government of India, in a strongly-worded note, have rejected Chinese explanations regarding Indian airspace and ground violations and said these violations constituted a breach of the agreement reached between the two Prime Ministers, not to precipitate friction and conflict in the borders pending the official level talks.

COHESION AMONG CONGRESSMEN

Prime Minister Nehru is understood to have regretted that there were quarrels and discussions among Congressmen on group, communal or such other narrow bases.

Addressing the members of the Congress Parliamentary Party yesterday, Shri Nehru emphasised the need for cohesion among Congressmen and the importance of keeping the larger perspective in view.

He told them that if Congressmen worked unitedly and overcome the feelings of caste or language, remembering the fact that they were passing through revolutionary times, the Congress could acquit itself better.

Price Support To Farmers

Union Food Minister Patil told the Lok Sabha yesterday that if the present trend in the prices of foodgrains became more positive Government would step in to see that the farmers' interests were protected.

Replying to a question the Minister said that the Government were contemplating steps to see that the peasants did not suffer. The Minister added that Government were considering the situation and the stage had not yet come when Government should act. Of the several ways of protecting the farmer, one method was to enter the market and purchase foodgrains on Government account, he said.

POLITICAL SITUATION IN MYSORE

MPCC EXECUTIVE TAKES STOCK

Bangalore. Nov. 16

The Executive of the Mysore Pradesh Congress which met here yesterday had a four-hour discussion on the political situation in the State following rift in the party.

Though Chief Minister Jatti, who is an ex-officio member was not present due to indisposition, the Committee took stock of the situation. Some members are said to have expressed the view that so far no action had been taken by the Ministry to end the rift between the ministerial and organisational groups and to end groupism and that if the present situation was allowed to continue the interests of the party would suffer. Some members believed that the High Command had ignored the organisational wing. Further discussions are likely to be continued today and a resolution on the political situation adopted.

The Committee also decided to organise political conferences in each district as a part of the party's programme to revitalise it. Women and youth conferences will also be held. A decision to deal firmly with indiscipline among party men during the recent taluk board elections was taken at the meeting.

MPCC Chief Nijalingappa is expected to leave for Delhi to appraise the Prime Minister Nehru about the present situation and urge for a definite and early decision in the matter.

M.P.s DISCUSS CRISIS

Congress M. Ps in Parliament from Mysore who met yesterday at Delhi also discussed the situation. Mysore Speaker Kanthi and Council Chairman Narasayya were also present. They suggested that the M.Ps should contact the High Command and make a determined bid to solve the present situation.

JATTI ASKED TO QUIT OR SEEK PARTY VOTE

M. P. C. C. EXECUTIVE's DEMAND

Bangalore, Nov. 17

The Executive of the Mysore Pradesh Congress Gommittee, adopted a resolution, yesterday, demanding the resignation of Sri B. D. Jatti from the leadership of the Legislature Congress Party or to seek a vote of confidence.

The resolution, the text of which has not been released, is stated to have expressed the view that this was the only way to end the present crisis and pave way for a broad-based Ministry in the State. It has also indicated that the continuance of the present Ministry in office would cause serious damage to the organisation and adversely affect the success of the party in the forthcoming general elections.

Sri B. D. Jatti, Chief Minister was present at the meeting for nearly two hours and left it before passing of the resolution. M. P. C. C. President Sri Nijalingappa was in the chair.

Earlier Chief Minister Jatti is reported to have made it clear that he was not prepared to drop any member of his present Cabinet, even if any expansion was thought necessary to solve the present political situation in the State. The Chief Minister told the Executive that if he had to reshuffle his Cabinet, it would only mean taking one or two Ministers or Deputy Ministers and not to disturb the present set up.

In answer to allegations, of corruption and such other malpractices of his colleagues, Sri Jatti is stated to have told that he could not brand any of the Ministers as corrupt If there were any specific charges or trregularities, it was up to the Congress High Command to enquire and take decision. He however, is stated to have admitted the existance of groupism in the party and efforts should be made to rid the organisation of this malady.

This is the first time the Executive of the organisation wing has come out openly to express its views on the situation.

The resolution besides being sent to the Congress High Command is likely to be placed before the Pradesh Congress Committee which was scheduled to be held on October 23 at Davangere and later postponed.

Sri S Nijalingappa, who soon after the adoption of resolution left for Delhi is likely to meet Prime Minister Nehru, Congress President Sanjiva Reddy and other leaders and appraise them of the situation.

Govt. Employees Strike

LENIENT VIEW TO BE ADOPTED

The Government of India have relaxed the rules to take a lenient view of the unauthorised absence of its employees who went on strike recently. The absence will not be considered an interruption in service entailing forfeiture of past service under the Civil Service Regulations.

According to instructions issued by the Home Ministry to the Central Ministries, the unauthorised absence of the strikers will be counted as it were leave with allowances, but this concession is only for purposes of pension and increment.

Those employees who were awarded penalty but not suspended will also not forfeit the benefit of their past service for purposes of pay or leave. But the period of unauthorised absence will not be counted towards pension and increment. The pay last drawn is to be allowed to those who rejoined duty except in the case of employees who resigned or were removed or dismissed but subsequently re-employed.

RESHUFFLE OF MYSORE CABINET

HIGH COMMAND AGAINST MAJOR CHANGES

Sri S. Nijalingappa, President, Mysore Pradesh Congress Committee met Prime Minister Nehru yesterday at Delhi and discussed the situation reated by the MPCC Executive's open demand for the resignation of the State Chief Minister, Sri Jatti. He also called on the Congress President Sri N. Sanjeeva Reddy.

According to informed sources, the High Command still fovours a solution which would not mean any major changes in the present cabinet. It would desire reconstitution of the State Ministry in a manner that it would be a composite body, representing all the sections in the party.

The dissidents, it is stated, may insist on things taking their logical course, if the Chief Minister did not initiate some positive steps before the State Legislative Assembly re-assembles by the end of this month. The Assembly would put to test the Chief Minister's claim of support in the party.

Mysore Congress Tangle

The Central Parliamentary Congress Board will consider tomorrow the Mysore situation arising out from the PCC move seeking the resignation of the Chief Minister Jatti and reconstitution of a new broadbased Ministry.

Sri S. Nijalingappa, Pradesh Congress Chief who returned to Bangalore yesterday from Delhi stated that the High Command had realised the seriousness of the situation in Mysore.

Asked about the chances of a settlement, he said "there have been chances of settlement. After all it is like a family quarrel. We want to see that better sense and better understanding prevail and groupism prevented".

Sri Nijalingappa favoured the suggestion that the Congress High Command should depute a leader to study and assess the situation in Mysore and recommend steps to end the present impasse.

He added that "if a representative of the High Command studied the situation on-the-spot, he would know to what extent feelings had become embittered and he could find out what should be done to solve the problem".

Asked whether he saw any possibility of a settlement outside the stand taken by the PCC executive, he said "if the representative of the High Command suggest a reasonable solution, we will accept it".

INDIA TO SHOOT DOWN PLANES

AIR VIOLATIONS BY CHINA

Prime Minister Nehru declared yesterday in the Lok Sabha that although at the present moment India was trying to pursue the question of air space violations by the Chinese through diplomatic channels, "we are perfectly entitled to shoot the planes whenever they cross into Indian territory".

Replying to what steps the Government was taking to put an end to air space violations since the Chinese had rejected the Indian protests, Sri Nehru said that "there is no other action that India can take except that of shooting down the planes".

MYSORE 'SPECIALISING IN CABINET-MAKING'

SAYS PSP CHIEF ASOKA MEHTA

Mysore, Nov. 23

Sri Asoka Mehta, Chairman of the All-India Praja-Socialist Party yesterday regretted that there was endless quarrels and groupism in the Ruling Party in Mysore and remarked that the main industry in the State appeared to be ministry-making and ministry-breaking.

Addressing a public meeting here last evening at the Townhall maidan, the PSP Chief said that Mysore was the pioneer State in the industrialisation of the country. But now one saw very little of significant development in the State. They heard reports of about quarrels, conflicts and collision in the ruling party. Mysore, which could probably look back on its record of progress today appeared to be concerned in the industry of ministry-making and ministry-breaking. In France, he said, it was said that the main avocation of the people was Cabinet-making and now Mysore was also specialising in that art.

Sri Mehta said that it was in Mysore that the ship of India was built, and if the ship of India were to have an even keel, the anchorage should be strong and solid. "Imagine our anxiety when we find that the anchorage is losing weight".

The PSP Chief said that he found in the ruling party in Mysore, an atomic energy with splitting tendencies and the big question facing them was where would this chronic disease lead to and what would happen to the mighty anchorage. This was the big question put by the people in the country and the people of Mysore had to answer the rest of India.

He regretted that our achievement during these 12 years was very limited. There was only 3.5 percent increase in national income but it was offset by 2 per cent increase in population. Whereas in Japan, there was increase of national income by 16 percent last year. There was something basically wrong in our country, he said and added that there was lack of faith, decision, direction and firmness.

Shri Mehta appealed to the Southern States to build the unity of the country for the emotional and psychological integration of India.

Sri M. Gurupadaswamy, Chirman of State unit of the PSP presided.

Sri K. Viswanath proposed a vote of thanks.

END CORRUPTION, PANT'S PLEA

The Union Home Minister Pant yesterday urged for a close co-operation between the States and the Centre to eradicate corruption in the country.

He said "complete cooperation and co-ordination is necessary, as the results of the combined labour can be more impressive and satisfactory. if there is a sense of joint endeavour on the part of those who are dealing with this task".

He told the Special Police Establishment Conference at Delhi that there had been a long standing complaint that the services were not well-manned and that the corruption in some form or other was still surviving.

He said it was the special duty of those who were paid out of the taxes to devote themselves whole-heartedly to the real good of the people.

FLOOD CONTROL SCHEMES

The Lok Sabha was told by Minister Hafiz Mohammed that substantial progress had been made in the execution of flood control schemes in the country affording protection to about 6.2 million acres of land.

HONORARIUM FOR TQ BOARD CHAIRMAN

The Government of Mysore are considering a proposal to fix honorariums to the Chairman of the newly-constituted Taluk Boards in the State.

NEW BASIS FOR RURAL ECONOMY

The conference of State Khadi and Village Industries Boards meeting at Jaipur has opined that the basis of the rural economy, which was at present predominantly agriculture, should become agro-industrial.

In order to facilitate this reorientation, the conference suggested that rural ommunities should be assisted to organise themselves for the fullest utilisation of local resources in men and material for the production, both in agriculture and industry.

PROTECTED MONUMENTS

The Government of Mysore have, under the provisions of Ancient Monuments Preservation Act, declared that the Cenotaph at Bangalore, Sri Virupaksha Temple at Hampi, Sri Eshwara Temple at Yupasthambha and Sri Kodandarama Temple at Hiremagalur as protected monuments.

CEYLON VISA FEE

The Lok Sabha was told yesterday by the Deputy Minister for External Affairs that the enhancement of visa fee (from Rs.2 to Rs.400), proposed by the Ceylon Government would affect the 36,000 Indian residents in Ceylon.

NOTICE

Disarmament Within 3 years

NEHRU'S PLEA

Prime Minister Nehru told the Lok Sabha yesterday that if no effective steps were taken to bring about total and complete disarmament within the next three or four years, it might become too late to deal with it.

He added "we have to take action in regard to this matter before we pass to a point of no return".

The point of no return, he said, would be reached when other countries started making nuclear weapons or the big countries made a lavish disposal of the nuclear weapons to other countries.

INDO-PAK FINANCIAL TALKS FAIL

The three-day discussions between the Finance Ministers of India and Pakistan ended in a failure yesterday.

One of the main reasons which came in the way of settlement was Pakistan's insistence that a distinction should be made between current payments due to her from India and the partition debt she owed to India But India's contention was that current payments could not be divorced from the overall settlement including partition debts.

Pakistan claimed that the current payments due to her amounted Rs. 180 crores. According to India the partition debts due from Pakistan amounted Rs. 373 crores. This was to have been paid in 50 instalments starting from 1952. Pakistan urged that even after deducting nine instalments due from her so far of the partition debts, India would have to pay Rs. 100 crores to settle the current payments and she insisted that this should be paid in sterling immediately.

SULPHUR PLANT

A big smelter to produce 400 tons of sulphur a day from the sulphur pyrite ore, discovered in Amjore area of Bihar State, is proposed to be set up by the Government of India.

★ About 30 million tons of crude oil would be recoverable from the recently discovered commercial reserves of Nahorkatiya and Hugrijanand in Assam.

TIBETAN REFUGEES IN MYSORE

Prime Minister Nehru informed the Lok Sabha yesterday that 3,000 Tibetan refugees would be settled in thePeriyapatna taluk in Mysore District. The refugees, he said, would arrive in Mysore early December and it was proposed to provide five acres for each family of five.

★ The Japanese method of paddy cultivation has caught on in Nizamsagar Community Development area in Andhra Pradesh. The area under crops under the system has increased from 39,000 acres in 1953-54, when this method was first introduced, to 62,000 acres last month.

Jatti Ministry Should Quit

MYSORE PSP DEMAND

The Karnatak unit of the Praja-Socialist Party which met at Hassan on Sunday demanded the immediate resignation of the Jatti Ministry and early general elections to enable the people to participate in the formation of an enduring stable and popular government.

The conference noted with concern 'the collapse of normal functioning of Government' and felt that the stability of Government and clarity of political atmosphere could not be cleared by mere change of ministries. The only sane and democratic way out of the present crisis was the immediate resignation of the present Ministry and holding early general elections.

Regarding the inter-States sharing of Krishna waters, the conference protested against the stubborn attitude of Andhra Pradesh and fully endorsed Mysore stand. It called upon the Mysore Government to refer the matter to a tribunal.

Sri S. Shivappa was elected Chairman of the Karnataka PSP.

INDIAN TROOPS TO STAY IN CONGO

Prime Minister Nehru declared in the Rajya Sabha yesterday that the Government had no intention of withdrawing the Indian personnel from Congo and said that it would be "a rather week and undesirable attitude to take".

He said "I have no doubt that the U.N. Secretary-General wishes to help us and help others as much as possible. It is no good our asking him to give us absolute and categorical assurances. He is facing a very difficult situation there and we are parts of that organisation and trying to face that situation. We cannot run away when difficulties face us".

CENTRAL SANSKRIT INSTITUTE

The Tirumalai-Tirupati Devasthanam Board would extend all possible assistance to the All-India Sanskrit Board in setting up the Central Institute of Sanskrit in Tirupati.

Announcing this, its Chairman, Sri N. P. Appa Rao said that TTD had already decided to give Rs. 10 lakhs to the Sanskrit Board if the Institute was located at Tirupati.

8 LAKH TONS RICE PURCHASED

The Lok Sabha was informed by the Food Minister Patil that during the crop year 1959-60, 8.28 lakh metric tons of rice and 2.28 lakh metric tons of paddy were purchased on account of the Central and State Governments. Out of this year's wheat crop, the State Governments had so far purchased 3.69 lakh metric tons.

CONSTRUCTION OF DAMS IN COORG

Mercara, Nov. 28

A large number of planters met the Public Works Minister. Sri H. M. Channabasappa here and expressed their opposition to the construction of dam across the river Harangi in Hardur village, the Cauvery and the Gorur project across the river Hemavathi in Hassan District. They represented that those projects would submerge nearly 22,000 valuable plantation lands and whole villages. They would also render the rest of the Coorg area uninhabitable and destroy the very life of Coorg.

Another section of Coorg people welcomed these projects and said that only the rich class was opposing. A large section of the poorer class stand to benefit as large areas would be brought under irrigation

The Minister explained to the people that none of those projects was conceived by the present Government. They were only executing those projects which had been designed by the former Coorg Government and expressed suprise at the opposition from a section of the pepole.

Scope of President's Powers

PRASAD'S VIEWS

President Rajendra Prasad laying the foundation-stone of the Law Institute at Delhi yesterday asked the Institute to examine the scope of the President's powers and responsibilities under the present constitution.

He said that there was no provision in the Constitution which laid down that the President shall be bound to act in accordance with the advice of his Council of Ministers, like the British monarch.

Dr. Prasad feels that the framers of the Constitution had contemplated a wider scope for the President's powers and responsibilities.

COMPANIES FUND TO PARTIES

The Union Industries and Commerce Minister, Sri Lal Bahadur Shastri yesterday moved an amendment in the Lok Sabha to the Companies Bill curbing the privilege of the shareholders of the companies voting any amount as contribution to political parties.

The Minister said the ceiling of Rs. 25,000 or five per cent of the net profit of a company which could be contributed by the Board of Directors would apply to the general body of shareholders also.

Bigger Plan Outlay For Mysore Claimed

—SAYS JATTI

Bangalore, Dec. 1

Chief Minister Jatti informed the Legislative Assembly yesterday that the State Government was pressing the Planning Commission to sanction a bigger outlay for the Third Plan.

He stated that the original plan outlay contemplated a taxation revenue of Rs. 34 lakhs during the plan-period and if they had to increase the size, they would have to find tax revenue to the tune of Rs. 42 crores.

Sri Jatti said that no final decision on the size of the Plan had been taken. He also assured the House that the Government was keen on taking up all the important schemes during the Third Plan.

He said it was calculated now that by the end of the Second Plan period, they would be able to reach a financial target of Rs. 134 crores. With the population fixed at 22.8 millions, they had arrived at a per capita income of Rs. 62.6 and expenditure of Rs. 58.9.

Spiral In Food Prices

REDS BLAME GOVERNMENT

Mysore, Dec. 1

The Mysore District Conference of the Communist Party of India was held here on Nov. 26 and 27 under the presidentship of Sri Somasundara Sharma

The Conference, by a resolution condemned the policy of indifference persued by the Central and State Governments with regard to the raising spiral of prices of foodgrains and other necessities of life.

It also criticised the delay-tactics of the Congress Government in Mysore in enacting the Land Reforms and the anti working class attitude of the Congress administration in the city and the Town Municpalities of the District towards their employees.

The conference urged the Government to conduct a survey in Mysore District for the possibility of establishing major and minor industries.

It elected Messrs. Somasundara Sharma and M.N. Ugrappa as delegates to the Karnataka Provincial Conference.

Geeta Gnana Yagna

Mysore, Dec. 3

The Geeta Gnana Yagna conducted here by Swami Chinmayanandaji concluded yesterday at the Exhibition buildings.

Chief Minister Jatti who presided over the concluding function said "implicit in the assurance of moksha is the condition that what you have understood must be lived. Mere understanding might add to your intellectual equipment but it will not bring you even one inch nearer to salvation, unless what you have learnt at this Yagnashala becomes part of the very texture of your life. The Geeta Gnana Yagna will have failed in its purpose if you lapse into your old ways."

It is he said, to set us all on the road to right living that Swami Chinmayanandaji has been slogging round the clock and it will give him very great pain if his Yagnas are regarded merely as a kind of diversion or entertainment.

Sri Jatti suggested that it would be a good thing that if friends join together every evening in groups and go through a programme of bhajans, Geeta recitals, discussion and meditation.

LAND REFORMS IN MYSORE

REDS BLAME GOVERNMENT FOR DELAY

Mysore, Dec. 5

The Karnatak Provincial Council of the Communist Party of India, which concluded its four-day conference here yesterday, deplored the frequent changes in the Mysore Ministry and pointed out that inspite of the fact that the Congress was in power for a long time, the progress of the State was hampered because of its policies and in trying to retain its position.

The Conference also condemned the inordinate delay in bringing land reforms in Mysore and urged upon the Government to convene a special session of Legislature immediately to pass the Land Reforms Bill.

In another resolution, the conference expressed concern over the reported slashing of the size of the Third Plan in the State. It also opposed any additional burden on the people for implementing the Third Plan and suggested utilisation of natural resources in full and levying agricultural income–tax on higher income groups and nationalisation of manganese and iron mines. It urged for development of Mangalore port and laying Hassan–Mangalore railway line.

The conference expressed its deep anxiety over the unsatisfactory arrangement at present existing between Mysore and neighbouring States for sharing of waters of Krishna and Cauver and urged upon the Mysore Government to secure a revision of 1951 award in respect of sharing of waters of these rivers.

The Council elected Sri N. L. Upadhaya as the Secretary of the Provincial Council.

It elected Messrs. N. L. Upadhya, Y. R. Satyanarayan, B. N. Kuttappa, N. K. Upadhyaya and M H. Krishnappa as delegates and Messrs. S. Suryanarayana Rao and Churi Das as alternative delegates to the fothcoming Congress of the Communist Party of India to be held at Vija wada.

Sri S. V. Ghate, member of the Communist Party of India addressed the delegates and hoped that the party in Karnataka would grow and play its rightful role.

INDIAN AREAS AS CHINESE

The Lok Sabha was told yesterday by the Prime Minister that the Government of India had drawn the attention of the Soviet Government about Russian maps showing certain Indian territories as Chinese and their reply had aiways been that they would look into the matter. He added that "we cannot go on bringing pressure on a foreign Government".

MYSORE CONGRESS TANGLE
SETTLEMENT IN SIGHT

Bangalore, Dec. 6

A settlement to end the rift in the Mysore Legislature Party appears to be in sight.

A compromise formula suggested by the Congress President Sanjiva Reddy is that Sri Jatti should resign his Chief Ministership while retaining the leadership of the Party and form a broad-based Ministry in consultation with the MPCC chief.

Sri Nijalingappa who returned from Delhi yesterday told pressmen that he stuck to the resolution of the MPCC executive in demanding the resignation of the Chief Ministeror asking him to seek a vote of confidence, but agreed to consider a suggestion made during the talks with Sri Sanjiva Reddy that the Chief Minister should resign, retaining party leadership and reconstituting his Ministry in consultation with the High Command and prominent leaders in the State.

Chief Minister Jatti, on the other hand said that no proposals were put before him. The Congress President sought clarification from him on various points. He had maintained his earlier stand against any reshuffle or dropping of any of his present colleagues in the Ministry.

He said "I have given my views. Nothing is finalised. The Congress President told me that he would inform the decision of the Parliamentary Board within a week or so". Sri Jatti added that he would accept the decision of the Board.

Transfer Of Berubari

PACT TO BE HONOURED, SAYS NEHRU

Prime Minister Nehru yesterday appealed in the Lok Sabha for implementation of the border agreement with Pakistan, including the transfer of half of the Berubari Union and said that the words and agreement of the Government had a sacredness about it.

He said he did not want anyone to say 'that India did not stand by her pledges or undertakings. He asserted that the Central Government had acted strictly in accordance with the advice given by the Supreme Court with regard Berubari.

The Prime Minister made it clear that the decision over Berubari had been taken with the tacit consent. if not approval, of the West Bengal officials.

He said the Bill had been framed in accordance with the opinion of the Supreme Court and that it could not, therefore, be regarded as invalid and unconstitutional as was made out by the West Bengal Assembly.

FANTASTIC CONDITION IN CONGO

PALAI BANK TO BE WOUND UP

The Kerala High Court yesterday ordered the winding up of the Palai Central Bank as sought by the Reserve Bank of India.

Mr. Justice P. T. Raman Nair said the state of affairs of the Palai Bank which could be seen from the several documents placed at the court, was such that a run on the bank, if continued, would make it impossible for the bank to pay all its depositors from its readily realisable assets. This had resulted in a position where the bank's total realisable assets were insufficient to meet the creditors. The depositors who had not been able to effect withdrawal would really be prejudiced

Berubari Transfer

FOR WHAT PRICE, ASKS C.R.

Sri C. Rajagopalachari commenting on the Prime Minister's statement on Berubari said "the veriest tyro in public life can see that by the Berubari affair people's feelings have worsened and will worsen still more when the uprooting of men and women will begin. Has the Prime Minister's prestige been really saved. He wins against his own people and Parliament, but has lost to General Ayub. Prestige does not come that way. And has the cause of good feeling between Pakistan and India profited. The seat of good feeling is in the mind of people of the two countries."

He said Sri Nehru believes that his prestige has been saved. It has not been saved. The gain is illusory, in an equal measure, the meaning of Government by the people for the people has lost.

LUMUMBA HANDS TIED

The deposed Premier of the Congo, Mr. Lumumba was being held seriously injured in the Thysvile military camp, in inhuman conditions, according to a U. N. report.

NO INCREASE IN BANK RATE

Sri Morarji Desai, Union Finance Minister told the Consultative Committee of Parliament on Finance that the recent measures taken by the Reserve Bank to make credit costlier, like the amalgamation of banks, the deposit insurance scheme, were not meant to retard production but to prevent hoarding and arrest rising prices.

He also indicated that there would be no increase in the bank rate.

Sri Desai promised to consider a suggestion that a bonus should be given to those who did not encash their small saving certificates for the entire period of 12 years.

DANGEROUS SITUATION IN CONGO

Prime Minister Nehru yesterday described the present situation in the Congo as very serious, very dangerous and an extraordinarily complex one.

He told the Lok Sabha that the big question now was whether or not the U. N. were to carry on its undertaking in the Congo. On the one hand, if it withdrew from the Congo, it would lead to absolute chaos and a civil war of the worst tribal type and even probably an intervention by foreign powers. On the other hand, the U. N. could hardly function if it could not function effectively. That was the dilemma there, he said.

TUNGABHADRA CANAL

Nearly 1,20,000 acres of land have been brought under cultivation upto Nov. 15, under the Tungabhadra Left Bank Canal area

The project has a total localised ayacut of 5,80,000 acres of land under the 127-mile long main canal, which is to irrigate mostly the black-cotton soil in six out of nine taluks of the Raichur district.

On the construction side, water is now let out for irrigation upto the 65th mile of the distributory canal. It has been programmed to let out water upto 88th mile by June next.

PANCHAYAT RAJ FASCINATING, SAYS NEHRU

Prime Minister Nehru stated yesterday that Panchayat was the most revolutionary thing happening in India because behind it were hidden all the forces which when released would change the structure of the country.

Addressing the meeting of the State Ministers of Community Development, he stressed the importance of Panchayat Raj system as it would ultimately change the texture of India. The system in practice was fascinating in the way it brought about basic changes in both the villagers as well as officials.

Sri Nehru said that the developments that were taking place in the country, the question of quality of human beings were more important than mere machinery or finance.

NOT OCCUPYING LONGJU

Prime Minister Nehru told the Lok Sabha yesterday that the Chinese had abandoned Longju and had withdrawn about three miles to the north. The withdrawal was one of "convenience" as there was outbreak of epidemic in the area.

He added that considering that the Chinese had vacated because of an epidemic, it was not a very attractive proposition to reoccupy the post.

TOTAL ANARCHY IN CONGO

India's Defence Minister Krishna Menon yesterday strongly condemned the treatment meted out to Indian diplomats by Col. Mobutu's soldiers in the Congo.

Speaking in the Security Council, he said that Indian diplomatic officials had not been treated in the way they were entitled to be treated. There had been intrusion into their property. Indian officers had been knocked down, sat upon and beaten. There had been "plain highway robbery and insults."

Sri Menon said indignities had been heaped on the Indians as if they were occupiers of the Congo. They were now coming to a stage of total anarchy in the Congo, he added.

BOY KILLED IN TEAR-GAS SHELL

RIOTOUS MOB ATTACK POLICE STATION

SEQUEL TO DEATH OF GAMBLER

Bangalore, Dec. 12

A ten-year old boy, Govinda was killed and three constables injured, when a mob clashed with the police in Cottonpet here,last evening.

It is reported that the rumour of the death of Babu, a gambler, who was rounded up by the police, spread like wild fire, touching off clashes between the police and the angry mob in the heart of the city.

The police said that gambler Baba developed giddiness in the police station and was rushed to the hospital but died on the way. But the crowd refused to accept the version, apparently believing the rumours that Baba was beaten to death by police.

The angry mob, collected near the Victoria Hospital and moved towards the Kengerigate police station, started pelting stones, smashed window panes and furniture.

The Armed Reserve Police was then called and they resorted to tear–gas shelling. Govinda, the ten-year-old boy was hit by a shell and died.

News of the death of the boy spread swiftly in different parts of the city when mobs collected and pelted stones at the street lamps and transport buses. Police had to tear gas several times in different parts of the city to dispserse the crowds.

The situation was brought under control at 10 p m

The District Magistrate has promulgated a prohibitory order for a week banning processions and demonstrations in the city.

POST-GRADUATE COURSE IN PRIVATE COLLEGES

HEATED DISCUSSION AT ACADEMIC COUNCIL

Mysore, Dec. 16

The Academic Council of the Mysore University which met here yesterday turned down the suggestion of granting permission to bonafide teachers to appear for examinations of this university without the production of attendance certificate.

The Council decided to permit diploma holders to take the four-year B. E. degree examination.

It granted affiliations to the College of Arts and Commerce, Maleswaram Bangalore and SMSP Sanskrit College, Udipi for Pre-university, B. A. and B Com and Pre-university in Arts and Commerce respectively.

The Council decided to recognise the degree conferred by the Indian Institute of Science, Bangalore.

The Council deliberated for considerable time on the question whether the University should grant permission to affiliated colleges to start post-graduate courses.

This question arose out of a request made by Mangalore St. Aloysius College for starting M. A. Classes, and the Inspection Committee referring the matter to the Academic Council as it was a matter of policy decision.

Although the subject was talked-over, the consensus of opinion was that there should not be any bar for private colleges to open post-graduate course provided they had the necessary resources.

Messrs. T. N. Srikantiah, L Srikantiah, Nagappa, C.D. Narasimiah and Kuppaswamy stated that it was too premature and inadvisable to allow private colleges to start post-graduate courses with their meagre resources.

Messrs. J. B. Mallarahdya, B. V. Banumiah, Ramesh, S. L. N. Simha and others strongly pleaded that there should not be any barrier on private colleges to start such courses. It should not be the monopoly of the University to have post-graduate courses and it was incongrous at this are not to encourage private sector. In their opinion, the University should allow such of the private colleges which had resources to start such courses. But at the same time, the University should lay down stringent standards and enforce them.

PRASAD SEES ELEPHANT-CATCHING OPERATIONS

Mysore, Dec. 19

President Rajendra Prasad today witnessed the thrilling and spectacular Khedda operations at Kakankote forest, 50 miles from here.

Accompanied by Governor Jayachamaraja Wadiyar, Dr. Prasad motored to Kakankote and nearly spent three hours in seeing the world-famous elephant-catching operations.

The Mysore Khedda is famous for its grandeur and provides an excellent opportunity for spectators to thrill to the stampede of the wild elephants through the river from a close distance.

This is the last Khedda operation since the whole area will be submerged in the Kabini Reservoir Project.

The special feature of this Khedda is the proposal to release the beasts made captive in the 'Land Drive Khedda' today after the River Drive for the benefit of visitors who may have missed the spectacle of the river drive

The Khedda site covers an area of about 10 acres with enough water resources. It is encircled by a trench, dug on the bank of the Kabini river, with massive wooden gates and trapdoor arrangements at the entrance.

Hundreds of forest dwellers recruited for the occasion watch the elephant herds grazing in the neighbourhood, ranging from 8 to 10 miles of the operation area. Gradually the wild elephants are forced into the prescribed area by closing the 'surround' lines.

Finally on the "Drive Day", parties of men advance from the base line gradually in the direction of the Khedda site closing up on the herds of wild elephants. The elephants, scared by the din created by the driving parties from all directions move in stampede along the route intended by their captors. The elpehants are then driven through the river into the stockade.

When the wild beasts are firmly secured within the enclosure mohouts who are experts in rope operations, mount trained elephants and gently force the wild elephants to move from the bigger to the smaller stockades, one after another and there they are roped

PRESIDENT WITNESSES KHEDDA OPERATIONS
31 WILD ELEPHANTS CAPTURED

Mysore, Dec. 20

Union President Rajendra Prasad, yesterday witnessed the thrilling and spectacular scene of capturing wild elephants in the world famous Mysore Kedda operations at Kakankote, 44 miles from here. 31 elephents were captured in yesterday's operations.

At about 2 p.m. the President accompanied by the Governor Jayachamaraja Wadiyar and other distinguished guests witnessed the driving of the wild elephants in the river Kabini. Earlier the herds were kept within bounds and surrounded by trained men. By raising clouds of smoke and creating a noice by bamboo clappers and by drum beating and bunk gunshots the elephants were compelled to plung into the river and driven up against the current of the river to the trap.

The elephants roared as they wallowed down the river and made last minute desperate attempts to run away. A few of them even tried to force their way out of the barricaded portion. But the forest officers fired bullets and made them to enter the gateway to the barricade.

As soon as the herd entered the stockade, the massive wooden gates were closed and alround the area fire was lit so that elephants might not come out of the area.

Later one of the elephants was roped with the help of tamed elephants. The President and the party witnessed these operations also.

Among the distinguished guests were the Congress President N.Sanjiva Reddy, Madras Chief Minister Kamaraj and Ministers Subramaniam and Bhaktavatsalam, Mr. and Mrs Ellsworth Bunker, U. S. Ambassador in India and Raja Bajraj Bahadur Singh, Lt. Governor of Himachal Pradesh.

On the way to Kakankote, the President also participated in the opening of a circle named after him.

Speaking to pressmen, the President said that he had never seen before the capturing of wild elephants. 'It is a facinating sight. It is delightful. I have seen lions in the forests. While I was young I had seen hundreds of tamed elephants at a fair at Sonepur in Bihar. But capturing of wild elephants here is wonderful'.

Another herd of 38 wild elephants which has been surrounded and kept in bounds was driven in the river and captured today.

Reservoirs Construction In Coorg
MEMORANDA TO PRESIDENT PRASAD

Mysore, Dec. 21

President Rajendra Prasad yesterday heard two diametrically opposite views on the execution of irrigation projects in Coorg by the StateGovernment, when two delegations met him at Mercara.

The Coorg Protection Committee in its memorandum appealed to the Mysore Government, the Government of India and the Planning Commission to abandon the "extravagant storage dams". It pointed out that the proposed reservoirs across the Cauvery, the Harangi and the Lakshmanathirtha in Coorg and the Hemavathi in Coorg border would submerge nearly 12,000 acres of fertile lands, including plantations.

Another delegation favoured the construction of the reservoirs as they would provide irrigation to over a lakh acres in the arid areas of Coorg, Mysore, Hassan and Mandya districts and 10,000 acres in Coorg District.

FUTURE OF COORGIES
PRASAD ALLAYS ANY APPREHENSION

Mysore, Dec. 21

President Rajendra Prasad told the people of Coorg yesterday that they need not have any fear or apprehension that they would be "merged or submerged".

Replying to the civic address presented by the Mercara Municipal Council at the Parade Grounds, the President said that for administrative convenience Coorg was integrated in Mysore and hence each had to contribute for the happiness of both.

Dr. Prasad said that Coorg was a beautiful and charming place. Although small, Coorg had a rich tradition and the people were a war-like people who had defended the country when there was an occasion. He made it clear that their future as assured as that of India.

He reminded the people that the greatest heritage they were passing to the younger generation was the unity and integrity of the country. He exhorted the people to maintain the freedom of the country. It was expected of the sons and daughters of the country to contribute towards the maintenance of freedom and against foreign aggression.

Dr. Prasad said that India had different climatic regions, religions, social customs and modes of living. But beneath all these diversities, there was a binding chain in the whole history of the country. which constituted a remarkable phenomenon. Many political revolutions had occurred in different parts of the countary and yet there was social and cultural unity running through And now they had political unity as well.

Entry Into Professional Colleges

NO INFERIOR MATERIALS, SAYS DESHMUKH

Sri C. D. Deshmukh Chairman the University Grants Commission stated yesterday at Hyderabad that the Governments and Universities should review very carefully their policies in regard to admission of inferior material into professional colleges.

He said that no responsible academic authority would justify any practice in favour of admitting to professional and technological colleges, in consideration of their community, students who had not secured at least 45 per cent in the appropriate qualifying examinations.

"To lower the percentage of minimum qualification required for admission is to indulge in a criminal waste of national resources which will defeat its own purpose, namely, of improving the educational status of the backward communities". he added.

Mysore Congress Rift Persists

SAYS NIJALINGAPPA

Bangalore, Dec. 22

The Mysore Pradesh Congress President, Sri S. Nijalingappa stated yesterday that the rift in the Mysore Congress Legislature Party still persisted. He said the situation was now more complex than it was before and it was very difficult for him to forecast the future.

He was talking to Pressmen after the recent decision of the Parliamentary Board, giving freedom to Chief Minister Jatti to expand his Cabinet. He said that his opinion had not changed now and he was a party to the resolution of the MPCC asking the Chief Minister to resign or seek a vote of confidence

He also made it clear that he was not aware of any decision taken by the Parliamentary Board some time ago, because it was mentioned that the Board had reiterated its original decision that the Chief Minister would be given freedom to expand.

The decision of the Parliamentary Board had "pained and surprised me", he added.

National Cohesion & Vigilance

NEHRU'S CALL

Prime Minister Nehru yesterday called for national cohesion, vigilance and determination in facing the challenge posed by China.

He stated in the Rajya Sabha that very little common ground had been disclosed at Sino-Indian official level talks on the border question.

Stressing the long range and serious aspects of the situation and the straight fact of continued Chinese occupation of large chunks of Indian territory, the Prime Minister charged the Indian Communist Party and its leaders with deliberately trying to mislead and confuse the Indian people about the events on the northern border.

AGRO-INDUSTRIAL INTEGRATION

The Union Industry and Commerce Minister, Sri Lal Bhadur Shastri stated at Madras that only through some kind of agro-industrial integration could the unemployment problem be solved in the country.

He said that while industries and projects were being taken up in different parts of the country no one could claim that these industries alone could meet the employment needs of people. Hundreds and thousands of people in the rural areas were still unemployed and had to be found work.

Emphasising the need for industrialising the rural areas, the Minister said whenever power was available, big, medium and small industries would be set up and where power was not available, his Ministry would help as much as possible in setting up village and cottage industries.

WORK FOR KANNADA NADU

A.N. KRISHNA RAO'S CALL TO MYSORE PEOPLE

AT KANNADA SAHITYA SAMMELAN

(From Our Spl Correspondent)

Manipal (Udipi), Dec. 27

The 42nd session of the Kannada SahityaSammelan commenced here today under the presidentship of Sri A. N. Krishna Rao.

Yesterday morning, the President-elect was taken in a colourful procession to the conference place. He was also presented with an address by the Udipi Municipal Council.

Sri Madhava Pai, Chairman of the Reception Committee welcomed the delegates.

Sri Krishna Rao in his presidential address called upon the writers to enrich Kannada literature and to strive for the uplift of Kannadigas.

Sri Rao strongly deprecated the practice of Kannada Sahitya Parishat inviting Ministers and other politicians and presenting them with address and praising them and said that the Parishat was the place only for literary people.

He also wanted that affective steps should be taken to combat against communalism which was slowly enterning into literary world.

Sri Krishna Rao said that although people of Karnataka fought and earned "Vishala Karnataka" he questioned why those politicians who fought for this was shy of calling Mysore as Karnataka.

Referring to the plea for a common script for Kannada and Telugu, the President was doubtful whether it was feasible as the proposed common script by Sri Subbaramappa consisted of 95 per cent Telugu and 5 per cent Kannada. However he wanted that there should be a common script for India and the world and they could accept Devanagiri for India and Roman for the world

He regretted that sufficient encouragement was not given to Kannada film production and he wanted that more Kannada films should be produced and it should be insisted that atleast three Kannada pictures should be screened per year in every theatre of Karnataka

SriKrishnaRao also made a strong plea for the encouragement of artists and writers as their present position was most disheartening.

Sri Rao made a clarion call to the people and the Government to see that there was no fissaparous tendencies and work for the "Kannada Nadu" and also take immediate steps for getting back all those Kannada places which were now outside the Mysore State.

Scouting Promotes World Brotherhood

SAYS MYSORE GOVERNOR AT JAMBOREE

Bangalore, Dec. 28

Governor Jayachamaraja Wadiyar told 13000 scouts andguides assembled here for the Jamboree that scouting had remained one of the most popular and fruitful movements to promote the spirit of brotherhood and instil in young people the lofty ideals of service, character and conduct.

The thrid All-India Scout and Guid Jamboree commenced here yesterday at Bapujinagar.

Gen. Cariyappa chairman of the Reception Committee welcoming described the scouts and guides as young ambassadors of international goodwill and understanding.

Inaugurating the Jamboree, the Governor said that the great power which science and technology had made available to man should be exercised in a manner which was ethical and friendly as well as efficient and advantageous. Such a frame of mind could be cultivated only by conscious planning and broad-based efforts to instil proper principles among the future citizens of the world. That was what scout movement intended to promote.

Paying a tribute to the founder of the movement, the late Lord Baden Powell, he said scouting was essentially a youth movement and, therefore, of special significance for all those who were interested in the future of the world as well as in the present.

HIGH PRIORITY FOR HOUSING

--K. C. REDDY'S PLEA

The Union Housing Minister K. C. Reddy stated yesterday at Udaipur that the income-tax and municipal law should be so amended as not to hinder the employers constructing houses for workers in the low–income group.

Addressing the fifth Conference of Housing Ministers, he regretted that co-operative enterprise in the field on housing was not inspiring. He hoped that a suitable organisation would be set up at the State–level to help the housing co–operatives to tackle the formidable array of technical, financial and legal hurdles.

Sri Reddy said that the urgency and magnitude of the housing problem had not been fully realised and he was sure that a higher priority would be accorded to housing in the development plans in future.

He said that the total estimate in the Second Plan for various housing schemes was Rs 95 crores and he urged State Governments to fully absorb in their plans all allocations recommended by the Planning Commission.

In order to encourage low–income housing, he suggested measures such as treating money expended on construction of houses should be taken as business asset. Other concessions should also be made to help the employers invest in the housing activity. The concession should also be made available to non–profit and charitable associations so that they could also come forward in helping low-income house construction.

TAXATION TARGET NOT FEASIBLE

Merchants' View On Third Plan

India would have to bear an additional taxation of Rs. 500 crores per annum at the end of the Third Plan if all the taxation that is mentioned in the draft outline of the Third Plan is levied, according to the Indian Merchants' Chamber.

The Chamber in a memorandum to the Planning Commission said the additional taxation target of Rs. 1,650 crores over the five-year period was "not at all feasible and would be a heavy burden on the economy and a sacrifice on the community which it could not bear".

It expressed the view that with an investment target at Rs. 10,200 crores it would be difficult to adhere to the limit of Rs. 500 crores under deficit financing, and Government would "inevitably have to resort to this alluring method of raising resources if the receipts under other heads do not materialise as anticipated and as in all probability they may not".

DAG TO MEET NEHRU

Centre To Take Over KGF Mines

The Government of India will take over with effect from April 1, the Kolar Gold Miles, now under the control of the Mysore Government.

This decision has been taken by the Centre in response to a request made by the State Government, which nationalised the mines a few years ago but came up against difficulties in working them.

BETTER SOVIET U.S. TIES

The Soviet Premier Khrushchev stated on the New Year Day that Russia would not bring the question of the American U-2 aircraft incident before the United Nations General Assembly, so that "our bad relations with the United States would pass into past history with the departure of the current U. S. President".

He hoped that a "fresh wind will begin to blow with the coming of new President Kennedy, that the unhealthy atmosphere in relations with the Soviet Union and the U. S. will begin to be cleared".

TOURIST TAX FOR MYSORE CITY

LOK SABHA SPEAKER'S SUGGESTION

Mysore, Jan. 2

Sri M. Ananthasayanam Ayyangar, Speaker of the Lok Sabha suggested here yesterday the levy of Tourist Tax like pilgrims tax to improve the finances of the Mysore City Municipality.

He was replying to a civic address presented to him and to the other presiding officers of the legislative bodies at the Rangacharlu Memorial Hall

Sri Ayyangar described Mysore City as "a little heaven on earth" and said that the city was so attractive that it required no inducement for anyone to visit Mysore.

The Speaker deprecated local bodies elections being fought on party lines and said that there should not be any party or factions and difference of opinion as far as providing civic amenities like water, electricity. Parliamentary democracy did not mean that they should quarrel over every issue nor did it mean that every issue should be decided by votes

He stressed the need for making compulsory the basic training in local bodies for those who stood for elections to legislatures and Parliament

He also stressed the importance of having more lady members in local bodies and he wanted that whenever there was a male chairman, there should be a woman vice-chairman.

Referring to the requests made in the address. Sri Ayyangar said that the demands were legitimate. "But what can a Lok Sabha Speaker like me do after all. At the most, I can allow more time if any Mysore member raised this question in the Lok Sabha".

Earlier. Sri Kempegowda, President, presenting the address urged for putting up heavy industries in Mysore city, converting the metre guage into broad guage of Mysore-Bangalore railway section, construction of Chamarajanagar-Satyamangalam railway line and air-linking Mysore City with other important cities in India.

GOOD YEAR IN INDUSTRY

CONCENTRATE ON RESEARCH STUDY

MINISTER'S APPEAL TO UNIVERSITIES

Mysore, Jan. 3

Sri Annarao Ganamukhi, Education Minister yesterday appealed to the Universities in India to concentrate mainly on research work, leaving the post-graduate courses now run by most of the Universities to the private colleges.

He was laying the foundation stone of the Chemistry Block for the post-graduate and research department of the Mysore University, at Manasa Gangothri.

Prof N. A. Nikam, Vice-Chancellor welcoming the gathering stated that allmost all the post-graduate courses had been shifted to the new varsity campus. They were also considering to introduce the study of nuclear physics and also a full-fledged library.

The Minister emphasising the importance of scientific development said that India not only had to catch up with rapid strides made by other countries but had to surpass them atleast in some fields The responsibility of universities need not be overemphasised.

Sri Annarao said professors and lecturers could not remain content with their routine work and their quality of service could be measured only in terms of their research work He, therefore. suggested to the university authorities to assess the professors work in future not in terms of services they had put in but on their contributions to the advancement of science.

INCREASING COAL OUTPUT

The World Bank is expected to assist the coal development programme in India during the Third Plan.

The Bank's help, which may be available for the private sector, will enable the latter to step up output by 16 million tons during the next plan.

Mysore Cabinet Expansion

Bangalore, Jan. 3

Chief Minister Jatti disclosed here yesterday that he was considering expansion of his Cabinet. He added that he had not thought of the size of his expanded cabinet and it would be decided after a meeting with the Congress President at Sardarnagar.

As regards the choice of new Ministers, Sri Jatti said he had a free hand. He would take a decision in the matter after fixing the size of the cabinet and considering "who is suitable and who will bring more harmony".

Big Writers in India !

Prime Minister Nehru asked what makes a so-called "big writers" in India today and answered it himself at Bombay, while inaugurating the Tagore Centenary celebrations.

"Today", he said, "a writer thinks that, if he is to be a big writer, he has to be using big language, big sentences and big phrases and everything big, which deadens the language and takes away beauty from it"

He said such "big writers" produced works which only they and their intimates could understand. "That is the fate of some of our languages, especially Hindi", he added.

PRIORITY FOR CHILD CARE

President Rajendra Prasad yesterday stressed the need for giving priority to child care.

Inaugurating the All Asian Congress of Pediatrics at Delhi, he said it was not merely self-interest of narrow type that provided the incentive for mututal discussions and exchange of data about the incidence of disease which respected none and reckoned no national boundaries. "We have happilly reached a stage in which insularity of nations has become as outmoded as it is unfeasible".

Underlining the importance of health services in reconstruction plans the President said India being a vast country with a large population, "our efforts in this direction have yet much to cover and achieve, but we hope to go ahead undeterred by our limited resources. The one sphere where we have to make up particularly a big leeway is the care of children and treatment of their diseases".

Sri Jogi Siddiah, newly elected Vice-President of the Mysore City Municipality

5 Zones To Replace 15 States

A non-official resolution seeking to divide India into five administrative zones in place of 15 existing States has been tabled by Sri Yashpal of Punjab, for the consideration of the Indian National Congress session.

The resoulution says that the division of the country into administrative units would eliminate regionalism, linguism and casteism.

The Congress Working Committee will consider the resolution tomorrow.

Land Reforms In Mysore

Mysore Revenue Minister Kadidal Manjappa stated at Kadur that land reforms would come into force in the State before the next General Elections.

CO-OPS. IN TRADES

The transfer of responsibility to the panchayats in as large a measure as possible and the need for the growth of co-operative organisations in trades besides agriculture and industry, have been urged in the revised draft resolutions released yesterday by the Congress Working Committee at Sardarnagar.

The draft resolution on National Integration draws attention to disintegrating forces in the country and asks Congressmen to realise that the "battle against communalism, provincialism, linguism and casteism is a continuing process which can never be relaxed without peril to the nation".

RURAL INSURANCE

The Union Government is considering a rural insurance scheme to be implemented through village panchayats. It is felt that panchayats as popular institutions can mobilise public opinion in favour of life insurance, when especially they are being strengthened under the Panchayat Raj scheme.

NGOs PAY SCALES

Bangalore, Jan. 4

Sri M. Ananthasayanam Ayyangar, Speaker of the Lok Sabha stated here yesterday that he agreed with the demand of the State NGOs that the disparity between their scales of pay and those of the NGOs of the Centre should be removed.

He suggested that the States should readjust their finances so that they might be able to bridge at least 25 per cent of the disparity and request the Centre to provide subsidies to meet the remaining 75 per cent.

CO-OP. FARMING: CONGRESS SLOGAN

Co-operative farming will be one of the main election issues of the Congress Party, according to the decision taken by the Working Committee at Sardarnagar yesterday.

The manifesto will reiterate the Nagpur decision on co-operative farming and setting up of service co-operatives as an incentive to joint farming.

BASIC SCHOOLS

The Government had decided to orientate the existing and all the new elementary schools throughout the country to the basic pattern by the end of the Third Plan, stated Sri Shriman Narayan, member of the Planning Commission, yesterday at Delhi.

NEW RLY. LINES FOR SOUTH

The Union Deputy Railway Minister, Sri S V. Ramaswamy assured yesterday that South India would have a few new lines in the future.

Replying to a memorandum presented by the Shimoga Municipal Council, he said amenities for passengers would be increased in the Third Plan period.

He disclosed that they are trying to explore the possibility of the Mysore Iron and Steel Works at Bhadravati using lignite from Neyveli instead of coal from Bihar, as the Iron Works was manufacturing cast iron sleepers for railways.

BAMBOO INDUSTRY

The Mysore State Khadi and Village Industries Board has approved a scheme for encouraging bamboo industry in the State and sanctioned Rs. 20,000 for the same.

SEVA DAL ROLE

Prime Minister Nehru stated yesterday at Sardarnagar that while the Congress Seva Dal should continue to play an important role as in the past, the pattern of its future activities had to be considered.

He said there was lack of discipline in the country and an organisation like the Seva Dal which taught discipline could play a bigger role in inculcating discipline into the minds of the people and in promoting the Five-Year Plans, Community Development and Panchayat Raj.

INDIA-SPIRITUAL LEADER OF WORLD

The fomous Japanese Buddhist philosopher, Dr. D. T. Suzuki, now on a four-week visit to India, stated at Delhi yesterday that "India is bound to be spiritual leader of the world"

He said that there was no country in the world like India, which had produced so many spiritual leaders and therefore, "India alone could take the spiritual leadership of the world"

JAN SANGH TO CONTEST

The General Secretary of the All-India Jan Sangh, Sri Dindayal Upadhya stated yesterday that the Jan Sangh had decided to contest over 1,000 State Assembly seats and 200 Parliament seats in the next general elections.

POLICE FIRING ON TRIBALS

The Manipur police opened fire twice to disperse a violent crowd of tribal people near Imphal, injuring six people, one of whom died later in a hospital.

The police opened fire after the tribals had surrounded and attacked the police station and fired gun shots, injuring a constable.

BIFURCATE HIGHER EDUCATION

Dr. C. D. Deshmukh, Chairman of the University Commission yesterday urged that the time had come to bifurcate the stream of higher education in a deliberate way.

He said they should build up a very sound University education system involving residence, at the college or University for a large number of students. Those would be the people who would do the honours course and wonld feed the post-graduate courses and that should be one stream, which had to be properly organised and fully supported with all the resources at their command. For this stream, they should choose young people who had the talent for it.

LACK OF UNITY IN CONGRESSMEN

The Congress General Secretaries in their report to the 66th session at Sardarnagar have expressed serious concern at the "lack of unity among Congressmen in some States".

The report warned the Congressmen against the "unhappy development of formation of rigid groups" centering round personalities with the aim of capturing power by "group pressures".

SCIENCE FOR MANKIND BLESSINGS

President Rajendra Prasad yesterday hoped that science would continue to serve mankind by removing the cobwebs of ignorance and misery from the world and its inventions would ever remain a blessing for all living beings.

Inaugurating the 48th session of the Indian Science Congress at Roorkee, the President said that the world looked to science for the conquest of want and eradication of human sufferings. He warned the power that man had acquired through scientific discoveries for harnessing the forces of nature was no stupendous that its wrong use could make a short shrift of the whole race of inventions.

ADMINISTRATORS' APATHY

Sri C. D. Deshmukh stated yesterday at Trivandrum that the chief defect with implementation of our plans is that we have exaggerated our own power of administration.

He said that unfortunately people with no maturity of outlook had come to occupy positions of powers in many places. Besides, the quality of the administrative personnel was not of a high order.

"We have a set of indifferent people in power directing an indifferent bureaucracy, which is like the blind leading the blind", he added.

MORE MONEY FOR POWER

The Planning Commission has decided to enhance the original provision of Rs. 925 crores by another Rs 94 crores for power programme in the Third Plan, as the power being the key to economic development of both urban and rural areas.

Nuclear Power Station

A 1,50,000-kilowatt nuclear power station is proposed to be set up in the Delhi-Punjab region during the Third Plan to relieve the acute power shortage.

CARE BEFORE STRIKE

Prime Minister Nehru told the workers at Bhavnagar yesterday that they and the trade union organisations should exercise the greatest care before using the weapon of strike in the present phase of the country's development.

FORMATION OF LINGUISTIC STATES

LOGICAL AND PROPER,

—SAYS KALESWARA RAO

Mysore, Jan. 5

Sri A. Kaleswara Rao, Speaker of the Andhra Pradesh Assembly maintained here yesterday that the reorganisation of India on linguistic basis was the only proper and logical method and was the firm foundation for democracy.

Speaking at the Journalists Association, the 80-year-old Congress veteran called upon the people that instead of criticising the linguistic principle, they should all strive for unity through diversity and help in the creation of congenial atmosphere for brotherly relations among the people.

Sri Rao said that as early as 1912 the Viceroy Lord Curzon had recognised the importance of dividing India on linguistic basis holding that the then existing States were unnatural, formed on political exigencies.

The Speaker declared that for an undeveloped country like India socialism was only the remedy. There were only two patterns of socialism, Gandhism and Communism and there was no middle path. He warned that India should not hob nob with China, as her intention was to create third war and thus make India and other Asian countries communists.

Sri Rao said that he was using his Speakership for the introduction of Telugu as the medium of administration in the State and also for protection of the territorial, Linguistic and political rights of other minorities.

Earlier, Sri Agaram Rangiah. President welcomed the chief Guest.

Sri N. N. Sastry, Secretary proposed vote of thanks.

Guided Democracy In Nepal

Nepal King Mahendra's policy statement announced yesterday was, in effect, a shifting of ideas towards the guided democracy pattern in force in Pakistan.

There is no mention of restoration of fundamental rights to the people.

The ban on political parties, imposed on Dec. 15 continues. In addition, organisations affiliated to the political parties are banned. So practically Nepal will be ruled by Ranas.

Democracy Has Limits

Prime Minister Nehru stated yesterday at Sardarnagar that Democracy could not be equated with merely counting of heads like counting sheep. "Democracy is good. I say this because other systems are worse. So we are forced to accept democracy. It has good points and also bad. But merely saying that democracy will solve all problems is utterly wrong. Problems are solved by intelligence and hard work".

WORLD FILM FESTIVAL

An international film festival will be held in India in October-November this year. The festival will be first held in Delhi and then it will move on to Calcutta, Bombay and Madras.

More Money For Roads Urged

Sri H. P. Sinha, President of the Indian Road Congress stated yesterday that the present pace of road construction in the country was altogether inadequate to meet the ever-growing transport needs.

Presiding over 25th session of the Congress, he said unless a concerted effort was made for accelerating the pace of construction, road transport was soon bound to become a bottleneck in the path of the nation's industrial growth.

He added that the provision of Rs. 250 crores in the Third Plan was very inadequate and it should be raised atleast to Rs. 900 crores.

Sri Sinha said that the incidence of taxation on motor vehicles in India was the highest in the world. At present, the roads contributed Rs. 55 crores to the country's exchequer out of the total earnings of Rs. 135 crores and this worked out to 40 per cent of the total revenue.

RAILWAYMEN MEETING

Mysore, Jan. 6

The annual general body meeting of the Mysore South Branch of the Dakshin Railway Employees' Union will be held here at Co-operators' Home, on Jan. 8 at 8-30 a.m. Sri S. Guruswamy will preside.

Reclamation Of Land In Mysore

The Uppal Committee on the location and utilisation of waste lands in India has recommended immediate reclamation of 1,40,000 acres in the States of Mysore and Bihar.

The extent of waste land in Mysore is estimated at 8.25 million acres. Of this, only 1.18 lakh acres are fit for reclamation. Even out of this, only 68,000 acres could be reclaimed immediately, the cost being Rs.1.25 crores. The value of additional food that could be produced by them is at Rs. 67. 29 lakhs.

As most of the land in Mysore belongs to the State Government, the committee opines that it could be allotted to Scheduled Castes and Tribes for cultivation.

IDIGARA CONFERENCE

Mysore, Jan. 6

The second conference of the State Arya Idigara Sangha will be inaugurated here on Jan. 8 at 4 p.m. in the Townhall by Sri R. Shanker, Deputy Chief Minister of Kerala. Sri N. Rachiah, Excise Minister will preside.

The convention of persons affected by prohibition will be held here tomorrow at 4-30 p.m. in the Townhall under the presidentship of Sri T. Mariyappa, Finance Minister. Sri G. Latchanna, MLA of Andhra Pradesh will inaugurate the convention.

More Seats In Medical Colleges

Bangalore, Jan. 6

The Government of Mysore have decided to increase the number of seats in three medical colleges in the State, from the coming academic year.

There will be increse in admission, 50 in each of the medical colleges at Mysore and Bangalore, and 20 in the Hubli College.

In order to enable the State Government to meet the extra expenditure involved in this behalf, the Union Government have sanctioned a subvention of Rs. 22. 5 lakhs.

LAOS COMMISSION URGED

Prime Minister Nehru has written to the British Government that India was ready to re-convene the three-power International Commission on Laos as it had reason to believe that it would facilitate a cease-fire in Laos.

Russia and China were also now in favour of the reconvening of the Commission instead of the Geneve Conference.

AKALIS STAND

The Working Committee of the Shiromani Akali Dal yesterday postponed a decision on Sri Nehru's appeal to Sant Fateh Singh to give up the fast.

But it appealed for "restoration of normal conditions, civil liberties, freedom of speech and movements in Punjab and Delhi before any agreed step could be taken in response to the gesture of the Prime Minister".

INDIA WILL REPEL AGGRESSION

CHINA'S ACTION INIMICAL TO WORLD PEACE

The Congress Working Committee yesterday reiterated the resolve of the people and the Government to maintain the " integrity of her territory and effective defence of her frontiers, to repel aggression from whatever quarters and bring about vacation of aggression".

The resolution to be placed before the Congress session characterised the violation of Indian territory by China and occupation of it as a breach of the principles of co-existence and further the action of China was inimical to the progress of world peace and co-operation and stability and strength of Asia.

SHAKE-UP OF MORIBUND SOCIETY

OTHERWISE NO PROGRESS

——NEHRU

Prime Minister Nehru told the Subjects Committee of the Congress session at Sardarnagar yesterday that without breaking the chains of age-old ideas shackling Indain society, India could not progress in any direction.

He said that the minds of 40 crores of people had to be changed to enable them to get out of their mental rut.

Sri Nehru stated that all evils of poverty, casteism, communalism and linguism were a symbol of India's backward society "We have to modernise this society to bring it into the current of the present times. We have to give a big shake-up to this moribund and static society and modernise it".

PERSONS AFTER TEN-YEAR POWER TO STEP DOWN

FOR EQUITABLE DISTRIBUTION OF TALENTS

SAYS SANJIVA REDDY

CONGRESS SESSIONS BEGINS

Sri N. Sanjiva Reddy, Congress President yesterday told the 66th session of the Iidian National Congress at Sardarnagar that in order to remove **fissiparous tendencies among Congressmen, in hunting after seats of powers, that persons in power for ten years should step down from the office and devote themselves to organisational work to lead the Congress into better channels.**

Such voluntary relinquishment of offices, he said, would result in "an equitable distribution of talents in the Government and in the organisation ".

He also suggested that to fight inter-State rivalry, the five zonal Councils might be clothed with statutory powers to settle all disputes and implement decisions.

The Congress Chief said that the coming elections enforced the need to close up their ranks and concentrate on their objectives. Congressmen should not be diverted by "petty internal differences but work with a fresh sense of mission".

He was confident that the Congress would have "an even brighter future" so long as, basically, the organisation evinced interest in the services of the people. Despite lack of discipline, the Congress was by far the largest and most effective institution for unifying the will of the people, he added.

Sri Reddy said that the next five years were going to be fateful for the preservation of national unity and the country's future would be settled by their approach to the problems of communalism and linguism and provincialism.

About corruption, he said that though a high-powered tribunal had been in existence for some time, "nothing serious has come out.".

Compulsory Retirement

FOR CORRUPT OFFICIALS

Compulsory retirement of those given to corrupt practices is one of the proposal under the consideration of the Government of India, it is learnt.

Prohibition Has Failed

The Chief Minister of Uttar Pradesh, Sri C. B. Gupta stated yesterday at Sardarnagar that he did not intend to extend prohibition to the whole of the State.

He said at present prohibition was in force in 13 of the 52 districts and admitted that prohibition had been a failure all over the country.

It not only deprived the Government of sizable revenue but also encouraged evils like illicit distillation and bootlegging, he added.

Africa's Freedom Struggle

MBOYA PLEADS FOR INDIA'S SUPPORT

Mr. Tom Mboya, the Kenyan African leader yesterday appealed for India's support in the struggle for freedom in Africa and the release of Mr. Jomo Kenyatta, the Kenyan patriot, who has been in jail for 8 years.

Addressing the Subjects Committee of the Indian National Congress at Sardarnagar, Mr. Mboya said East Africa had received inspiration for its freedom struggle from India.

He said emancipated African nations were fully aware of the need for unity and stability, but there was an equally important need for expression of distinctive African personality.

Mr. Mboya declared that "so long as independence and freedom have not been secured to East and Central Africa, our struggle must continue".

MAKE THE PLANS SUCCESS

NEHRU TELLS CONGRESSMEN

Prime Minister Nehru told Congressmen yesterday at Sardarnagar that they should remember that to the extent they succeeded in fulfiling the tasks outlined in the five year plans, they would achieve their and India's victory.

He said "You should have some spark and fire in your hearts of the great work to be done. We may be small but we have undertaken big historic tasks".

Sri Nehru said that in achieving the economic freedom a great war had to be fought against the poverty and illiteracy. They had to make every effort to find a cure for the diseases of casteism, communalism and provincialism, which divided the people. All this had harmed India for a long time.

TEN ACRES OF LAND TO EX-TAPPERS

SCRAP PROHIBITION

ARYA IDIGAS' DEMAND

Mysore, Jan. 9

The Second All–Mysore Arya Idigara Conference which met here yesterday at the Exhibition Buildings demanded that the Government should immediately grant at least 10 acres of land for each ex-tapper and other sufferers

The conference also urged the Central Government to scrap its "unpopular and unwanted' prohibition policy.

It also requested the Government to allow ex–tappers to draw and sell Neera or sweet toddy and to manufacture palm gur or jaggery as was being allowed by the Madras and Andhra Pradesh Governments.

Nearly 8,000 delegates attended the conference.

Inaugurating the conference, Sri R. Shanker, Deputy Chief Minister of Kerala declared that if India were to emerge as a strong and a united nation, very much had to be done to improve educational, social and economic conditions of backward classes in all parts of the country.

Sri Shanker appealed to the Backward classes and the Idigara community to organise themselves and stand on their own legs. He said 'no one will come to help you and you have to help yourself. You have to raise funds among yourselves and work for the betterment of your community".

He told them that there was no use in quarreling with others and expect old men to suddenly reform. They had to be tolerant and contented with the situation and must find solutions to remove disabilities

Sri N Rachiah. Minister for Social Welfare in his presidential address said that the problem of rehabilitation of Backward Classes was of such magnitude that it could be solved effectively and expeditiously only if the people actively cooperated with the Government.

The Minister uttered a warning that in their anxiety to improve the conditions of Scheduled Castes and other Backward Classes, they should not be swayed by passions and prejudices against other forward communities Everyone, both the forward and the backward communities should feel that it was their joint duty and responsibility to build up a nation where there would be no poverty, disease and ignorance. He appealed to all communities in the State to feel that they were Indians first and last and give the needed helping hand to the weaker sections of the people.

Earlier, Sri T Thammanna Gowda, Chairman of the Reception Committee welcomed the gathering.

Scrap Prohibition

SAYS ANDHRA MLA AT TAPPERS' CONVENTION

Mysore, Jan. 9

Sri G. Latchanna, MLA. Andhra Pradesh, strongly urged for scrapping the prohibition in the country.

Presiding over the convention of persons affected by prohibition, here at the Townhall on Saturday, he said prohibition had not only been a total failure but had also become a veritable vortex or unwanted evils.

The prohibition policy, he said, had not only resulted in several evils like illicit distillation and corruption but lakhs of tappers had been deprived of their means of livelihood. It was utterly wrong, he said to bring in legislation for social reforms and said the question of weaning people away from the evils should be left to private social organisations.

Nearly 10,000 tappers from all over the State attended the convention.

More than 5,000 tappers including women displaying placards and demanding Government's immediate attention to their pitiable condition, paraded the streets.

Finance Minister Mariyappa who presided stated that in a democratic country, if any section of the society or community underwent any sufferings, it was the duty of the Government to remove those sufferings. He assured that the Government would do their best in helping the tappers and asked the Arya Idigara Sangha to suggest measures for their proper rehabilitation.

POWER POLITICS, ROOT CAUSE FOR QUARRELS

Acharya Vinobha Bhave stated at Gaya that the root cause for internal quarrels and conflicts in the different States was the struggle for power among politicians who wanted to wield authority by hook or crook, especially to serve their personal ends. That kind of politics must be put an end to if the people were to survive, he added.

Sharavati Project

Bangalore, Jan. 10

Public Works Minister Channabasappa stated here yesterday that the work in the Sharavati project was fast progressing and gaining momentum every day.

He said the total expenditure for the project by the end of the Second Plan period would be Rs. 16 crores

Reviewing the progress of the work, the Minister said the masonry work on dams was about 120,000 cft per day. There was a shortfall of 17 per cent in the work and this had been brought down to 10 per cent and this would be wiped out within two months.

8 crores of cft. of earthwork had to be done as against 2.5 crores and expected to be completed by the end of June.

To get over the difficulties, he said, of landslides and slips due to bad soil, the Hydro-Electric Board had decided to construct reinforced cement concrete conduits for carriage of water which would be closed where the banks were high and opened where the banks were low. This scheme would cost Rs. 180 lakhs.

On the electrical side, the Minister said, the construction of sub-tanks and the excavations for the foundation of water training walls and generating station works were in full swing.

Impostor Charge-Sheeted

Bangalore, Jan. 11

The city police yesterday charge-sheeted Suryanarayana Rao, an alleged impostor, on four counts which included cheating by impersonation, cheating, forging and using forged documents as genuine.

Rao, who is said to be the editor of a Kannada periodical by name "Amaravani" and also the proprietor of a news agency, was further alleged to have posed himself as the secretary of Ex-Servicemen's Co-operative Society

According to the police, the accused as the instrument of his fraudulent transactions, secured licenses for exporting 250 tons of onion, 130 tons of dry chillies and 20 tons of potatoes and pocketed Rs. 60,000 in the bargain by selling the licenses.

One of his impersonations was as the sub-area commandant in Bangalore of the Army, in which capacity he went in uniform to Madras on several occasions after putting bogus phone calls and wrangled licenses.

MACHINE TOOLS

The country should aim at an annual production target of Rs.45 crores worth machine tools in the Third Plan period, stated the Union Minister for Industry, Sri Manubhai Shah.

He said that of this target, Rs 15-16 crores worth of machine tools would be manufactured in the public sector and the rest in the private sector.

Youngmen in Bog of Parochialism

Sri S. R. Das, Vice-Chancellor of the Viswa Bharati University has urged the student community to take up the challenge of saving India's rich heritage and culture from being destroyed "by our own hands".

Delivering the convocation address of Rajasthan University yesterday, he deplored that a large number of educated young men should have involved themselves in linguistic quarrels. He said that this tendency might be interpreted to indicate "the failure of our universities in discharging their duties".

Sri Das said that Indian universities were expected to nurture in the minds of the students those values of life which for ages had constituted the glory of India. But recent happenings in the country had only proved that far from extending their mental frontiers, young men in the country were getting bogged down in the "mire of provincial prejudices and linguistic narrow-mindedness".

BORDER AGITATORS ARRESTED

2000 persons were arrested at Osmanabad for staging a demonstration yesterday in connection with Maharashtra-Mysore border agitation and all the arrested persons were released later.

HUGE FAILURES IN EXAMINATIONS

EXAMINATION REFORM URGENT

The problem of large number of failures, about 50 per cent, in the Secondary School Leaving Certificate Examinations should be tackled with a sense of urgency and determination, stated Sri Prem Kirpal, Secretary to the Union Education Ministry.

Inaugurating the fourth session of the Secretaries of Boards of Secondary Education at Delhi, he said "immense wastage of manpower and more than that, the emotional frustration and loss of confidence resulting from examination failure cannot be tolerated any longer".

Sri Kirpal then explained the steps envisaged in the programme of examination reform and said that the programme did not merely seek to sharpen the tools of evaluation but tried to bring about an improvement in the quality of teaching.

He said that during the last two and half years, an examination unit staffed with specialised officers had carried out a programme of orienting a large body of teachers to the new techniques. The next phase of the programme, he said "calls for concerted efforts to push the reform forward so that it reaches every secondary school".

Sri Kirpal urged that all the States should establish State Evaluation Units at least by the second year of the Third Plan.

CO-OPS. FARMING SEMINAR

Forty-four persons connected with co-operative farming, from all States, met at the first all-India Seminar on Co-operative Farming, held at Rajendranagar near Hyderabad from December 17 to 31.

The object of the seminar was to enable the participants to have a proper understanding of the basic concept of the co-operative farming pilot projects to be launched in April next and also to provide a forum for an exchange of experiences.

SUGARCANE SCHEMES

A sum of Rs. 12 crores has been earmarked for sugarcane development schemes during the Third Plan.

Against the Second Plan target of 25 lakh tons of installed capacity, licenses were issued for expansion in 71 existing new factories covering an additional capacity of 10.16 lakh tons of sugar per annum.

Miss Needles!

A case of a 16-year-old Japanese girl who had 29 sewing needles extracted from her body is reported from Tokyo.

Miss Herue Watanabe showed the doctor at an hospital in Tokyo about 29 short sewing needles, saying that they had all come out from her body.

She said the first needle was extracted last July when she felt a pricking sensation in her left shoulder. Thereafter, needles were extracted from her throat, stomach and palms.

Doctors feel that the girl must have swallowed the needles when she was a child.

Hunt For Spies

A countrywide hunt for spies working for foreign missions in India is going on and nearly 100 raids have been conducted in and outside Delhi.

Though only 10 persons, including civil and former army officers, have been arrested, it is learnt, the total number of arrests during the past few months is over 24.

The countries involved in the espionage cases include two neighbouring countries touching India's borders, a European country and a leading Communist country. Four diplomets have already been asked to leave the country. Some foreign nationals have already left the country on their own.

7000 SCHOOLS TO BE UPGRADED

Sri Prem Kirpal, Secretary to the Union Education Ministry told the All-India Council for Secondary Education yesterday at Delhi that by the end of the Third Plan 7,000 schools out of the estimated total of 19,000 secondary schools in the country would have been upgraded and the Fourth Plan would start with a backlog of 12,000 old-type schools to be upgraded.

POLICE OPEN FIRE IN HUBLI

7 PERSONS INJURED: SEQUEL TO ARREST OF MERCHANTS

Seven persons were injured yesterday at Hubli when police opened fire to disperse demonstrators in front of the town police station

Nearly 4 000 people demonstrated before the police station protesting against the arrest of local merchants and barred the way of a police van, hurled stones, bottles and bricks at the police

The police then opened fire. 20 persons were arrested.

A tense situation had prevailed in the city since Wednesday when the police arrested nine merchants for alleged obstruction of police in performing their duty. According to the police, two constables in mufti were sent to arrest a thief caught in the house of a merchant. But the constables were stated to have been assaulted. Later, a police party went to the place and arrested the merchants who, it was alleged, refused to hand over the thief. The merchants were handcuffed and marched to the police station.

The merchants have complained that the police assaulted them whole being marched to the police station and demanded suitable action against the police for wrongful arrests.

The District Superintendent of Police has placed the sub-Inspector and seven constables under suspension pending enquiry following a complaint lodged by the merchants.

International Living

Mysore, Jan. 16

Dr. and Mrs. D. B. Watt, founders of "Experiment in International Living" (United States), who are touring India, were guests at the Journalists' Association, here yesterday.

Dr. Watt explained in detail the aims and objects of the organisation, which was started 29 years ago in the United States.

He said that in order to bring closer contact between the peoples of different countries, the organisation was sending out young Americans to other countries and receiving others to America where they lived in homes and had personal contacts. During these 28 years, he said, more than 3,000 persons belonging to different countries had stayed in homes and had brought back rich experience and better understanding between the peoples of different countries.

The organisation was purely private and not financed by Government. Although the money had to be met by persons themselves, the organisation was sometimes helping in raising funds from the community. The United States Government, was now thinking of helping the association with financial assistance.

Sri Agaram Rangiah, President welcomed the guests.

Use of Krishna Waters

MINISTER ASKS PEOPLE TO BE ALERT

Mysore, Jan. 16

Inaugurating the Plan Week, here on Saturday, Public Works Minister Channabasappa warned the people to be alert in demanding their rights for sharing the waters of the Krishna, otherwise they would lose the precious waters.

The Minister said that although 48,000 sq. milles of area of the State was under the Krishna river, it had not benefitted much because of difficulty in sharing the water. So he appealed to the people to exert their rights in making use of the precious waters of the Krishna.

Referring to the agitation of certain people of Coorg against the construction of dams, Sri Channabasappa declared that the Government would not be cowed down by threats or any other dificuities but would go ahead with the construction of irrigation projects for the welfare of the whole country.

He said by constructing Harangi dam in Coorg, 5,000 acres would be submerged but 1,05,000 acres would be benefitted. Among the submerged area, half belonged to the Government. Only 1,200 acres of coffee plantations would be submerged. So he appealed to the land owners to be sympathetic towards thousands of poor families who would be benefitted and co operate with the Government in making the project a success.

Earlier. Sri Nasiruddin Ahmed, Deputy Commissioner welcomed the gathering.

UNITY TO DEFEND AGGRESSION

Union Defence Minister Krishna Menon said at Indore yesterday that no country in the world could effectively defend its frontiers against external aggression if its people remained undisciplined.

Addressing the Cadets of the N. C. C. and A. C. C. the Minister said that even a well-equipped army would find it difficult to deal with any external aggression if the people behaved in a disunited manner.

Sri Menon suggested that the N. C. C. should be expanded and its quality improved.

RS. 250-CRORE THIRD PLAN FOR MYSORE

HASSAN-MANGALORE RAIL AND MANGALORE PORT CERTAINTY

Bangalore. Jan. 17

The Mysore State Third Plan will have an outlay of Rs. 250 crores and the State will have to raise internal resources to the tune of Rs 110 crores, of which about Rs 42 crores will have to come from taxation.

Chief Minister Jatti, who disclosed this here yesterday after returning from Delhi said that he was assured at the meeting of the Development Council that the development of Mangalore as an all-weather port and the Hassan-Mangalore railway project would be included in the Third Plan.

These two inter-linked projects will cost Rs 30 crores and two million tons of iron ore will be exported from Mangalore port.

Apart from this, Mysore will get a Rs. 30-crore fertiliser plant in the public sector, which is likely to be located near Mangalore.

Sri Jatti indicated that Salem - Bangalore railway line was also likely to be included in the Third Plan.

As regards compilation of the Mysore Gazetteer, he said that the gazetteer in respect of the districts of Bijapur, South Canara, Raichur and Chitradurga had finalised.

Admissions To Professional Colleges

COMMUNAL G.O.s VOID

Bangalore, Jan. 17

The Mysore High Court held yesterday as void the allotment of seats in Government professional colleges under the provisions of the two communal G. O.s of June 1960 in favour of "other backward classes" in excess of the 22 per cent reserved for them in a manner otherwise than open competition.

The Court observed that it was an unreasonable restraint on the fundamental rights of other citizens and therefore opposed to the Constitution.

The Judges, however, held as not unconstitutional the impugned orders which enumerated certain communities as socially and educationally backward for the purpose of college admissions and Government service, in accordance with the interim report of the Mysore Backward Classes Committee.

Their Lordships made it clear that the admissions already made in the several select communities should not be disturbed nor any of the students so admitted sent away by the reason of this order.

1961 CENSUS To Start On Feb. 10

Examination Reform

EVENING COLLEGES & CORRESPONDENCE COURSES

The Union Education Minister Shrimali announced yesterday that a new form of testing was going to be introduced in the external examinations of students from 1962.

He told the Central Advisory Board of Education that by the end of the Third Plan, it would be possible to introduce substantial element of objective tests in the examination system.

The Minister stated that Government had decided to launch in the Third Plan a scheme of correspondence courses and evening colleges for those who, for economic reasons, could not pursue their educational careers in the normal way.

The scheme, he said, would cover 10 universities and 100 colleges and provide facilities for 40,000 students to join evening classes and for 20,000 to receive correspondence courses.

The Minister said the Government proposed to offer 1,500 scholarships a year during the Third Plan for students of outstanding merit at the conclusion of school-leaving, intermediate and B. A. stages.

PAK-CHINA PLOT TO TRIP INDIA

BACKDOOR RECOGNITION OF PAK CLAIM ON KASHMIR

BORDER DEMARCATION BETWEEN PAKISTAN AND CHINA

Grave concern is expressed at the statement of Pakistan Foreign Minister that China has accepted in principle Pakistan's request to have borders demarcated with it.

As Pakistan has no common boundary with China, the Minister's reference is obviously to the portion of the boundarv of theState of Kashmir and Jammu which is now under Pakistani occupation.

The Government of India is lodging a strong protest with both the Governments of Pakistan and China.

While Peking's desire to isolate India further and exert pressure on her to accept the fait accompli in the Ladakh sector is understandable, political circles at Delhi wonder whether in the present case the move would not amount to according backdoor recognition to the Pakistan claim on Kashmir.

ATOMIC TRIMURTI

Prime Minister Nehru yesterday inaugurating the Canada-India reactor at Trombay, compared the spiritual power represented by the "Trimurti" idol in Elephanta caves off Bombay and the scientific power represented by the atomic reactors across the sea at Trombay and said "If we keep the balance between the two, then all will be well with us and well with the world".

CHINA'S STUPID POLICY

India's Defence Minister, Mr. Krishna Menon stated yesterday that China's "stupid" policy underlying her incursion into Indian territory had resulted in throwing doubts on whole conception of co-existence and in strengthening "the elements of reaction against progress".

He said that China had betrayed India's friendship with her and made a breach in the relationship between the two countries.

INDIA BALKING, SAYS CHOU

The Chinese Premier, Mr. Chou Enlai is reported to have said that India was using the Sino-Indian boundary dispute "as a card against progressive forces at home and as capital for obtaining foreign aid and the Indian Government does not want a settlement".

UNIFORM PAY SCALES URGED

The conference of Health Ministers of the Southern region which concluded yesterday at Tirupati urged uniform scales of pay for medical, public health and ayurvedic personnel of the region.

In view of the lack of full facilities for post-graduate medical education in all the States of the region, the conference urged that such facilities available in one State should be made available to students from other States on the basis of stipends.

In regard to the levy of health cess, as resolved by the Central Council of Health, the conference felt that in view of the bill prepared by the Mysore Government, the question might be considered further by the other States in the light of the Mysore Bill.

CHEAP RUCKSACKS TO CHILDREN

The picture of young boys and girls, including even toddlers, matching to school with a stoop, because of the heavy burden they have to carry in their hands, school books and tiffin boxes, has moved Prime Minister Nehru to a sense of pity and sympathy for them.

He told the Central Advisory Board of Education yesterday that he wondered why it should not be possible to give the children cheap rucksacks which could be strap to their shoulders at the back. That would not only free both hands but also straighten up their backs.

KRISHNA WATERS DISPUTE

The Union Deputy Irrigation Minister Hathi stated yesterday at Madras that he and Hafiz Mohamed Ibrahim, the Union Minister for Irrigation will hold talks with the Ministers of Mysore and Maharashtra regarding the allocation of surplus waters of Krishna and Godavari.

He said that a tripartite meeting of the aggrieved parties might be convened at Delhi to patch up the dispute.

Moulding The Young

VARSITIES TASK, SAYS RAMAN

Mysore, Jan. 18

Dr. C. V. Raman, the Nobel Laureate of India, yesterday stressed the importance of universities serving as places of high endeavour and not merely as places of high learning, with ever progress as their watch-word and with every member of the university staff conserving and utilising the greatest marvel of human mind towards progress with faith, courage and hope.

Laying the foundation stone of the Physics Block at the new Mysore University campus, Manasagangothri, Dr. Raman said that the fruits of science came to those who worked hard and it was essential that those engaged in scientific pursuit worked with the spirit of youth and with a perfect balance of mind, never resting on the laurels of the past.

Dr. Raman said that universities could not merely concern themselves with buildings, laboratories and libraries, but had to take a great interest in moulding the young along the lines that would make them model human beings. He stated that the teacher and the taught had to make a co-operative endeavour for the acquisition and advancement of knowledge, for it was only through such contact of mind that scientific knowledge could be gained.

The results of fruitful service had rarely been the work of one man, he added. Dr. Raman called this block as a temple of science and said that they should be truely grateful to the University Grants Commission whose generous appreciation of the needs of the Mysore University had made it possible to have such development programmes.

Earlier, Prof. N. A. Nikam, Vice-Chancellor welcomed the gatherin

TO END LAOS CRISIS

The British Prime Minister, Mr. Harold Macmillan stated yesterday that he hoped his Foreign Secretary Mr. Lord Home would soon be able to invite his Soviet counterpart, Mr. Andrei Gromyko, to join him in asking India's Prime Minister, Mr. Nehru, to take measures to end the fighting in Laos.

He added that the only way to stop the fighting was by calling the International Control Commission immediately, as suggested by Mr. Nehru.

OFFICES IN VILLAGES

To help the intensive agricultural programme, the Union Minister of Community Development and Co-operation has suggested to the Government of the States concerned that the headquarters of the additional Extension Officers (agriculture) should be located in villages and not at Block headquarters.

Exchange of Areas

The exchange of territories along the 126-mile western border along Ferozepore District with Pakistan, under the Nehru-Noon Pact was implemented yesterday.

India surrendered 25,679 acres to Pakistan in return for 28,105 acres of land and on both sides, 103 villages have been affected either wholly or partially.

17,000 persons, who have been affected in the district as a result of exchanges of territories, will be given compensation amounting to Rs. 40 lakhs.

FIRE PREVENTION WEEK

Fire Prevention Week will be observed throughout India from February 6 to 12.

The week, an annual feature, is meant to explain to the people how they can prevent fire or lessen its incidence.

Through films, radio programmes, posters and publicity literature, people are to be taught how to prevent fire and how to lessen its incidence when it breaks out. In big cities, fire brigades will give demonstrations to show the ways of fighting fire, escaping from the buildings on fire, saving entrapped persons, etc. Rallies will also be held to warn the people against the hazards of fire.

COTTON TEXTILE PRODUCTION

The Cotten Textile Mills' production in December, 1960 is provisionally placed at 159 million lbs. of cotton yarn and 44 million yards of cotton cloth.

EDUCATION TO ALL.

Prime Minister Nehru stated yesterday that to provide a measure of equality of opportunity to the people and to introduce an element of modernity in our lives, it was essential that there should be spread of education to all in the country.

Addressing the silver jubliee session of the Central Advisory Board of Education at Delhi, he said "equality of opportunity means first of all the opportunity to study and learn and to profit by it". Those who had the capacity to take advantage of education should be able to go ahead. "It leads inevitably to the spread of education to all in the country".

Sri Nehru also urged that the aims of education in the country should be co-related to the goal of Socialist society.

Espionage In India

CLERKS PUNISHED

Prime Minister Nehru told pressmen yesterday that action had been taken against the junior personnel like clerks involved in about half a dozen cases of information being passed on to some foreign countries. But he added the secrets sought to be given over were of no importance.

He said Government had informed the heads of foreign missions concerned in this matter and those persons in the mission to whom the information was passed on had been withdrawn by the countries concerned.

Sri Nehru said that it was possible that the heads of missions themselves did not know that their junior people functioned sometimes almost independently of their chiefs.

He said that this kind of activity created a bad impression and naturally the Government took such steps as they could to prevent its happenings.

NO INDIVIDUAL OBSERVER TO LAOS

Prime Minister Nehru stated yesterday that India was not in favour of sending a representative to Laos in an informal capacity to report about the conditions in that country. It should have some connection with our official position as Chairman of the International Supervisory Commission for Laos, he added.

Lull Before Storm In Nepal

The former Deputy Prime Minister of Nepal, Maj–Gan. Subarna Shum Sheer Jung Bahadur stated yesterday at Caluctta that the calm prevailing in his country "is temporary and nothing but a lull before the storm".

He said that "under a Fascist rule set up at present it might appear to the King and some others that calm prevails in Nepal. But in the present day world it is impossible to put back the clock of progress of any country".

Gen. Subarna said "the unhindered progress of our country depended on co-operation between the monarch and the democratic forces. This co-operation is gone. It is now clear that the King has taken a firm stand against democracy. Whoever has advised him to take these retrograde steps is an enemy not only of democracy but also of our country". He hoped that the King would retrace his steps and immediately restore the elected Parliament and release all political prisoners. He warned that a peaceful countrywide satyagraha would start soon.

NEPAL MUST RETRACE

Prime Minister Nehru stated yesterday that sometime or other Nepal had to retrace the backward step that it had recently taken.

No Nehru-Chou Meeting

Prime Minister Nehru yesterday ruled out the possibility of his meeting the Chinese Premier Chou Enlai to discuss the Sino-Indian border disputes, in the forseeable future.

He said that the Chinese officials during their recent talks with their Indian counterparts were not anxious or keen to discuss the issue, west of Karakorum Ranges or the Bhutan or Sikkam border.

As regards China's move to discuss with Pakistan regarding demarcation of border, the Prime Minister denied that India was in jitters over the move and said "we are quite calm and contented, but only a little irritated".

QUEEN ELIZABETH ARRIVES IN DELHI

WARM GREETING BY A MILLION PEOPLE

Nearly a million people warmly greeted Queen Elizabeth of the United Kingdom when she arrived at New Delhi today.

A 21–gun salute heralded the landing of the Queen and her consort, Duke of Edinburgh, at Palam Airport, at 11 a.m. from the BOAC Bristol Britannia.

As the royal couple landed, they were received by President Rajendra Prasad, Vice–President Radhakrishnan, Prime Minister Nehru and Smt. Indira Gandhi. The Commonwealth High Commissioners and the Indian Ministers were then presented to the Queen.

An inter–service guard of honour by 150 men was presented to the Queen.

After the formal welcome speech by the President Prasad and reply, Queen Elizabeth accompanied by President Rajendra Prasad drove in cavalcade to the Rashtrapati Bhavan.

The Queen after finishing a six–week 20,000-mile tour of India, Pakistan, Nepal and Iran will be back in London on March 6.

During her 24–day stay in India, Queen Elizabeth is scheduled to attend about 750 receptions lunches and banquets and shake hands an estimated 50,000 times. On seven days. her duties will extend over 15 hours and there will also be twelve 14-hour days, six 13-hour days and two 12-hour days.

Queen's food will be prepared by 54–year–old Safir Hussain, an expert in making European and Indian dishes. An old cook at Rashtrapathi Bhavan, he has been in service under six former Viceroys. Two more experts who have served under British Viceroys will assist him. While the Queen will normally prefer European food, she is expected also to taste Indian curries occasionally.

She will visit Bangalore on Feb. 21.

Queen Elizabeth is the second British ruler setting foot on the Indian soil. Her grandfather George V came to Delhi exactly 50 years ago 1911 when he held a durbar at which by a proclamation he restored to Delhi its pristine position as the capital of India.

The Queen's visit is a landmark in the long history of Indo-British relations which had passed through the successive stages of despatch of emissaries, trade, conquest and now of free and friendly partnership in a Commonwealth of nations.

She is the most trevelled sovereign in British history. She has visited South Africa, Canada, Australia, New Zealand and Ceylon.

Her Majesty the Queen Elizabeth II was born in London on April 21 1916, first child of the Duke and Duchess of York. Her early years were spent in London. After the Duke of York had succeeded to the throne as King VI, Princess Elizabeth, heiress presumptive, began her studies and her education was both broad and austere. From the age of 14, she began taking part in public life. She is a keen music lover and an excellent horsewoman.

She married Lt. Philip Mountbatten on Nov. 20, 1947. She was crowned Queen in Westminister Abbey on June 2, 1953. Her first son, Prince of Wales, heir apparent to the throne, was born in 1948, the second child Princess Anne in 1950 and the third child, Prince Andrew in 1960.

Jailed For Life

Mysore, Jan., 21

The District and Sessions Judge, Sri C. Honniah yesterday sentenced Lingaraju of Ashokpuram in city, to transportation for life, on charges of kidnapping, rape and causing the death of a ten–year old girl.

The prosecution alleged that 24-year-old Lingaraju kidnapped his cousin–brother's daughter ten-year-old Ningammanni, on the night of 28-10-60, committed rape on her. It was further alleged that when she struggled and cried, he smothered her nose and mouth, with the result she died on the spot. Later he threw the dead body to a nearby manure pit.

Sri K. N. Shivalingiah, Special Prosecutor conducted the prosecution and Sri M. S. Natarajan, Standing Counsel defended the accused

NATIONAL SPORTS WEEK

The Government of India has requested the State Governments to celebrate "National Sports Week" from Jan. 19 to 25.

The National Sports Federations, State Sports Councils and the State Governments have been requested by the Ministry of Education to create enthusiasm for sports and games especially at village level, and also to hold Physical Efficiency Tests during this period.

FUNDS FOR BACKWARD CLASSES

The Centre has redistributed money set apart for the welfare of "Backward Classes" so that there is no shortfall at the end of the Second Plan

The States had been informed at a conference held in Delhi that as much as Rs. 145.96 lakhs would remain unspent at the end of the Plan. The Union Home Ministry has since made an additional allocation of Rs. 115.16 lakhs to various States and Union Territories.

DEFEND LIBERTY AT ANY PRICE

U. S. PRESIDENT'S PLEDGE

Mr. John Kennedy, 35th President of the United States promised yesterday that he would wage a "long twilight struggle" against tyranny, poverty, disease and war. He called on the American people for "strength and sacrifice" and pledged his administration to defend liberty in the world at any price.

The new President extended to the Communist powers an invitation to join in a new quest for peace to bring under international control the threat of nuclear destruction.

He warned the United States and its allies "we dare not tempt them (Communist powers) with weakness".

Mr. Kennedy called for a "grand and global alliance, north, south, east and west, that can assure a more fruitful life for all mankind".

He declared "let every nation know, whether it wishes us well or ill, that we shall pay any price, bear any burden, meet any hardship, support any friend or oppose any foe in order to assure the survival and success of liberty".

To the Communist nations, the President offered "not a pledge, but a request; that both sides begin anew the quest for peace, before the dark powers of destruction unleashed by science engulf all humanity in planned or accidental self-destruction".

UPHOLD CAUSE OF TRUTH

KANTHI'S APPEAL TO JOURNALISTS

Mysore, Jan. 23

Inaugurating the first conference of Journalists of Mysore District yesterday at Nanjangud, Sri S.R. Kanthi, Speaker of the State Assembly appealed to the journalists to uphold the cause of truth.

The Speaker said the journalists as moulders of public opinion had a great responsibility to share in building up a welfare state based on the principles of truth Their criticism should not be governed by any commercial considerations. Here he suggested that to wean off from any adverse affects their criticism might have in securing the Government advertisements. he said that the Government should constitute an independent committee to undertake the work relating to giving their advertisements to newspapers.

Sri Kanti regretted that the conditions of journalists in the country was not good and appealed to journalists to compose of their differences and work unitedly for getting their grievances redressed.

He also stressed the need for building up of an effective opposition party for the proper functioning of democracy.

Sri Kanthi appealed to the Papers to devote more attention on the developmental activities in the country rather than to Ministers' speeches.

The Speaker stressed the need for safeguarding and protecting the fundamental rights guaranteed to people under the Constitution. As regards working of the Constitution in a democracy, he said that they should establish convention or amend the Constitution if it was found unworkable.

The Speaker said that he was in favour of holding a 20-day session of the State Legislature in Mysore City and hoped the Government would take steps for the same.

Sri Agaram Rangiah, Editor Sadhvi' presided.

Sri A. Ramanna, Vice-President of the Journalists' Association welcomed the gathering.

Sri N.N Sastry, Secretary presenting a report referred to the Association's decision to undertake the construction of a building of its own in commemoration of its silver jubilee to be held this year and appealed for generous aid from the public.

Nehru Wants To Retire

Prime Minister Nehru has told the London "Daily Herald" that "it would be best if I retired, best for me and best for India".

He said "the thought has been in my mind for some time and now I would really like to go. I would like to lead a normal life in my remaining years".

The Prime Minister said 'I have suggested resignation to my party. It does not agree but I can be very determined when I want to be".

"I think India needs a change and I also need a change from the life of being tied to a desk. I am tired of the life of a Prime Minister, I want to get out and see the people of India. see the country"

Not Retiring, Says Nehru

Prime Minister Nehru stated yesterday that "there is no thought in my mind at present or in the foreseeable future of my retiring".

He said "I find that there is a great deal of speculation about my possible resignation or retirement from the Prime Ministership. I am sorry that some casual remarks about the future that I made have led to this misunderstanding. There is no thought in my mind at present or in the foreseeable future of my retiring and so there need be no speculation about it".

Sri Nehru said "What I said to the newspaper correspondent (Daily Herald) was that the idea of my retiring from the Prime Ministership and devoting myself to other activities had often come to me. It was present in some corner of my mind and some time in the future it may be given effect to. But there was no such idea with me now".

Land For Ex-Tappers

MINISTER DISTRIBUTES 1,000 ACRES

Mysore, Jan. 30

Revenue Minister Kadidal Manjappa yesterday distributed 1,000 acres of forest land to 180 families of ex-tappers in Kotekere village in Gundlupet taluk.

These tappers (Arya Idigas) were thrown of employment with the introduction of prohibition in Mysore District.

At a function held at Sri Ramapura Colony where the displaced persons are being rehabilitated, the Minister said during the past two and a half years, the Government had distributed nearly four lakh acres of land to the landless poor and in next one and half years, they had programmed to distribute another six to seven lakh acres.

In Mysore District alone, he said, 70,000 acres had been distributed in the past 2½ years and another 40,000 would be distributed early.

He said the Government had liberalised rules for granting lands to the poor.

Sri Manjappa promised the ex-tappers that a portion of areas where toddy trees were grown now would be given away only for them. He also assured them of Government's aid to dig wells, build schools and other amenities to the colony.

BHAVE CRITICISES CONGRESS

Acharya Vinoba Bhave stated yesterday at Bhagalpur that the Congress which used to be a cementing force in the country during the days of Gandhiji had ceased to be so after it came to power.

He said the Congress has now become a party having no other business than fighting elections. Other parties also had nothing to do except to criticise the Congress.

The Acharya said "I have tried to bring leaders of different political parties on a common platform to take the country on the road to progress but with little success. I do not want to spend any more time appealing to these leaders. I am appealing instead directly to the people who are the leaders of all leaders".

25 MILLION JOBLESS

The Union Food Minister Patil warned yesterday that if the present rate of population growth in India continued, the Government might have to find employment for about 25 millions by the end of the Third Plan period.

Nationalisation of Bus Routes

WRIT PETITIONS DISMISSED

Bangalore, Jan. 31

The Mysore High Court yesterday dismissed a batch of 89 writ petitions challenging the nationalisation of bus routes and upheld the approved schemes of nationalisation of bus routes in Hassan and Mysore districts, dated Dec.22 1959 and Nov. 10, 1960

Their Lordships, Mr. Justice A. Narain Pai and Mr. Justice Mir Iqbal Hassain held that neither Rule 8 of the State Transport Undertakings (Mysore) Rules, 1960 was ultravires nor was the Chief Minister incompetent to discharge the functions of the State Government under section 68–D of the Motor vehicles Act.

EQUAL WAGES FOR FARM WORKERS

Mysore Agriculture Minister Rachiah stated at Munirabad that protection should be given to the workers in agricultural farm by assuring equal wages for equal work This protection alone would give them confidence and courage to work hard for stepping up food production in the country.

He also pleaded that there should be a separate departmant for implementing the Minimum Wages Act in the best interest of food production and ameliorating the conditions of the farm workers.

GANDHI'S TEACHINGS IN SCHOOLS

MYSORE MINISTER'S PLEA

Mysore, Jan. 31

Revenue Minister, Sri Kadidal Manjappa strongly urged for the teaching of Gandhi's principles in schools and colleges.

Presiding over the valedictory function of the Sarvajanika Higher Secondary School Students' Union, here on Sunday, the Minister said that in our secular country, there was no provision for teaching of Dharmic principles in the schools and colleges. In the circumstance, our younger generations were forgetting our culture

In America and Russia, he said, a very high place had been given to Licoln's and Lenin's principies. But it was unfortunate, that in India, prominance had not been given to Gandhiji's principles and teachings. He hoped that Gandhism would not disappear from India like Buddhism.

Referring to indiscipline among students, Sri Manjappa said that for these said affairs. not only students but parents, teachers and leaders were responsible.

Earlier, Sri A. Ramanna welcomed the gathering.

PEACE OR WAR, CHOICE WITH RUSSIA

SAYS U. S. PRESIDENT

President Kennedy of the United States told the Congress yesterday that while the United States' aim was peace, its armed forces were alert for the eventuality of war. He left Russia in no doubt that the choice was hers.

He warned America that democracy was on trial in the country and it remained to be seen if the nation could, as it must, solve the economic and other problems facing it with its free institutions unimpaired.

The President reerred to the threat posed to Asian nations like India and Laos by Chinese aggression and warned the world that Russia and China had not yielded their ambitions for world domination "ambitions which they forcefully restated only a short time ago".

To meet the challenge, he said, the United States, must re-examine and revise "our whole arsenal of tools; military, economic and political".

Mr. Kennedy also said that he intended to ask the Congresss the authority to establish a new and more effective programme for assisting the economic, educational and social development of other countries and continents.

Mr. Kennedy invited all nations, including the Soviet Union, to join with "us in developing a weather prediction programme, in a new communications satellite programme and preparation for probing the distant planets of Mars and Venus, probes which may some day unlock the deepest secrets of the universe".

At a meeting of the residents of Vidyaranyapuram held here on Sunday, with Sri T. V. Srinivasa Rao, in the chair, it was resolved to form an Action Committee to go into the question of the enhanced house-tax and to take suitable action, for an agitation if necessary, on this behalf.

It was further resolved to meet the Municipal President and others concerned in this behalf and in respect of the other grievances of the area.

MINERALS INVESTIGATIONS

Investigations of important minerals like coal, copper, gypsum, limestone, chromite, magnesite and lead-zinc and renewed emphasis on systematic mapping of several areas in the country were some of the important features of the work done by the Geological Survey of India during 1959-60.

A total of 45, 281 ft. was drilled for coal, 2554 ft. 5 in. for copper, 956 ft. for gold; 7152 ft. for gypsum; 832 ft. for lead; and 137 ft. 2 in. for China clay.

A new scheme of training Post Graduate students from different Indian Universities was launched this year and a total of 72 graduates were trained in the methods of geological mapping.

ALARMING INCREASE OF LEPERS IN MYSORE DISTRICT

1 IN EVERY 50 SUFFER FROM LEPROSY

IMMEDIATE STEPS FOR ERADICATION URGED

Mysore, Feb 1

Anti Leprosy Day, organised under the auspices of the Mysore District branch of Hind Kusht Nivaran Sangh, was observed here last evening, at the Town Hall.

Sri T Subramanya, Minister for Local Self-Government presided.

Sri Nasiruddin Ahmed, Deputy Commissioner welcomed the gathering.

Padmashri T. N. Jagadisan, Secretary of the All-India Leprosy Association, addressing the gathering made an impassioned appeal to the public to treat the unfortunate and forlorn lepers with a human point of view.

He paid tributes to the excellent work being done in the Mysore State especially in Mysore District in leprosy work and visualised a very bright future for the State as large number of people were taking interest in the work.

Sri Jagadishan also paid glowing tributes to Dr. and Mrs Tovey of Holdsworth Memorial Hospital, Mysore; Dr. D. S. Chaudhury of T. Narasipur Leprosy Clinic and Dr. Raja Rao, District Health Officer for their keen and humanitarian interest in the treatment of lepers.

Dr D S Chaudhury said that nearly 8,000 persons were suffering from leprosy in Mysore District. It was high time, he said, that the Central and State Governments and the public should wake up and see that this alarming problem was solved soon.

Sri M Ramaswamy and Sri G Venkata Gowda MLA also spoke

Minister Subramanya at the outset expressed the gratitude of the Government and the people of the State to the missionaries and Dr. and Mrs. Tovey for their yeomen service in the field of medicine

He said that the number of lepers were increasing in the State and they had to put a check immediately, otherwise they would be in a very difficult position. The Minister appealed to the people to imbibe the spirit of Mahatma Gandhi and devote atleast one hour in a day or a month for the happiness of this forlorn people.

Small Industries In Mandya

INTENSIVE DRIVE TO BE LAUNCHED

Bangalore, Feb. 1

The Small Industries Service Institute of the Government of India will launch an intensive campaign for rural industrialisation in Mandya district from Feb 2 to 9.

Sri K. L. Nanjappa, Director, said that the economic survey conducted by the Institute's unit had disclosed the potentialities of development of rural industries in Mandya.

He explained that package scheme of the Central Government for intensive food production had been taken up in Mandya and their campaign now was to remove the imbalance in the development of the district. At present 95 per cent of the district's seven lakh population was engaged in agriculture and only five per cent in industry and trade.

NEW TECHNIQUES FOR MORE FOOD PRODUCTION

INCENTIVE TO SCIENTISTS

The Planning Commission and the Co-ordination Committee of the Ministers of Food, Agriculture and Development Community, meeting yesterday at Delhi, recommended that incentive should be provided to scientists evolving new techniques for increasing food production.

The committee also suggested subsidies be given to the cultivators who might be willing to try these techniques in their fields.

It also recommended that urgent steps be taken for the qualitative and quantitative improvement of seed farms.

The committee also approved a programme to rapidly popularize improved agricultural implements in various States.

To provide opportunities to young farmers of one area to learn from the improved agricultural methods in more or less similar areas in the same or nearby States, the committee approved a scheme of exchange of selected young farmers.

COMPULSORY PRIMARYEDUCATION

POWER TO PUNISH ERRING PARENTS

LEGISLATION SOON IN MYSORE

Bangalore, Feb. 4

The Government of Mysore proposed to introduce a legislation for vesting powers with officers to punish parents failing to send their children of age group 7-11, under the free and compulsory primary education scheme.

Disclosing this, the education Minister, Sri Annarao Ganamukhi stated yesterday that if it was not possible to introduce the legislation in the ensuing budget session, an ordinance would be issued.

Explaining the measures undertaken to introduce free and compulsory primary education in the State, the Minister said that 21.24 lakhs of children were attending schools in the current year and the number would increase by another 10 lakhs by the end of the Third Plan.

He said that by the end of the Third Plan, the Government would have appointed 19,000 additional teachers. As an inducement to attract women to take to teaching in the rural areas, the Government proposed that each qualified lady candidate offering to serve as teacher in villages for a period of five years would be given a monthly stipend of Rs. 40 during the 10-month training period.

In regard to children, apart from the element of compulsion, the Government would offer inducements like the attendance scholarship scheme for girls and midday meals in the rural areas and slum areas in cities. The plan had provided Rs 12.5 lakhs and Rs. 30 lakhs for the above schemes.

The Minister said that the free and compulsory primary education scheme envolved an expenditure of Rs. 664.49 lakhs and a further sum of Rs. 34 lakhs had been proposed for the expansion of girls' education.

Sri Dave Gowda, Director of Public Instruction said that the Government proposed to spend Rs. 16 lakhs for constructing 560 residential quarters for women-teachers. He hoped by the end of the Third Plan, that 70 per cent of the teachers in the State would have been trained in the 70 training schools.

Gallantry Award To Mysore P. C.

The President has awarded the Police and Fire Services Medal for gallantry to Shri Ramaiah, Police Constable, Shimoga in Mysore.

The story of the gallant deed of Shri Ramiah states that the Superintendent of Police, Shimoga, Mysore, held a preliminary departmental inquiry into the conduct of Shri Chella Perumal, Traffic Sub-Inspector. Finding a prima facie case against the Sub-inspector, the Superintendent of Police ordered his suspension pending a detailed inquiry.

While the preliminary inquiry was in progress, Sub-Inspector Chella Perumal entered the premises of District Police Office with a service revolver and shot dead Syed Manju, who was a witness in the departmental inquiry. He then rushed towards the Superintendent's room. Constable Ramaiah, realising the murderous intention of Shri Chella Perumal, accosted him and held on to him by his belt. But, Shri Chella Perumal shot at the constable wounding him in the chest, freed himself and rushed into the room of the Superintendent of Police and shot him dead.

Tagore, A Rational Genius

Mysore. Feb. 7

Mr. Richard Chruch, the noted British poet and novelist, stated here yesterday that Tagore was a "rational genius who went westward with a message and a mission".

Mr. Church was delivering the University Extention lecture on "Tagore", at the Maharaja's College

In Tagore, Mr. Church said, many facets of genius converged, making him a complex personality. He mastered the rythm of the English language and blended this with astonishing perfection, with the lucid flow of the sensitivity of the Indian people. He battled against the evil of dualism and visualised the philosophy of oneness.

As a poet, Tagore still retained his fath in the value to routine and discipline and stressed the urge that dwelled within him to drive home this value into the minds of his fellowmen In his fight against the accepted pattern of the world, he never despaired and while trying to unify mankind, he himself remained a whole man. "This is where the permanence of his message to a world still struggling to realise itself lies".

Mr. Church said that though Tagore regarded poetry as synonymous with beauty, to him beauty was not mere fantasy. This complexity of the man's personality left some of the Westerners, who were experiencing the impact of industrial civilization, doubt his soundness of mind. But the saner elements beckoned to him. Like Shelley, Tagore had no religion except that of the poet which had no doctrinaire approach.

Tagore was a great poet, a great singer of songs, a dreamer of dreams and a great internationalist among the great nationalists, observed Mr. Church.

Prof. C. D. Narasimiah proposed a vote of thanks.

Maintain National Unity

KRISHNA MENON'S PLEA

Bangalore, Feb 7

India's Defence Minister, Sri Krishna Menon called upon the countrymen to draw a lesson from history—India falling a prey to conquest by her disunity–and to forge ahead with determination to be a nation.

Inaugurating the 75th anniversary celebrations of the Indian National Congress, here yesterday, he said "we have to remember on this day that national unity is the foundation for our independence. We have to maintain it, and in future it should be our shield and preserve it. It should become our national self".

On India's stand in international sphere, Sri Menon said that her policy was one of non–alignment, with instructions from none and no military allies. Any alliance would mean the beginning of the end of our freedom, he declared.

MANGALORE PORT: HASSAN RAIL LINK

ESSENTIAL, SAYS RESEARCH COUNCIL

The National Council of Applied Economic Research has urged for the development of Mangolore as a deep–sea port "in view of the good prospects of traffic in general cargo and iron ore".

It has also emphasised that the construction of Mangalore-Hassan rail link must be taken up without delay as this would further industrial development and traffic between Mangalore on the one hand, Malnad and such centres in the hinterland as Bhadravati and Bangalore on the other.

Padayatra Yields Rs. 12 lakhs

Bangalore, Feb. 8

The novel idea of "padayatra" by the Union Deputy Finance Minister, Smt. Tarakeshwari Sinha, to popularise the National Savings scheme, proved successful here yesterday when it yielded Rs. 12,60,000.

The padayatra was the first venture of its kind in the country.

There was great enthusiasm among the public and the contribution ranged from Rs. 5 to Rs. 3 lakhs.

Smt. Sinha said that it was "startling success and it far surpassed her wildest imagination"

Panel Body For Exams.

WRIT AGAINST MYSORE VARSITY

The Mysore High Court yesterday admitted a writ petition challenging the order of the Vice–Chancellor of the Mysore University dated Jan. 10, 1961, constituting a panel committee for recommending boards of examiners and assistant examiners for several university examinations of 1961.

The Court directed issue of interim stay forbearing panel committee from functioning as such.

The petitioner, Sri J B. Malluradhya submitted that he was a member of the University Sydicate and also had been the chairman of the similar panel committee for the year 1959. He stated that the Syndicate was the supreme authority and the Vice Chancellor had no power to reconstitute the panel committee without consulting either the Syndicate or the Chancellor.

Suspension of Chief Engineer

WRIT AGAINST MYSORE GOVERNMENT

Bangalore, Feb. 8

Mr. Justice A. R. Somanatha Iyer and Mr Justice A.Narayana Pai,in the Mysor High Court, yesterday admitted a writ petition filed by Sri M. H. Manchigiah, Chief Edgineer, challenging the Government order dated Feb 1, 1961, suspending him from service for alleged insubordination, inefficiency and indiscipline.

Sri Manchigiah submitted that he was due to resme his duties on Feb. 6, after his 20 days leave, but meanwhile, he was served with the impunged order.

He alleged that efforts were made through the Chief Secretary to persuade him to apply for leave preparatory to retirement. The Chief Secretary stated that if he failed to apply for leave, he would be placed under sutpension and charge-sheeted under the specific instructions of the PWD Minister Sri Manchigiah refused to submit to this "pressure".

The petitioner had also an interview with the Chief Minister and apprassed him of the "threat" held out to him. The Chief Minister "who showed sympathy" regretted that all this was being cased by the PWD Minister because of his not realising the legal implication He had, however, advised the petitioner to go on leave but he had expressed his unwillingness to take leave "under these humiliating circumstances".

ENGLISH AS MEDIUM OPPOSED

The Union Education Minister Shrimali yesterday opposed the retention of English as a medium of instruction.

Speaking at Santiniketan, he said "what could be more humilitating for our people than to think that our languages are unworthy of becoming the vehicles of our culture and, therefore, we should have to continue to remain beggars in our own civilisation which in the past had reached the greatest height that man had ever attained".

SPIRIT OF COMMON HUMANITY

--NEHRU'R PLEA

Inaugurating the 14th session of the World Assembly, yesterday at Delhi, Prime Minister Nehru stated that the most important thing in the world today was consideration of problems in the most objective manner and in a spirit of common humanity. "Till that prevails all over the world, there will be difficulties and conflicts".

Sri Nehru referred to the state of countries where even the bare necessities of life were lacking and that of others which are economically affluent and said "that is the real division of the world. That is the division which is not only bad in itself but brings dangers in its train".

He complimented the WHO for steering clear of many of the controversies and conflicts that came in the way of achievement of the tasks ahead.

The world today, he said, can deal with the problem of physical health fairly satisfactorily, but is still to find ways and means of dealing with the mental health of groups and community".

People's Role In Panchayat Raj

Mysore, Feb. 10

The Union Minister for Community Development and Co-opeeation, Sri S.K. Dey stated here yesterday that unles people realised their responsibilities and shared with one another, the ushering of Panchayat Raj in the country would not be a success.

He was inaugurating the 3-day State level Seminar on Community Development.

Sri H. C. Linga Reddy, Mysore Deputy Minister for Development welcomed the delegates.

Sri Dey said that Mysore was the pioneer State in the people's development activities for more than half a century and the C.D. programme had been conceived in Mysore a quarter century ago and considerable amount of work had been done.

By decentralisation and transfer of power to the villages it did not mean that the State Governments would be divested of their responsiblities. On the other hand, they should see that the legislation and rules framed for panchayat raj were duly enforced. The panchayats should see that they utilise to the maximum the resources both human and material.

Sri M. V. Krishnappa, Union Deputy Agriculture Minister said that unless India took up to mixed farming and people to mixed diet, it would not be possible to feed the ever-growing population.

Sri Dey distributed the prizes awarded for the best village and best worker in the competition held last year.

Sri Zahir Ahmed of Hunnebad block of Bidar district was awarded first cash prize of Rs. 900 and the Koppa Block in Tumkur District the first cash prize of Rs. 1,000.

Father of I.A.S. Wants To Beg

Mysore, Feb 14

An able-bodiedman, who had a son in the IAS wanted a license to beg. Another person whose son was a professor, also sought a license for begging.

This was revealed by Sri B. Basavalingappa, Deputy Home Minister, here yesterday.

He told pressmen that the two men, along with the others, had come to him, seeking 'licenses' to beg because they were "Dasaiahs" and that alms-seeking was their traditional occupation. Proceeds from begging had laid the foundation for the privileged positions which their progeny occupied in life. They wanted the 'licenses' as presumbably they did not want to be rounded up like ordinary beggars and put into the beggar homes

The Deputy D Minister said that the Government wished to discourage all forms of begging in the State.

He said the Government had decided to open a beggar Relief Centre in Mysore city shortly and proposals were there to start such centres in Belgaum, Bijapur, Mangalore and Gulberga in the Third Plan period

Fruit-Vegetable Preservation

SEMINAR IN MYSORE

Mysore, Feb. 14

Inaugurating the four-day seminar on fruit and vegetable preservation, organised by the Indian Council of Agricultural Research, here yesterday, at the Central Food Research Institute, Sri V. Shankar, Special Secretary to the Union Food Ministry called upon the research workers and scientists engaged in this field to make a revolutionary contribution to the promotion of this branch of national activity and industry which was so fruitful both in physical and economic sense

He said that the habits and traditions of the Indian people which stood in the way of accepting tinned products could be overcome if the cost was reduced and the quality improved.

Sri Shankar stressing the important role of the preservation of fruit and vagetable industry in the country's economy said that fruits could play in an increasing measure in making the deficiency of cereals but also making people really stronger in stamina and resistence to disease.

Urging for increasing the export of India's popular fruits, he said it was disconcerting that with excise rebates and other facilities, they were not able to realise more than 40 per cent of an export target of 11, 000 tons in the Second Plan.

Dr. V. Subramanyan, Director of the Central Food Research Institute proposed a vote of thanks.

Lumumba Killed

The former Congolese Premier, Mr. Patrice Lumumba and two others who escaped from jail with him were killed in a village near Katanga, announced the Katanga Government.

The announcement said that the three men were killed by natives taking part in a giant man-hunt for fleeing men. Their bodies were burried immediately in a unnamed place.

The Interior Minister, Mr. Munongo stated that the Katanga authorities could not honestly reproach the villagers for having rid world of a problem which some people had grossly exaggerated but which threatened to poison the existence of all humanity.

He said the village in which Lumumba had been killed would be awarded 8,000 dollars.

MURDER SAYS, P.M.

Prime Minister Nehru stated yesterday that "murder has been committed and murder probably by people who occupy high place".

He called for strong and effective action to punish those who are guilty. Unless this is done with speed and entire situation in the Congo pulled up the consequences are going to be increasingly difficult to associate themselves with an attitude and a policy which tolerates murder and brutality.

The Secretary-General, Mr. Dag has urged for opening of an international investigation into the death of Mr. Lumumba.

The U. N. troops in the Congo have been alerted against possible trouble following the death of Mr. Lumumba.

ROCKET-SHIP TO VENUS

LAUNCHED BY RUSSIA

Russia launched on Sunday a rocket, called "an inter-planetary station" in the direction of the planet Venus. The rocket was due to reach the region of Venus in the second half of May.

The three-quarter-ton rocket-ship was rocketing along at 25,000 miles an hour to reach 30 million-mile journey.

The space-probe was launched from a "mother" satellite which had carried it beyond the heaviest pull of gravity.

The Director of Pulkovo Observatory, Mr. Mikhailov said that "a little patience and new pages will be open in planetary astronomy, in the study of our solar neighbours, Venus and then Mars".

GOVT. EMPLOYEES TO GET MORE PAY

CABINET APPROVES PAY BODY REPORT

Bangalore, Feb. 15

The Mysore Cabinet, after 17 hours of deliberations during the last three days, have approved the recommendations of the Pay Structure Committee.

Finance Minister Mariyappa stated that the Government order would be announced within three days. He said that they had broadly followed the recommendations of the Central Pay Commission and the Madras Pay Commission in deciding the pay scales, working hours, holidays and casual leave to their employees. The new pay scales, he said, would come into effect from Jan. 1, 1961.

The minimum emoluments of the Class IV employees will be Rs 60 (basic salary Rs. 50 and dearness allowance Rs. 10), while the maximum salary of the gazetted officers will be Rs. 1,800, maintaining the ratio of 1:30.

For those in Bangalore City and towns with a population of one lakh and above, the employees will get compensatory-cum-house rent allowance. A sum of Rs. 8 will be given to those getting Rs. 150 and Rs. 10 to those getting from Rs 150 to Rs. 300 in Bangalore. Rs. 5 will be given to those drawing Rs. 150 and Rs. 8 for those drawing from Rs. 150 to Rs. 300 in other places.

The pensioners getting upto Rs. 100 will be given an increased dearness allowance of Rs 10.

The revised pay scales will cost the State exchequer an immediate expenditure of Rs. 450 lakhs and ultimately Rs. 600 lakhs.

INTRANSIGENCE OF CHINA CONTINUES

PEKING'S UNILATERAL ACTION UNACCEPTABLE

PRESIDENT'S ADDRESS TO PARLIAMENT

President Rajendra Prasad declared yesterday that India could not accept the results of unilateral action or decisions taken by China in regard to the frontier between the two countries.

Addressing the Budget session of Parliament, the President said that while China had withdrawn from Longju and had not attempted any further violations of Indian territory, her intransigence continued. The Government of India constantly endeavoured to maintain its defensive strength in the face of this continuing hostility from across our frontier.

Dr. Prasad said "We firmly hold that the frontiers between India and China have been for long well established by treaties, custom and usage In spite of present unwillingness, or even intransigence, my Government hope that sooner rather than later, China will persuade herself to come to a satisfactory agreement with our country in regard to our common frontiers"

CONGO

Expressing concern over the Congo situation, the President said "The pressure of Belgian arms, military and semi-military personnel and their aid to some of the rival groups in the Congo, in defiance of reiterated decisions of the United Nations, are the main disturbing factors in the Congo situation".

PROMISING OUTLOOK

Dealing with the domestic situation, Dr. Prasad said "In spite of the difficulties encountered and the decline in our foreign reserves, the outlook, both in agriculture and industry, is definitely promising".

The National income for 1959 60 was estimated to be Rs. 12.210 crores. as compared with Rs. 10.920 crores in 1955–56. The annual rate of increase had not been as much as was expected, mainly due to severe setbacks suffered by agriculture in 1957–58 and 1959–60.

From the point of view of agricultural production, the President said that 1960–61 might turn out to be a very good year. Production of kharif cereals in 1960–61 was now estimated to be more than two million tons than that in 1959–60. The prospects of rabi crop were also bright. The increase in internal production, along with the measures taken by the Government to built up substantial reserve stocks had already brought about a healthy trend in foodgrain prices

EXPORT MARKET FOR INDIAN ROLLING STOCK

The Union Railway Minister Jagjivan Ram stated in the Lok Sabha yesterday that the prospect of the Indian railways entering the export market for rolling stock has taken a more concrete shape

He said that Rs. 1.255 crores has been allocated in Third Plan.including Rs. 35 crores for inventories.

The implementation of the Railways Third Plan was expected to result in the acquisition of 1,700 locomotives, 700 coaches and 110,000 wagons.

Double tracking of about 1,600 miles is envisaged and also remodelling of yards. opening of new traffic stations and additional loops and centralised traffic control.

For the construction of new lines, the Planning Commission had so far allotted Rs. 120 crores.

The Minister said that a further sum of 70 million dollars had been obtained from the World Bank last July in addition to the 50 million dollars already received for the development of Indian railways.

USO INTERNATIONAL CONFERENCE

The first USO international conference will be held from Aug 7 to 10 at Delhi. About 200 delegates from different countries are expected to attend the conference.

Sri Jiya Lal Jain, Secretary-General of the United Schools Organisation told pressmen that the object of the organisation was to spread information about the United Nations and its specialised agencies in the schools.

The USO International, he said, is holding once a year its conference where the students from different schools of the world will meet at a common platform which will create fellow feeling amongst them for international understanding.

NO CHANGE IN RAILWAY FARES

MORE SURCHARGE ON SMALL GOODS

Rs. 8: 64–CRORE SURPLUS RAILWAY BUDGET

Presenting the Budget estimates for 1961-62 in Parliament yesterday, the Railway Minister, Sri Jagjivan Ram announced that there would be no revision of passenger fares, nor would be revision of freight rates generally

He said that the present special surcharge on small consignments would, however, be raised from 10 to 20 per cent primarily to discourage the movements of goods consignments in "smalls" by rail. Movements of goods consignments in 'smalls' by rail involved disproportionately greater costs on account of poor loadability and the additional attention and care required in transit.

The Railway Minister estimated the revenue surplus for 1961–62 to be Rs. 8.64 crores. The gross traffic receipts in 1961-62 was at Rs. 486.5 crores and the ordinary expenses at Rs. 332 53 crores.

After allowing for the fixed amount to the States, in lieu of passenger tax. the effective gross receipts would be Rs.486.5 crores as against Rs.458 crores in the revised estimates for the current year.

He said that a fixed amount of Rs. 12.5 crores would be made by the Railways to States.

Sri Jagjivan Ram said that during the Second Plan period, the traffic carried was about 50 per cent more than what was done during the final year of the First Plan.

The annual per capita cost of staff had risen from Rs 1.476 in 1955-56 to Rs. 1,660 in 1959–60 and was estimated to rise further to Rs. 1,880 in 1960–61. This factor alone was responsible for an appreciable increase in operating expenses per unit of traffic.

He said the menace of ticketless travel had not shown any appreciable decline and he appealed to the public for sustained and active co-operation in combating and eradicating this social evil.

He suggested that the maximum amount of compensation payable to passengers in case of accidents might be raised from Rs. 10,000 to Rs 20,000 and said necessary legislation would be put through shortly.

The amount of compensation claims was still high being of the order of Rs. 4 crores a year.

The problem of corruption continued to be tackled resolutely. 1,598 cases were finalised in 1959-60 resulting in disciplinary action in 1,292 cases.

GANGSTERDOM IN CONGO

Prime Minister Nehru in a message to Mr. Dag, Secretary-General of the United Nations has stated that unless effective steps were taken immediately, it would be difficult for India to associate herself with policies which permitted perpetrators of crimes to continue their gangster methods in the Congo.

He said the murder of Mr. Lumumba and others in Katanga was an international crime of the first magnitude and it had come as a great shock.

Exploit Fruit & Vegetable Resources

MINISTER RACHIAH'S PLEA

Mysore, Feb. 17

Presiding over the Plenary session of the four–day Seminar on Fruit and Vegetable Preservation, here yesterday at the Central Food Research Institute, Sri N. Rachiah Minister for Agriculture stressed the imperative need to exploit to the utmost the fruit and vegetable resources of the country for enriching the diet.

The Minister suggested that the Centre and the State Governments should create a separate department for Horticulture so that fruit and vegetable industry might be fully developed.

He exhorted the scientists and industrialists and the farmers to work hard to supply fruit and vegetable products at reasonable rates to enable all section of the people to have those nutritious food.

The Seminar recommended that a National Horticulture Development Board be set up to concentrate on the development of the industry.

It suggested the appointment of a high-power committee to probe into the different aspects of the industry and suggest for its study development.

The Seminar wanted that training in fruit and vegetable preservation should be imparted in all the Home Science and other girl schools and colleges.

Some of the other important recommendations were that fruit and vegetable preservation centres should be established in production centres; that the work being done in CFTRI Mysore on fruit and vegetable preservation should be strengthened and more funds be allotted for the industry in the Third Plan.

The Seminar also recommended the setting up of cold storage prants attached to fruit preservation factories and imposing rigid tests on the quality of the products.

Tackle Teachers' Salaries

U.G.C'S PLEA

The University Grants Commission has suggested that the question of salaries of teachers, not only in universities and colleges, but all along the lines, should be taken up seriously as a national problem.

The Union Government should appoint a suitable body in consultation with State Governments to examine proposals for the implementation of salaries to teachers, the Commission said in its report for 1959-60 presented to the Lok Sabha yesterday.

It stressed the need for a system of admission into universities by selection. "In a country like ours, there should be no needless waste of effort due to the wrong kind of young people in too large numbers entering the portals of the universities-young people for whom some other form of training would be far less frustrating and more fruitful", it said.

Referring to the problem of indiscipline among students, the Commission said "in so for as immediate provocation to indisciplined behaviour lies in remediable factors in the daily environment and relationships of students and teachers, the Commission could co-operate with university and college authorities in bringing about improvements".

U. N. POLICIES IN CONGO FAILED

Prime Minister Nehru declared yesterday that the policies pursued in the Congo by the United Nations had failed and it would be the height of folly to carry on policies which had ended in failure.

He said the "future of the U. N. itself is in doubt and if the future of the U. N. becomes subject to doubt, the future of the world also becomes subject to doubt because they are intimately connected".

Sri Nehru warned that if the big powers and the U. N. did not change their ways and their approaches to this problem in the Congo and Africa, catastrophies of a tremendous magnitude have to be faced.

Nijalingappa-Jatti Talks

TO END RIFT IN PARTY

Bangalore, Feb. 20

The Mysore Pradesh Congress Committee, which met yesterday here, has authorised Sri S. Nijalingappa, President and Sri B.D. Jatti, Chief Minister, to hold joint consultations and determine the size and personnel of the Pradesh Congress Committee.

The two leaders will commence discussions today and would make their decisions known on Feb. 25.

Aimed at unity in the party, on the eve of the general elections and at ending groupism, the two leaders have agreed to make efforts to bring about a cordial atmosphere and unity in the legislature wing by considering the problems relating to the ministry as well.

ORISSA MINISTRY TO RESIGN

Dr. Harekrushna Mahtab, Chief Minister of Orissa will submit the resignation of the present Congress-Ganatantra Parishad Coalition Ministry in the State tomorrow.

Dr. Mahtab and the Utkal Pradesh Congress President Patnaik have agreed that the Congress Party would not undertake to form a Ministry on its own but would prepare for a mid-term elections. This decision was against the instruction given by the High Command to continue the Coalition Ministry.

BANGALORE GOES GAY TO WELCOME QUEEN ELIZABETH

Bangalore, Feb. 20

Bangalore City has gone gay to welcome Queen Elizabeth and the Duke of Edinburgh, who arrive from Madras by plane tomorrow

Colourful welcome arches bedecked with the Indian Tricolour and the Union Jack, dot the thoroughfares. The city wears a new look, the main roads having made shipshape.

The Royal couple will arrive at the Hindustan Air-Port tomorrow at 11-50 a.m. and will be received by Governor Jayachamaraja Wadiyar and Chief Minister Jatti.

After the salute by the Guard of Honour provided by the Air Force and introductions of distinguished persons, the motorcade will leave the airport at 12-5 p.m.

The motorcade will be headed by nine ceremonial outriders drawn from the Air Force while the six security outriders from the police will flank the cars carrying the Queen and the Duke.

After spending 15 minutes at the Arts and Crafts Emporium, the Queen will proceed to the Residency, with a brief halt at the Bible Society, where the Queen will be presented with a Bible in Hindi.

At 3-50 p.m. the Queen will visit the Indian Institute. At 4-40 she will arrive at Lal Bagh and witness the Flower Show, and then leave for Residency. At 6-30 she attends a reception by the Governor at Vidhana Soudha and leaves for Nandi Hills at 7-15 p.m.

After spending the whole Wednesday at Nandi, the Royal couple will leave Nandi on Feb. 22 at 11-15 a.m. to Hindustan Airport and for Bombay at 1 p.m.

The public have been requested not to offer flowers or garlands or to throw bouquets or flowers where the Queen passes enroute.

NANDI HILLS

The State Government have spent more than Rs. 2 lakhs for renovating the Nandi Hills, the summer resort, 40 miles from Bangalore, to make the sojourn of Queen Elizabeth and the Duke a pleasant.

The 132-year-old Cubbon House, perched at the highest point has undergone a thorough face-lift.

A new mile-long road has been laid from the point where the undulating approach from the foot of the hills to the top ends. The entire road from Bangalore to the hills, a lovely tarred tract of 40 miles long, has been widened.

END CONGO CRISIS

The Congress Working Committee meeting yesterday at Delhi has called for a full and impartial inquiry into the brutal and premeditated murder of the former Congolese Prime Minister, Mr. Patrice Lumumba.

The Committee has observed in a resolution that a situation of extreme gravity, which would bring ruin and disaster to the Congo and endanger world peace, has arisen.

In order to restore normalcy in the Congo, it called upon for the withdrawl of all foreign forces and the use of force, if needed by the United Nations to achieve its objective.

Decentralisation Of Powers

CITY FATHER'S PLEA

Mysore, Feb. 21

The Administration Report of the City Municipality for 1959-60 was considered yesterday at a special meeting of the Council.

Sri H. Kempe Gowda, President was in the chair.

The Commissioner, Sri N. Nanjunda Gowda presented the Report.

Special features of the Year were starting of a Girls High School, improving water supply facilities by installing a new pump and city being free from many diseases.

Initiating the debate, Sri B. Narayanaswamy said that due to centralisation of power in the hands of the Commissioner, there was lack of initiative on the part of the sectional officers, thus acting as a setback in the efficiency of the administration. He wanted that the Act should be amended for decentralising the powers. He also suggested that the whole administrative machinery should be geared up, brought under strict rules and regulations, thus making officers to work loyally.

Sri A. Krishnamurthy Rao while welcoming the Report pleaded for more facilities to the rate-payers.

Sri M. N. Thimmiah regretted that the resolutions and suggestions of the Council were not being implemented by the executive. He said it was an obligatory duty on the part of the Municipality and the Trust Board to provide housing facilities for journalists in the city. He also wanted that an Information Centre for the convenience of the public should be started in the premises of the Municipal Office. He said that it was surprising that no action had been taken for the collection of heavy mohatarfa arrears from the Government.

Smt Soundaramma pleaded for more recreational facilities for city's kids.

Messrs. Srirama Setty, Doddathammiah, Venkatalingiah, and Vedantha Hemmige also spoke.

COUNCIL'S SORROW OVE KLUMUMBA'S MURDER

Mysore, Feb. 21

At the special meeting of the City Municipal Council held last evening, a resolution was unanimously adopted expressing great sorrow over the dastardly murder of Mr. Patrice Lumumba, former Congolese Premier.

BIG WARM WELCOME TO QUEEN

COLOURFUL 25-MILE DRIVE IN CITY

(From Our Spl. Correspondent)

Bangalore, Feb. 21

"The Garden City of India", Bangalore, gave a warm and tumultous welcome to Queen Elizabeth and Duke of Edinburgh, when they arrived here this morning from Madras

The B. O. A. C. Brittania turbo-prop jet airliner, flying the Queen's Standard, made a perfect landing at 11-50 a.m. at the Hindustan Airport.

Lusty cheers went up as the large and distinguished gathering of invitees at the airport espied the charming Queen, descending the gangway, wreathed in gracious smile, the Duke coming behind.

The Governor, Sri Jayachamaraja Wadiyar received the Queen at the foot of the steps and presented the Chief Minister Jatti and the Mayor to Her Majesty. The Queen smiled and accepted a handsome bouquet presented by the Governor and the Duke bowed to be garlanded by the Chief Minister.

The Queen then inspected the Guard of Honour presented by 150-strong Air Force personnel while the Army Band was playing the music specially composed "Queen's Colour".

Her Majesty was then presented to Ministers, Speaker of the Asssembly, Chairman of the Council, Chief Justice and officers of the Army.

At 12-5, the Queen accompanied by the Governor left the airport in an open car. The entire route was thronged with thousands of people who cheered her.

DOCUMENTARY ON GANDHIJI

Work on the production of a documentary feature film on the life of Mahatma Gandhi was progressing and it was expected to be completed towards the end of 1963.

★The Lok Sabha yesterday passed the Bill to provide for the abolition of double-member constituencies and the creation of single-member constituencies in their place.

Murdered After Torture

The Congolese former Premier, Mr. Patrice Lumumba and other leaders were executed on Jan. 23 or 24 in the presence of the Katanga Minister of the Interior, Mr. Godefroid Munongo and the President of Kasai, Mr. Albert Kalonji.

They were put to death "after being subjected to shameful tortures", says a Tunisian Magazine.

It also published Mr. Lumumba's last letter to his wife, which said:

"No brutality, no turture has ever made me plead for mercy, because I prefer to die with my head up, with unshakable faith and deep confidence in the destiny of my country, rather than line in submission and spurning of sacred principles".

BAD EPIDEMIC IN TIBET

India is now obliged to guard the northern border not only against the Chinese incursion but also against a bad epidemic raging over vast parts of Tibet, stated Prime Minister Nehru in the Rajya Sabha yesterday.

He said that recent information from Tibet referred to the epidemic and added "We have to take care to prevent that epidemic from coming down the Himalayan passes".

Chinese Must Quit

Prime Minister Nehru declared in the Rajya Sabha yesterday that the Sino-Indian border question could be settled only when the Chinese vacated the territory they had occupied.

He made it clear that there could be further talks with the Chinese Premier only when the Chinese acknowledged India's position.

The Prime Minister said that the officials' report had powerfully strengthened India's case "that our border is proved, well-defined and clear and there is no dispute about it. Our case in regard to the border is almost foolproff".

CONGO CRISIS

Referring to the situation in the Congo, the Prime Minister said the present question was one of trying to prevent a world catastrophe and to prevent foreign powers from going in and dominating in that country.

India had no other interest in the Congo although some people had been carrying on a whispering campaign that this country was thinking of settling a million Indians in the Congo. That was being done apparently to irritate the Congolese and create prejudice in their minds against this country.

6 MORE LEADERS MURDERED

The U.N. Security Council was told yesterday that six supporters of the late Mr. Patrice Lumumba had been executed.

They had been earlier arrested by the Leopoldville regime and sent to the Kasai province's capital of Backwanga.

NO HMT SHARES TO PUBLIC

The Union Commerce Minister Lal Bahadur Shastri denied in the Lok Sabha yesterday that the Government were thinking of throwing open the Hindustan Machine Tools, a public sector project, for financial participation by the public.

★ The Government of India have approved a scheme for construction of a two-storey building providing night shelter for 208 people at about ten nP. per person per night at Ahmedabad.

CONVERT MYSORE-B'LORE RAIL INTO BROAD GUAGE

CITY FATHERS' DEMAND

Mysore, Feb 22

The City Municipal Council, at its adjourned meeting held here last evening adopted a resolution unanimously, urging the Government of India to convert the metre guage railway line between Mysore and Bangalore into broad guage in the interest of improvement of communication, industry and economy of the State.

The mover of the resolution, Sri M. K. Lingiah, Messrs. B Narayanaswamy, Somasundara Sharma, Vedantha Hemmige and others blamed the Centre for its apathy towards Mysore in not providing any new railway lines.

Sri M. K. Lingiah even warned that if their request was not conceded, they might have to take strong action including satyagraha.

The resolution of Sri M. Chickkathamiah requesting the Municipality to open a Girls' High School for the pupils of Chamaraja Mohalla, Lakshmipuram and Fort area was referred to the Managing Committee.

The Council adopted another resolution moved by Sri Chowdiah requesting the Trust Board to take immediete action on those persons and co-operative institutions who had not constructed buildings, even though sites had been granted ten to fifteen years back.

The Council turned down the resolution of Sri M. N. Thimmiah urging the Municipality to start a mobile dispensary in the city for the convenience of the poor patients.

GIFTS TO QUEEN

Bangalore, Feb. 22

The Governor Sri Jayachamaraja Wadiyar yesterday presented on behalf of the Government of Mysore an ivory image of Goddess Lakshmi and a sandalwood casket to Queen Elizabeth and an ivory image of Kolalu Gopalakrishna and an ivory-tipped walking stick to the Duke.

At the Government Arts and Crafts Emporium, the Queen was presented with a beautiful ivory figure of Lord Krishna. The Duke was given an artistic 16-inch long tie-case carved in sandalwood.

To Prince Charles and Prince Andrew went a lovely pair of sandalwood book-ends and a set of puppets.

Under the new decisions taken by the Union Government, the pay of nearly seven lakh Central Government servants, whose maximum does not exceed Rs. 110 per month will be unaffected when they proceed on leave.

Their leave salary will be equal to the pay drawn by them on the eve of their taking leave.

President's Rule In Orissa

With the resignation of the coalition Ministry in Orissa, there is every likelihood of President taking over the administration.

The fact that the Centre has decided in favour of President's Rule, rules out the possibility of mid-term elections in Orissa. If such a move had been on the cards, the Governor would have been advised to dissolve the Assembly.

U. N. TO USE FORCE IN CONGO

The Security Council yesterday approved a resolution authorising the U. N. to use arms to prevent civil war in the Congo.

The resolution approving the use of force by the U.N. in the last resort to avert a civil war in the Congo was proposed by Afro-Asian countries.

OLD AGE PENSION

The Andhra Pradesh Budget for 1961-62 which was presented yesterday, provided pensions to destitute persons aged 70 and above who have no other means of livelihood.

The Finance Minister, Sri K.Brahmananda Reddi, announced that a sum of Rs. 3 lakhs had been earmarked for granting such old age pensions.

The budget revealed a deficit of Rs. 2.5 crores and there were no fresh taxation.

BORDER DEVELOPMENTS NOT CONCEALED

The Lok Sabha was yesterday informed in detail about the Chinese agression, by Prime Minister Nehru. He refuted the allegation that the Government had concealed for a long time from the House and the country the fact of the Chinese aggression.

The major Chinese consolidation west of the caravan route in theAksaiChina area, he said, took place between June and Oct. 1959. The fact that they converted the old caravan route into a motorable highway and that the highway crossed Indian territoty was known in 1957.

The Chinese forces entered Tibet in 1950–51 and "we then began to think in terms of the protection of the border with Tibet". Thinking that danger was more likely in the NEFA area, "we thought of that first", he added.

The Pande Committee on Small Car has now initiated direct discussions with numerous foreign firms for deciding which type of car would be the most advantageous to the country.

VIGOROUS POLICY IN CONGO: NEHRU DEMANDS

Prime Minister Nehru made it clear in the Lok Sabha yesterday that India would send some combat forces to Congo when "we are convinced that the U.N. would adopt a vigorous policy there".

He said that the Government of India like to be assured about how the resolution of the Security Council was going to be interpreted and what directives would be issued to the U.N. personnel on the spot. Also they would wait for the constitution of a regular U.N. Command to which the troops from various countries would be seconded to undertake the job of implementing a vigorous and active policy.

NO DEFENCE PAPERS

Prime Minister Nehru told the Lok Sabha yesterday that the papers passed on by some employees of the Gevernment of India to personnel of some foreign missions, sometime back in Delhi, did not relate to defence of India but to reports received here from other countries.

DEMOCRACY SURE TO SURVIVE

Lord Attlee, former British Prime Minister stated yesterday at Delhi that democracy would survive the ideological contest with authoritarianism because it was a superior way of life and the only one worthy of human beings.

He said that the real danger to democracy was not so much from Commnnism or authoritarianism, as from "internal decay" likely to arise from the citizen not taking active interest on how he was governed. Democracy, to succeed, required toleration and with it a sense of humour in letting the opponent "laugh at your failings" he said.

Stating that democracy had made "the most notable advance" in India, Lord Attlee said "what you do here is of vital importance. You have taken the torch from Europe, but it is burning brightly in your hands".

Karachi Mob Attacks Indian Embassy

COMPENSATION DEMANDED

The Government of India have lodged a strong protest with the Government of Pakistan against the attack on the Indian High Commission Office at Karachi on Saturday. The Government is stated to have demanded 'restitution and compensation' for the damage done to the Chancery and its properties.

At about 4 p. m. on Saturday, a crowd of anti-Indian demonstrators, about 2000 including a few hundred students attacked the Indian High Commission building in Karachi with stones and caused extensive damage to the property and injuries to atleast a dozen of the High Commission's staff.

The demonstrators besides pelting stones were shouting abusive slogans at Indian leaders describing them as 'killers of Muslims'.

The District Magistrate of Karachi and senior police officers who were present at the time of the scene looked on passively while the stone throwing went on. They took no active steps to prevent the hooliganism though they had been forewarned about the demonstration and had taken the position near the High Commission office long before the demonstration began. After the crowd dispersed the police officers went round the Chancery to assess the damage caused.

After protest by the acting High Commissioner of India, Sri Trivedi to Pak Government, section 144 was promulgated banning meetings and processions.

Leading Muslims in India in a joint statement have strongly criticised the hooliganism and have expressed that such action would embitter the relations of the two countries.

Economy In Expenditure

MYSORE GOVERNOR'S CALL

Bangalore, Feb. 28

Addressing the joint session of the Mysore Legislature here yesterday, Governor Jayachamaraja Wodiyar called for an in intensification of all activities to work the Third Plan as the outlay had been fixed at Rs. 250 crores as as against Rs. 136 crores in the Second Plan.

He noted with satisfaction that " in spite of the difficulties arising in the wake of the reorganisation of States, it is to the credit of my Government that they have been able to make substantial progress in the execution of the Second Plan."

The Governor emphasising the need for economy said "our commitments are increasing and not only must we improve our internal resources but we must all make a special effort in terms of economy of expenditure".

He also mentioned that measures to ensure stabilisation of food prices had been continued and with sufficient quantities of rice, wheat and sugar at their disposal, the food position in the State might be considered to be satisfactory. He hoped that the Mysore Land Improvement Bill would provide further impetus to increase food production. During the Third Plan, they were aiming at an increase of ten lakh tons so as to bring the total production of foodgrains to about 48.5 lakh tons. This would enable the State to be self-sufficient in food.

He also hoped that by the end of next year, the number of service co-operatives would rise to 4,725 as against 3,727 to be establishad by the end of 1960–61.

The Governor said it was a matter of satisfaction that the Union Government had taken up the development of Mangalore as an all–weather port, through which they would be able to export two million tons of ores annually. Government uow looked forward to the execution of the Mangalore-Hassan rail link as a conseqence.

He said that the question of transferring the Kolar Gold Mining Undertakings to the Central Government had not yet been finally settled. Meanwhile, the progress of mining operations continued to be satisfactory.

UNPARDONABLE, SAYS NEHRU

Prime Minister Nehru yesterday expressed grave concern over the recent communal clashes in Jabalpur and the "inexcusable and unpardonable" reaction in Karachi and warned people that such "competition in evil" would only destroy every constructive activity in the country.

"It is the duty of every Indian to see that we are not tripped even in moments of excitement, into evil and disgraceful behaviour", he added.

NEW RAILWAY LINES

The Union Railway Minister Jagjivan Ram told the Rajya Sabha yesterday that it was the intention to undertake at least one or two new lines in each State, where, during the first two plans, the construction of new railway lines had not been quite commensurate with the needs. The matter was being persued with the Planning Commission. "I am hopeful that additional allocations will be made available to the railways so that to some extent they will be in a position to satisfy the demands of different areas", he added.

HOME PORTFOLIO FOR SHASTRI

Sri Lal Bahadur Shastri has taken over as acting Home Minister for the duration of the illness of Sri Pant. He will continue to be in overall charge of the Ministry of Commerce and Industry.

K'S PROPOSAL REJECTED

Prime Minister Nehru has virtually rejected the Soviet Premier Khrushchev's proposals for the removal of the U.N. Secretary-General and the reorganisation of the United Nations Secretariat.

He told the Rajya Sabha that "if any country wanted to raise the issues, it may raise them separately and not at this stage, for it will come in the way of any effective activity by the U. N. in regard to the Congo and disarmament".

Sri Nehru added that the most important issues in the world were the Congo and disarmament and "if they are not solved, then the world drifts in the wrong direction".

U.N. SOLDIERS BEATEN UP

A white girl secretary of the U.N. command was criminally assaulted at gun-point by two Congolese soldiers last night and four Canadian soldiers were beaten up in a new wave of anti-U.N. feeling sweeping Leopoldville.

6 DIE IN FOOD POISONING

★The Rajya Sabha was told by Deputy Minister for Community Development that landed aristocracy had been debarred from membership of cooperative farming societies.

Striking Development

IN LAST 10 YEARS, SAYS MORARJI

The Union Finance Minister Morarji Desai presenting the budget estimates for 1961–62 in the Lok Sabha yesterday stated that the last ten years had been a period of striking development in almost all sectors of the economy.

Despite various difficulties, he said, they had succeeded in creating a new dynamism in the economy. The public sector had gone forward and had taken on new tasks. The private sector also had advanced considerably. All over the country, one saw the beginning of new developments in various directions.

Reviewing the results of developmental planning, Sri Desai said that industrial production had increased by 66 per cent and agriculture production by 33 per cent.

They weɹe now embarking on a bigger plan and they had to make a greater effort to direct their resources through channels which led to greater development and progress, he added.

POLICE COMPLICITY

Prime Minister Nehru told the Lok Sabha yesterday that the most objectionable thing about the incidents outside the Indian chancery in Karachi was that this was done with some sort of police complicity.

He said the police looked on for full 30 minutes during which hooligans pelted the chancery with stones, shouted abusive slogans and burt an effigy. The police which had diverted all traffic from the locality of the Indian chancery finally blew a whistle and the crowd melted away.

END NATION-STATES

--ATTLEE'S PLEA

Earl Attlee, former British Prime Minister stated yesterday at Madras that World Government was the only practical policy applicable to mankind today.

Urging abolition of the right of individual States to make war and have national armies, he suggested a six-point programme, including reform of the United Nations, as a step to achieve World Government.

Lord Attlee said that "as long as the United Nations depends on the sovereignty of individual States, you got nowhere. We plan to reform the U.N. so as to make it an effective world government in a limited sphere". In the new set-up, there would be the big four-Russia, China, India and the United States; and the second line of States-Pakistan, France and Britain. But the votes would be so arranged that in the new organisation no one colour block would have a majority and no ideological block whether Western or Eastern would have a majority, he said.

His other points were disarmament, setting up of an international body for carrying out inspection of arms, international court of justice, a world police force and a legislature, a world body.

The Government of India have declared today as a public holiday. A one-week mourning has also been declared.

Born on September 10, 1887, in Almora District of Uttar Pradesh, Shri Pant received his education at Almora and Allahabad. In 1919, he enrolled himself as an advocate and took part in politics from the very beginning of his legal career.

He was elected to the All-India Congress Committee in 1916 and to the U. P. Legislative Council in 1929 As leader of the Swaraj Party in U. P. Council for seven years, he also functioned as the Leader of the Opposition. In 1927, he was elected President of the U. P Congress Committee and presided over its Aligurh Session.

When the Congress assumed office in the provinces in 1937, Shri Pant was elected Leader of the Congress Party in U.P. Assembly and formed the first Congress Ministry in that province. He was imprisoned in 1940 in connection with the individual satyagraha and later during the 1942 movement.

After the war, he was re-elected to the U. P. Assembly in 1946 and again served the State as its Chief Minister for 8 years.

In December 1954, Shri Pant was invited to join the Union Government as Home Minister. In that capacity he wasprominently associated with the reorganisation of States in the light of the recommendation of the S.R.C.

7 Nations Indulged In Spying

NO APOLOGY BY K

Prime Minister Nehru denied yesterday that Mr. Khrushchev had apologised to him for Soviet spying in India.

He told the Lok Sabha that the report published in a foreign magazine that "three Soviet Embassy employees who were caught spying for China were expelled from India in January and were fired from the Soviet Foreign Service and Mr. Khrushchev sent a personal note of apology to Mr. Nehru" was wholly incorrect, and Mr. Khruschev had nothing to do with the matter and the reports relating to him were without foundation.

Although six or seven countries were involved, the Prime Minister Nehru said that it was not much of consequence but only of minor consequence. He declined to name the countries involved in spying activities in India.

69 CHINESE ASKED TO QUIT

The Lok Sabha was told yesterday that 69 Chinese nationals had been asked to leave India.

Those nationals who had defied the Government's orders were being proceeded against under the Foreigners' Act.

MILITARY SCHOOL

A military school will be started in Rajasthan in July this year, it is learnt. The school will be located at Chittorgarh Fort and have an all-India syllabus and selection on all-India test.

AYUB CUTS HIS OWN POWERS

Pakistan President Ayub Khan in an ordinance promulgated yesterday has curtailed his own powers with regard to the framing of a constitution and laid down that the President should "proceed to make a new constitution in accordance with advice of the Cabinet acting collectively".

The ordinance provides for the President to hold office "and govern in accordance with the collective advice of the Cabinet until a new Head of the State to be elected under the new constitution has taken office".

IMPORT OF RAW GOODS

The Union Industry Minister Lal Bahadur Shastri yesterday assured the Import Advisory Council that within the foreign exchange resources available, the Government of India would continue to give higher priority for the import of industrial raw materials.

Nehru In Tears

Prime Minister Nehru broke into tears when he heard the news of the death of Pandit Pant, at London.

He said the death of Pant was a terrible loss not only to us personally but to India. He was really a most outstanding person in India with an amazing and brilliant mind He was a big man in body, never losing his temper and wisest of advisers.

A GREAT PILLAR

President Rajendra Prasad said " a great pillar has fallen".

GRAND OLD WORKER

Sri C. Rajagopalachari said "one of the grand old workers passed away creating a void which it would be difficult to fill. There is a lot of ambition, but it is not easy to find the sincerity and the poise and experience of Pandit Pant, who has left us".

PARLIAMENT PAYS HOMAGE

Both Houses of Parliament adjourned yesterday after paying homage to the memory of Pandit Pant.

In the Rajya Sabha, Chairman Radakrishnan said "We had in him a combination of commonsense, clarity, balanced judgement and patriotism. It will be difficult for us to get another of the same stature".

In the Lok Sabha, the Speaker Ananthasayanam Ayyangar said that Pandit Pant was the master architect of India's freedom.

MYSORE PAYS TRIBUTE

The Mysore Legislative Assembly adjourned yesterday after paying homage to the memory of Pandit Pant.

Chief Minister Jatti spoke of the 'misfortune' of India in losing a leader of that stature.

Speaker Kanthi said "Pant was one of the great sons of India and to him to a large extent, we owe our present state of independence".

LAST RITES

Pandit Pant's mortal remains were consigned to flames according to Hindu rites on the banks of the Jamuna at 5-22 p.m. His son, Sri K. C. Pant lit the funeral pyre.

The Caution of Elephant

The caution and deliberation with which Sri Pant moved in taking political and administrative decisions were once compared by a British Governor to that of an elephant.

In the pre-independence period, the British Governor with whom Sri Pant had worked as Chief Minister of United Provinces, told a Legislator: "Pandit Pant moves in administration and politics with the cautiousness of an elephant. When he has firmly set his one foot, he lifts the other for a forward step".

CONG. WINS IN BYE-ELECTION

Sri Sher Khan and Sri G. V. Hallikere (both Cong) were declared elected to the Rajya Sabha and the Mysore Legislative Council respectively in the bye-election caused by the death of Sri Valiullah and Sri Mariswami Hiremutt.

The Real Governor

Old residents where Sri Pant lived for many years, recall a common, but none-the-less remarkable sight in the hill station of Nainital, in the early thirties.

Mr. Malcolm Hailey, Governor of the United Provinces used to horse-riding, almost daily, around the Nainital lake. The hill people-men, women and children-thronging the hill station for their livelihood, would scatter hurriedly, leaving the road for the Governor Saheb

Also, almost daily, when he was in the station, Sri Pant, his big staff in hand, would be walking around the lake with a few friends. The hill people would stop, greet him respectfully and prostrate before him full length on the dirty road as the tall, giant, shaking but smiling Pant approched them.

PROGRESS OF UNDEVELOPED COUNTRIES

PRASAD ASSURES INDIA'S AID

President Rajendra Prasad yesterday called for greater exchange of goods and services within the ECAFE region without prejudice to greater international trade and assured India's co-operation in raising the living standards of the people of Asia.

Inaugurating the 17th session of the ECAFE at New Delhi, the President announced a contribution of Rs. 12.5 lakhs by India for Mekong River Valley Project, now being drawn up by the ECAFE with international co-operation.

Dr. Prasad warned that regional trade arrangements should not restrict international trade, particularly trade between the different regions.

The President said that despite industrialisation on a vast unprecedented scale in India, the problem before her was how to give gainful employment to her ever-increasing population. He had no doubt that this problem would engage the attention of the ECAFE.

Bangalore, Mar. 10

Health Minister Hegde told the Legislative Council yesterday that the Government proposed to start medical schools in places other than Bangalore with a view to meeting the dearth of doctors in the State and particularly for work in rural areas.

The graduate-doctors were reluctant to work in rural areas for more than one reason and the Government having found no other methods of attracting qualified doctors to villages, had thought of starting medical schools, he added.

Censure Motion Fails

Bangalore, Mar. 10

The Legislative Assembly, yesterday, after a four-day debate rejected the no-confidence motion against the State Ministry, moved by the Opposition parties.

The PSP-led opposition members had staged a walk-out earlier and were not present when the motion was put to vote by the Chair.

Chief Minister Jatti and Home Minister Channabasappa replying to the debate described the motion as an "election stunt".

Sri Jatti refuting the charges said that the no-confidence move was the outcome of "nervousness and fear" of defeat in the next elections, because of the solidarity and strength of the Congress party The ouster-move and the pre-planned walk-outs were merely attempts to show to the country that (opposition) were doing something to the people. That, he said, was not at all the method to get elected in the elections.

THERMAL POWER PLANT IN A.P.

EDITOR'S TRAGIC END

Sri K. Rama Rao, the veteran journalist and former Editor of the 'National Herald' and the 'Searchlight' died yesterday under tragic circumstances, while proceeding by train from Patna to Lucknow.

He was occupying a door-side sleeping berth in the Delhi Express. The door was open and he was reported to have accidentally fallen out of it The alarm chain was pulled by his fellow passengers, but the train did not stop as the chain did not work It stopped only at the next halt about 30 miles away. His body was picked up by the Janata Express which followed the Delhi Express.

Readers' Fourm

HIGHLY DISCOURTEOUS

Sir-Our Universities and colleges are temples of learning and centres of culture. They have to serve as models in developing national consciousness among students. It is a matter of profound sorrow that on Tuesday when our great country sustained a national loss in the death of the great stalwart. Pandit Pant, a premier educational institution, Maharaja's College, was farcifying those great ideals. As the All-India Radio was beeming forth in most meloncholy tone a vivid account of the cremation ceremony of the great patriot, leading educationists of the State and a large body of student population was indulging in merry making on the spacious lawns of the Maharaja's College where a Tea Party was arranged between 5 and 6 P.M. as part of the tutorial day celebrations of the College in which Vice-Chancellors of two Universities in the State were participating. The organisers of the function cannot excuse themselves as having had no time to cancell the party for they had sufficient time to do so.

The observance of a thirty-second silence (before the commencement of the regular meeting) with pan-beeda chuckling in their mouth and beautiful rose peatals adorning the button holes of their coats is no homage at all to the departed soul. The organisers owe an explanation to none, but to their own conscience.

TAX ON MARRIAGES

AMRIT KAUR'S PLEA IN RAJYA SABHA

Rajkumari Amrit Kaur suggested in the Rajya Sabha yesterday a tax on marriages for augmenting resources for the Third Plan.

She said tax could be realised as a registration fee, all past and future weddings having to be compulsorily registered Such registration, she said, would help in keeping a watchful eye on the age at which marriages took place. It should also be possible to refuse registration unless at least one of the contracting parties was a wage-earner.

ANOTHER RUSSIAN SPACESHIP

The Soviet Union yesterday launched and recovered safely another spaceship with a dog and other biological objects aboard.

A 4½-ton satellite ship was launched and brought back to a safe landing. The condition of the dog was normal after its flight.

STERN ACTION AGAINST VIOLATION OF TRAFFIC LAWS

SPECIAL POLICE SQUAD SET UP

SAYS HOME MINISTER CHANNABASAPPA

Mysore, Mar. 14

Home Minister Channabasappa disclosed here that he had issued instructions to police to take prompt action against all those violating traffic rules. A special police squad would make surprise checks to prevent over loading and overspeeding of buses and lorries.

The Minister said that the Home Ministry would not tolerate any violations of laws and would take rigorous steps to curb the growing tendency of lawbreaking Police officials, he said, without any discriminaiton between the high or the low would take action on offenders.

Mr. Channabasappa in all seriousness called upon all bus owners, drivers, conductors and passsengers to take note of the measures the Home Ministry wished to take to ensure strict implementation of traffic rules.

He said no bus carrying passengers above its seating capacity would be allowed by the police to move from the bus stands and if it was found that buses overloaded in the course of a trip, the passengers would be dropped there and suitable action be taken against the bus owners, drivers and conductors. This measure, no doubt, would inconvenience the general public, but it was to be remembered that the Government would not tolerate legislations being flouted.

With a view to providing maximum facilities, he said, the Regional Transport Authority and the State Transport Authority were being instructed to grant more permits for running buses He appealed to the public to extend their wholehearted co-operation in this behalf and said that in enforcing these regulations, no discrimination between Government and private buses would be made. Drastic action would also be taken against over speeding of buses and lorries and such other offences as non-uniformed drivers and conductors and of dimming lights.

Any complaint by lawbreakers against the authorities would not be looked into, he added.

The Minister later discussed with the DIG Quadir Ali, the DSP Rao and Superintending Engineer Basanna, the measures to improve police stations.

COMMON MAN NOT AFFECTED BY NEW TAXES

NO JUSTIFICATION FOR RISE IN MATCHBOX, KEROSENE & BETELNUT PRICES

SAYS FINANCE MINISTER MORARJI

The Union Finance Minister Morarji Desai yesterday justified his new taxation proposals and asked who but the people could provide the resources for the country's economic development in order to give every one a proper living

He told the Rajya Sabha that almost three-fourths of new taxes did not affect the common man and some of them were such increases in the incidence of indirect taxation as did not justify any increase in the prices of those commodities.

For instance, he said, there had been some confusion about the position relating to matches. There had been no increase of duty. Instead of rolling in 40s and 60s, matches should be sold in 50s at the same price. If some shop keepers had raised the price, it had no justification.

Similarly, in the case of belel-nuts, only imported nuts, on which profits of the trade ranged between 300 and 400 per cent, were to pay more. Indigenous nuts had not been taxed at all.

The poor man's kerosene was not affected but only the superior variety.

The tax incidence on coffee and tea was negligible, being one naya paisa extra for every ten cups of coffee and every 20 cups of tea. These were exportable commodities and the idea was to discourage internal consumption so that there could be more exports.

Only inferior tobacco was now taxed to prevent its admixture with higher quality bidi tobacco.

NEW U. S. ENVOY

President Kennedy has appointed Mr. John Kenneth Galbraith, professor of economics at Harvard University, as United States Ambassador to India.

Mr. Galbraith has long maintained a particular interest in the economic development programmes of India and South Asia generally.

The 52-year-old economist held a number of policy-making governmental posts during and after World War II prior returning to academic life at Harvard University in 1949.

Mr. Galbraith visited India in 1956 for several months and again in 1959 for a period of several weeks. At the request of the Indian Government he prepared notes on his observations, and these notes have been the basis for discussions among Indian economic planners recently during preparations for the nation's Third Five-Year Plan.

Mr. Galbraith will succeed Ellsworth Bunker, who has served as Ambassador to India since 1956.

27 Standard Acres:

MYSORE LAND COMMITTEE'S REPORT ON CEILINGS

Bangalore, Mar. 27

The Joint Select Committee on the Mysore Land Reforms Bill, which was presented to the Assembly on Saturday, has recommended the fixation of ceilings on land for personal cultivation on the basis of standard acres and not on the basis of net income derived from the land as was contemplated in the original Bill.

The Committee has recommended 27 standard acres as the ceiling limit for a family of five. The basic holding is fixed two standard acres and the family holding is defined as six standard acres.

A standard acre has been defined as wet land or garden land possessing facilities for assured irrigation, where two crops of paddy can be raised in a a year.

This change eliminates the need to appoint a land commission as provided in the original Bill.

The other important changes recommended include withdrawal of the exemptions granted to arecanut and coconut plantations, constitution of judicial tribunals, allowing legal practitioners to appear before the tribunal and making a provision for free legal aid to needy tenants.

The committee has turned down the request to exempt religious and educational institutions from the purview of the Bill.

The compulsory provision for a personal cultivator to reside within 10-mile radius of his land has been deleted.

The element of compulsion in regard to the provision governing co-operative farms has also been removed.

According to the committee report, every permanent tenant in the State will become a land owner, while every protected tenant stands to get ownership of at least to the tune of a basic holding of two standard acres.

MUNICIPAL BUDGET FOR 1961-62

MORE TAXES ON HOUSE, ELECTRICITY AND WATER SUGGESTED

Mysore, Mar. 27

A surplus budget of Rs. 27,700 as suggested by the Managing Committee was placed before the City Municipal Council, for its approval, by the Commissioner, Sri Nanjunde Gowda, at a special meeting held this morning.

The estimated income for 1961–62 is Rs 1,53,61,600 including the opening balance of Rs. 16,99,700, while the expenditure is Rs. 1,53,33,900.

To augument the resources the Commissioner suggested a rise in the house tax from 5 to 6 percent. This will yield an additional income of Rs. one lakh.

Further, he suggested an increase in electricity tax by half percent, which will yield Rs. 65,000.

An increase of water tax by two per cent will bring a revenue of Rs. 1 50 lakhs

The Commissioner said that the present rate of taxation in the city was the lowest in India. It was high time he said that they should stand on thier own legs and make the Council more stable. At the same time they should provide more amenities and facilities to the rate-payers

He also suggested that the State Government should be requested to apportion the moiety of the large income derived from sales tax to the municipality.

Sri Nanjunde Gowda also felt the need for taking up the remunerative schemes like construction of shops in new Statue Square and Dhanvantri road, sports stadium, mutton market and the formation of new sewage farm at northern outfall.

NEWSMEN STUDY-TOUR

(By G. Satyanarayana)

Mysore, Mar. 28

A party of newsmen from Mysore undertook a 900-mile five-day tour in seven districts of Mysore Division during last week to see the developmental activities.

The tour was organised by the State Government.

Accompanied by Sri J.K. Basavappa, Asst. Director of Information and Sri G. Rudriah, the pressmen visited Chikkadnahalli, Belikere, Hunsur, Kudige Dairy centre, Mercara, Puttur, Dharmasthala, Mangalore, Mudabidre, Karkal, Udipi, Manipal, Nagar, Hosanagar, Sagar, Sharavathi Project, Bhadravathi, Kemmangundi, Belur, Kikkeri and Krishnarajpet.

During their tour, the newsmen saw great enthusiasm among the rural folk in the improvement work in villages through the Community Development programme.

The Hunsur Development Block consisting of 209 villages with a population of 64,173 had started in earnest to increase the agricultural production. 3,764 acres had been brought under the Japenese method of paddy cultivation, besides the introduction of See Island Cotton and Virginia tobacco.

An irrigation project costing Rs. 17 lakhs, Kenchanakere, had been constructed, irrigating 9,000 acres. 44 school buildings had been taken up with people's contribution from 35 to 60 per cent.

At Ratnapur colony in Hunsur taluk started by the Government in 1952 to rehabilitate ex-servicemen, about 189 families had so far been settled and 380 acres of dry land and 160 acres of wet land out of 1,008 acres had been brought under cultivation.

At Bayaluguppa, the pressmen saw the very hard work put up by the Tibetan refugees numbering about 1,200. Although unaccustomed to this sort of hard work of clearing the forest, these hefty Tibetans unmindful of the hot climate had cleared 890 acres within three months. They expressed their satisfaction at the arrangements made and said "they are quite happy".

At Kudagi village in Mercara taluk the newsmen were taken round the dairy centre where 4, 000 lbs. of milk per day were being collected from 80 villages and after pasturisation it was being supplied to the doors in Mercara and other places at a cheap rate of 25 nP. per pound.

They also saw the Grama Sevak Training Centre and Workshop wing.

Mercara Development Block consisting of 67 villages with a population of 57,772 had made considerable progress. Due to intensive and modern methods of cultivation, they were able to raise the yield from 1,700 lbs. to 2 900 lbs. of paddy per acre. Kitchen gardening was also a special feature. Co-operative movement had taken considerable stride and there were 63 primary credit societies and 68 grain banks besides housing, coffee-growers, bee-keepers and industrial co-operative societies. Five collective farming co-operative societies had also been started.

At Dharmasthala, the pressmen visited the famous Manjunatheswara temple. Thousands of devotees visit this piligrim places every day to offer their 'kanike', as their prayers had been answered by Sri Manjunatheswara. They also met Sri Ratnavarma Hegde, the hereditary head of the family-deity.

Imbibe Sense of Oneness

COMMUNALISM HAMPERS DEVELOPMENT : NEHRU

Prime Minister Nehru told a public meeting at Rourkela yesterday that those who indulging in communalism and casteism were doing harm not only to themselves but to the whole country.

He said that any communal incident was a slur on the fair name of India. Empahasising the need for maintaining unity in every sphere, Sri Nehru said that anybody who fomented disunity among the people wanted to do so in his self interest. Such people should change their outlook if they were to march along modern times.

Nobody today could live in isolation. Everyone should.therefore, rise above narrow outlooks and develop a sense of oneness, whatever part of India or whichever religion he or she might belong to

City Fathers Oppose More Taxes

Mysore, Mar. 30

The new taxation measures suggested by the Commissioner was criticised by several members yesterday when the adjourned special meeting of the City Municipal Council took up the consideration of the budget estimates for 1961-62.

Sri A. Krishnamurthy Rao (Con.) said that it was "unpardonable sin" to increase taxes. Instead they could economise in expenditure by retrenching superflous posts and removing wastage in engineering and other departments. Although house-tax in Mysore was the lowest, he pointed out that there was octroi duty also which was not levied in big cities like Bombay.

Sri M. K. Lingiah(Cong) also opposed the increase in taxes. He suggested the re-tendering of market stalls and thus increase the revenue.

Sri Sanjiviah (Cong.) wanted that a portion of daily fee collections in Regulated Market should come to the Municipality. He also demanded that 50 per cent of revenue derived from Motor Vehicles Tax should be given to them.

Sri B. Narayanaswamy (Cong.) urged for a setting up of a committee by the Government for proper distribution of taxes on a rational basis.

Sri M. N. Thimmiah (UCP) opposed the rise in taxes and said that they should plug the loop holes and thus increase their resources.

Sri B. K. Puttiah (UCP) also opposed the new taxation proposals.

SELF-SUFFICIENCY IN FOOD

Bangalore, Mar. 30

Agriculture Minister Rachiah told the Legislative Assembly yesterday that the State would attain self-sufficiency in regard to food by the end of the Third Plan.

He said that the State had exceeded food production targets in the first two plans.

The present annual food requirements of the State was 41 lakh tons of which the State produced 38 lakh tons. The requirements would rise to 48 lakh tons by the end of the Third Plan and the State would produce as much by then Mysore had a cultivable acreage of 260 lakh acres, of which 244 lakh acres were under the plough.

RECORD SMALL SAVINGS

Small Savings collections in Mysore State in 1960-61 have reached an all-time record.

During this period, the collections totalled Rs. 2,05,55,000. Prize bonds worth Rs. 51,52,000 were also sold in the State during the same period.

Rehabilitation Of Sharavathi Ryots

(By G. Satyanarayana)

Mysore, Mar. 30

The pressmen during their third-day tour in the Mysore division visited Manipal, near Udipi, a great centre of higher learning. Originally a barren area, Manipal is now humming with activities with hundreds of beaming faces of young men and women drawn from several parts of the country. The Academy of General Education has to its credit a well-equipped Medical College and an Engineering College besides Arts, Science, Commerce and Law colleges. On behalf of the Academy, Messrs Ramesh Pal and Anantha Pai received the visiting newsmen and explained the activities of the educational centre.

At Hulikal near Hosanagar, they visited the Yuvaka Ryot Sangha, library and the Community Hall constructed by the people.

Nagar, the ancient capital of Shivappa Nayak had made considerable progress in the C. D. programme. The Samaja Kalyana Kendra was training women in tailoring, music and other avocations.

The Sagar Development Block comprising 266 villages had brought 5371 acres under Japanese Method of paddy cultivation. Last year the people contributed Rs. 12, 250 for developmental activities. 11 adult literary centres and 39 co-operative societies were functioning.

Sri Vazeer Ahmed, Special Deputy Commissioner explained in detail the rehabilitation work in connection with the Sharavathi Hydel project.

He said that 143 villages comprising 5,000 families, 17,000 acres of irrigated private lands and 60,000 acres of Government forest land in Sagar and Hosanagar taluk will be submerged. The State Government has sanctioned Rs. 100 lakhs for rehabilitating the affected ryots.

The special officer said that 2,800 acres have already been acquired and 400 families rehabilitated. 4 colonies have already been established and 15 more will be set up. 2 to 10 acres of land will be given to the affected ryots. To the tenants 2 acres will be given free besides a compensation of 80 per cent of the present land value. Affected ryots will be transported free of cost to the colonies and will be provided all facilities.

5 NEW TEXTILE UNITS

The Union Government has accepted the recommendation of the National Industrial Development Corporation that five new textile units, each with a capacity of 25,000 spindles and 500 looms and with the most up-to-date machinery, should be allowed to be set up for the production of faultless quality cloth.

University Budget

Mysore, Mar. 31

Vice-Chancellor Sri N. A. Nikam presented the budget estimates for 1961-62 in an extraordinary meeting of the Senate held yesterday.

As per the estimates, total receipts is estimated at Rs. 1,33,31.613 with an opening balance of Rs. 15,16, 113. Expenditure is estimated at Rs. 1,32,97,830 with a closing balance of Rs. 33,783.

Under receipts a sum of Rs 64,71.000 is expected from the State Government, Rs. 31,02,000 from the University Grants Commission, Rs. 21,42.500 from fees and Rs one lakh as loan from UGC for construction of hostels

Under expenditure Rs, 15,81.850 is allotted for colleges; Rs. 7,12,080 for salaries including Rs. one lakh for revision of pay scales of the varsity staff: Rs. 1,02,050 for University Library; Rs. 1.19.19,140 for the Oriental Research Institute; Rs. 2,15,490 for scholarships and fellowships; Rs. 40,000 for varsity publications.

A sum of Rs 64, 04, 557 is allotted for development plans which include Rs. 8. 10 lakhs for development of College of Engineering, Bangalore; and Rs. 25 lakhs for shifting the Engineering College to a more spacious locality; Rs. 104.89 lakh for development of post-graduate study and diesearch in humanities. science, engineering and commerce; Rs. five lakhs for tutorial system and Rs. 72,000 for setting up of students' information bureau and youth welfare centres.

The Vice-Chancellor indicated that during the Third Plan period Mysore University is expected to get Rs. 90 lakhs including Rs. 40 lakhs unspent during the Second Plan from U.G C. and Rs. 50 lakhs from the State Government.

He also revealed that during the recent Inter-University Board meeting it was resolved to wait on the Finance Minister for urging for more funds for normal expenditure and developmental plans.

Irregular Meeting

At the outset, Sri J. B. Mallaradhya raised a point of order that the calling of the extraordinary meeting for consideration of the budget was irregular and against the statutes. He contented that the budget estimates as per the rules could be discussed only at the annual ordinary meeting. Further the present meeting was not in, order as 45 days notice had not been given He said that as members of the Senate which is the highest authority should not flout the statutes and they should always respect the legal obligations.

Sri Kankanhalli Subba Rao and others supported the previous speaker.

At the suggestion of Sri A. G. Ramachandra Rao, a seven-member committee was constituted to go into this legality of the question and the house adjourned for two hours.

The committee after detail discussion came to the conclusion that the meeting was in order. The committee's report with the dissenting note of Sri J. B. Mallaradhya was then accepted by the Senate.

COMPENSATION FOR INAM VILLAGES

Bangalore, Mar. 31

Revenue Minister Kadidal Manjappa told the Council yesterday that full compensation for inam villages vested in the Government in Mysore Division would be paid by the end of December this year and for those in the Bangalore and Kolar Divisions in about two years.

He said that 2 082 villages were vested in the Government till now and that full compensation had been paid in respect of 493 villages and partial compensation in 344.

Crimes Increasing

Bangalore, Mar. 31

Home Minister Channabasappa admitted in the Council yesterday that the incidence of crime in the State had doubled but he throught that the worsening was due to individuals seeking to get rich and powerful overnight and to the "mad scramble" for power and position. It was these menacing elements that rode roughshod over the police also and corrupted its morale. They did not even hesitate to brand honest officials dishonest and pursue their malignant intentions

He appealed to the Opposition for co-operation in checking the anti-social elements in the State.

IMMORAL WOMEN FINED

Mysore, Mar. 31

Five women were arrested at Kumbarageri in Lashkar Mohalla on Wednesday night by Sri C. Perira, DYSP and Circle Inspector Sri G.B. Gowda for having solicited persons for the purpose of immoral traffic and they were fined Rs. 4 each by the Pirst City Magistrate.

University Annual Report

Mysore, Apr. 1

The Senate of the Mysore University, at its adjourned meeting held yesterday, adopted the Annual Report for the year 1959-60.

Prof. N. A. Nikam, Vice-Chancellor presided.

The Report disclosed that there were 33, 121 students, of which 11.693 were PUC, 9597 boys and 2096 girls The total number of post-graduate students were 506 of which 399 were boys and 107 girls.

The largest increase of student population was in Hassan and largest decline in Mandya. While Mysore and Bangalore kept up a steady increase of 11. 11 per cent.

24,734 students were medically examined during the year and it was found that the average weight and height was more in affiliated colleges than in Varsity colleges.

A sum of Rs. 2,35,962 was spent on scholarships.

The total number of volumes in the libraries was 4,87,459 and the average number of books per student was 17.

The Oriental Research Institute examined 7,400 manuscripts of various languages.

48 books of Kannada Classics were printed and priced at cheaper rate. 36 text-books in Kannada were published.

Sharavathi Hydel Project

AHEAD OF SCHEDULE

(By G. Satyanarayana)

Mysore, Apr. 1

The Rs. 68-crore Sharavathi Hydel Project, biggest in Asia and the Far East and producing 1.345 million K.W. was ahead of schedule and would be completed by the end of 1965.

A party of pressmen from Mysore, in the course of a 35-mile drive around the project area witnessed the tremendous magnitude of work turned out by nearly 20,000 workers.

The small Sharavathi river which takes its birth at Ambuthirtha in Shimoga District after traversing in a hilly terrain descends down a magnificent drop of 834 feet creating the world famous 'Jog Falls'.

The main-dam Linganamakki is 8070 feet long and 199 feet high across the river Sharavathi. A smaller dam across the Talakalale stream, a tributary to Sharavathi is 1590 feet long and 205 feet high serving as a balancing reservoir. There will be two tunnels, 2120 and 3510 feet in length, each terminating in a surge tank from where the penstock take off, feeding the water to ten turbines installed in a power house at Anebayal site.

The first stage will be completed in Dec. 1962, generating 2.5 lakhs K.W. of power.

Sri A.R. Raichur and Sri B. S. Narayanaswamy, Superintending Engineers took the pressmen round the project area.

The massive materials used for the project is staggering and it is estimated that a six-foot wall from Bangalore to Jog Falls, a distance of 250 miles could be built from the total quanitity of the material.

The figures speak for themselves of the materials used daily. 2. 5 lakhs of bricks, 1, 200 cubic yards of surki mortar. 1. 30. 000 cubic feet of masonary, 4, 000 bags of cement, 900 lbs. of dynamite, 5, 000 gallons of diesel oil and 500 lorries and trucks working.

A sum of Rs. 3 lakhs is spent everyday, which includes Rs. 80. 000 as wages for workers.

The cost per K. W. of power produced at Sharavathi is stated to be the cheapest, which works out to be Rs. 695 per K. W.

At Bhadravathi. the pressmen visited the Iron and Steel Works. They were entertained to tea by Sri Shivananjappa, Vice-Chairman of the Works. Sri Hanumiah, Secretary of the Steel Works took the pressmen to Kemmanngundi Hill station and had made all arrangements for the overnight stay. The newsmen saw the extraction of iron ore and its transportation by electric rope-way down to a six-mile place where a new siltering plant is proposed to be set up.

The five-day strenuous tour concluded on Friday night.

YOUTH FESTIVAL REPORT

Bangalore, Apr. 1

Home Minister Channabasappa informed the Assembly yesterday that the report of the enquiry officer on the students disturbance in Mysore and Bāngalore during the Inter-University Youth Festival in December 1959 was almost ready and would be submitted to Government in about three or four days.

When members demanded to make available the report to the legislators, the Minister said "It is a confidential report."

FREE GOA

A delegation of the Goan National Union waited on Prime Minister Nehru yesterday and requested him to see that the Congress Party puts the Goa issue on its election manifesto as one of its major concerns, with a positive stand that it would strive to free Goa by the end of 1962.

Police Firing In Nagpur

Police opened fire thrice on unruly crowds indulging in looting and arson in Nagpur yesterday, resulting in death of the person.

One person was killed when an armed constable guarding the Corporation's godown opened fire to disperse a stone -- throwing mob. The 6,000 strong crowd attempted to loot and set the godown on fire when the constable opened fire.

The trouble started when Nag–Vidarbha Samiti took out a procession in defiance of police ban.

NO INDO-PAK COLD WAR

Prime Minister Nehru yesterday warned against adopting the cold war attitude in approaching Indo–Pakistan problems.

Inaugurating the Indo–Pakistan cultural conference at Delhi, he said "We should not allow ourselves to drift into what has come to be known as the cold war attitude to each other. That is a bad thing, a fatal thing everywhere in the world. It does not help in the solution of any problem and makes problems difficult".

He stressed the importance of adopting the indirect, cultural approach rather the direct hostile approach to settle problems and controversies between nations.

RESEARCH ON INDIAN MEDICINE

World wide interest has been aroused by the work on Indian medicine undertaken by the Ayurved Research Council in Delhi.

Sublimation of gold is a news to the modern world of Chemistry, although sublimed compounds have been successfully used for centuries in India. Doctors are anxious to know the potencies which act behind these tonics in rejuvenating the human system so quickly.

The medical scientists are also attracted to 'Pungswan Karma' (our ancient method of producing male issue by administering 'Kandiari' and other herbs in an early stage of pregnancy).

The dramatic results of 'Punarnava' herb in the treatment of eye diseases especially on conditions regarded incurable so far were the first to attract the attention of the medical authorities. The herb shattered the universally held belief that the glasses once adopted could never be eliminated. Now 'Punarnava' is used even in the hospitals of international repute.

USE OF HINDI

The Union Government has indicated that as far as possible by the beginning of March 1962, all Hindi letters are to be replied in Hindi and by the end of 1963-64 Hindi is to be used in addition to English generally for correspondence with those States which have adopted Hindi as their official language.

Levy of Terminal Tax

CITY FATHER'S PLEA

Mysore, Apr. 5

The adjourned special budget meeting of the Municipal Council was held last evening.

Sri H. Kempe Gowda, President was in the chair.

Dr. B. G. Das said that by adoption of economic measures, the burden of taxation on the poor could be lessened. He suggested the taking over the Vanivilasa Water Works, the Dasara Exhibition and the Zoo, starting of markets in various mohallas and imposing heavy fines for adulterating foodstuffs by a Municipal Court.

He urged that cycle tax be reduced to Rs. 2

Smt. Soundaryamma welcomed the new taxation measures and said that they should take advantage of the Government's policy of giving loans and thus take up constructive works and improve the city.

Sri Venkatalingiah described budget as progressive.

Sri D Lingiah wanted that the establishment charges should be reduced.

Sri Chikkathammiah wanted that cheap model houses costing about Rs. 2, 000 should be constructed by the Municipality.

Sri Jogi Siddiah suggested more funds for social activities and welfare of Harijans.

Sri Doddathammiah urged that arrears of taxes due from the Government and other bodies should be collected on contract and commission basis.

Sri SrikantaSharma opposed any increase of taxes. He regretted that no remunerative schemes were taken up during the last year and it was the "bad luck" of the people to go again under the burden of more taxes. He wanted that more vigilance to be followed by the Octroi Department and increase its revenue by Rs. 2 lakhs. The wear and tear of city roads due to the Government Buses to the tune of Rs. 8,000 should be collected from the Government, he said.

GIVE UP NARROW-MINDEDNESS

NEHRU COMMENDS TAGORE MESSAGE

Prime Minister Nehru stated yesterday that it was very much necessary for the country today to heed the advice of Gurudev Tagore that nationalism should not make Indians narrow-minded.

He was laying the foundation stone of Tagore Theatre at Paldi in Gujarat. It will be built at a cost of Rs. 12.5 lakhs on the banks of river Sabarmati.

Sri Nehru said that Tagore had feared that India even on attaining her independence might remain narrow in her outlook. The nationalism might become a cage for the country and she might become aloof from the world. Gurudev had warned Gandhiji of this. Tagore wanted the walls of narrowness to be broken. The message of Gurudev, he said, was all the more needed in country today when the world was becoming one and when with the speed in travel today there might remain no meaning of boundaries of different countries in another five or seven years.

Later he told Congressmen that they should be absolutely clear in their minds that communalism in any form would ruin the country.

No Ban On Pupils From Politics

The Government did not propose to bring forward any legislation to ban students from participating in political demonstrations, stated the Uuion Education Minister Shrimali in the Lok Sabha yesterday.

He added that a conference of Vice-Chancellors held last year had suggested that political parties should themselves come to an understanding on exercising restraint in the matter so that pupils below the age of 14 might not be involved in politics. It was considered very harmful for children to take part in processions organised by political parties.

Asked whether there was any proposal to organise a conference of political parties as had been done in Madras, Dr. Shrimali said that an agreement was reached in Madras between political parties not to draw students into politics. But some ef the parties had changed their minds.

CHINESE FISHERMEN

The Lok Sabha was told by Minister Datar that two foreign fishing boats with a crew of 17 of whom 11 were Chinese nationals were captured by Andaman Police in the middle of December last near Nicobar island.

A. I. R. PROGRAMME

The Programme Advisory Committee of All India Radio, Bangalore which met yesterday, suggested that attempts be made for the improvement and expansion of programmes publicising Five-Year Plan activities. It was suggested that features on major projects in Mysore State be broadcast to give an idea of the general good that had resulted from these projects and the overall economic value of these projects.

The committee also suggested that programme of common interest which would aim at correcting the wrong notions, if any, with regard to national unity and strengthening the bonds of kinship and unity, be broadcast from time to time.

YARDSTICK TO PROGRESS

Prime Minister Nehru inaugurating the Rs. 43-crore Narmada river project in Gujarat State, stated that improvement of agriculture and development of industries were two main tasks before the country to secure progress. The river projects helped in both these tasks. The five-year plans, he said, were the yardsticks to judge the progress of the country.

I. P. S. OFFICERS

The Union Home Minister Shastri informed the Lok Sabha that a final decision was expected to be taken shortly in regard to upward revision of pay scales of I. P. S. Officers. The Government found it not possible to recruit good officers for the IPS under the present scales. The present scale, he said, was low and the work was difficult as compared with other services.

RESTRICTIONS ON WHEAT REMOVED

The Union Food Minister Patil announced in the Lok Sabha yesterday the Government's decision to remove with immediate effect all restrictions on the movement of wheat and wheat products throughout the country.

This decision was due to bright prospects of the coming rabi crop, availability of large stocks of foodgrains and heavy import programme.

Asked whether the restrictions on rice movement would also be removed, Sri Patil said that the rice position was much better at present and if the position coutinued to be so, there was every prospect of the restrictions being removed.

GIFT TO THE NATION

His Holiness Syedna Taher Saifuridin, head of the Dawoodi Bohra community has gifted to the nation a bungalow at Dandi where Mahatma Gandhi stayed during his historic march to Dandi in 1930 to defy the then existing salt law. Prime Minister Nehru who visited Dandi accepted the gift.

Indian Sugar To U.S.

The Union Food Minister Patil announced yesterday that he would be proceeding to the United States shortly to negotiate with the U.S. Government about possible export of Indian sugar to the U.S.

He told the All-India Foodgrains Dealers Association that in about three years time, India would be able to compete in the world sugar market without sustaining any loss. The Government, he said, proposed to take necessary steps to encourage growers to raise more sugarcane in the country so that the production of sugar might reach a stage when its price might also come down.

Sri Patil advised foodgrain dealers not to hoard foodgrains but be just and fair in their distribution so that the interests of peasants and consumers would be protected.

Road Transport Nationalistion

ONLY AFTER THIRD PLAN

Dr. P. Subbarayan, the Union Transport Minister stated in the Lok Sabha yesterday that most of the State Governments were in favour of nationalising road transport to augument their revenues.

He added that revenue coming to the States were not ample enough for their work and therefore, they had to think of raising their revenues. Road transport was one of the things.

But, he said, the Centre had stopped the State Governments from doing anything in this direction till the end of the Third Plan period.

Malted Milk Powder

Mysore, April 8

An improved process for the production of nutritive and palatable malted milk powder and allied products has been developed at the Central Food Technological Research Institute, here.

The new process makes use of solid powder, such as malt extract and milk powder, as base material instead of fresh milk and malt liquor. Production is thus facilitated since the amount of water to be evaporated for preparing the product is reduced.

The base materials required in the new process are ragi, jawar, barley, wheat and milk which are easily available in the Country.

The total capital outlay for a 300-ton annual capacity plant is estimated at about Rs. 6.85 lakhs.

In recent years, a considerable market has been developed for malt products in India. The demand has been largely met from imports. In 1957 the total value of malted milk and malted milk powder imported was about Rs. 95 lakhs. Since then, imports have been drastically reduced to about 5 to 10 per cent.

WRITES EXAM BY FOOT

21-year-old student, Yadav Meshram of Tumsar in Nagpur and armless since birth, has written all his pre-university examination papers by foot.

Instead of seeking the help of a writer usually allowed for the physically handicapped, **he wrote all his answer books by holding a fountain pen between toes. His writing was quite legible and smooth.**

NO TRUCK WITH COMMUNAL BODIES

FRESH BLOOD FOR LEGISLATURES

POLICY DECISION BY CONGRESS

The Congress President, Sri N. Sanjiva Reddy has made it clear that the Congress would fight communalism straight and have no alliance or understanding of any kind with those organisations which are either communal or reactionary.

Whether communal parties should be legally banned was a matter which the Congress Parliamentary Party was examining. He considered the Muslim League, Hindu Mahasabha and the Jan Sangh as communal bodies As far as the Communist Party, Sri Reddy said "fundamentally we differ from the Communist Party so that there can be no truck with it".

Dealing with the selection of candidates for the general elections, the Congress President said rules framed for the guidance of PCCs suggested that consideration should be given to the point, whether a person, particularly a Minister, had served two terms and whether he would continue to be useful. It was the intention that at least a third of the sitting members should retire in order that new blood could come in and also obviate one of the causes of factions, that the same people stuck too long to office.

MORE RICE YIELD

The All-India average per acre yield of rice in 1960-61 is put at 908 lb. as against 837 lb. in 1959-60. The production in 1960-61 is estimated at 337 lakh tons, 30 lakh tons more than in the previous year.

PANCHAYAT RAJ

The acceptance of the concept of panchayat raj throughout the country has been an outstanding achievement of the department of the Community Development, according to its report for the year 1960-61.

The C. D. Programme covers a population of 203 million and 3,68.200 villages. There are 3,110 blocks.

During the first four years of the Second Plan, the Government's expenditure was Rs. 136.73 crores, while the people's contribution amounted to Rs. 63.61 cores.

INDIA-BUILT GAS TURBINE JET ENGINE

India marched a step forward in the field of aeronautical industry when the Union Defence Minister Krishna Menon switched on the first India-built gas turbine jet engine at Kanpur.

The jet engine was designed and developed by IAF technicians of the gas turbine research centre at the the Air Foree in Kanpur.

CO-OPS. FARMING SOCIETIES

3,200 co-operative farming societies in pilot projects would be started during the Third Plan.

During the same period, 29,000 new co-operative societies would be established and 52,000 societies would be re-vitalised.

SEPARATIST FORCES SPELL INDIA'S DOOM

NEHRU WARNS NATION

Prime Minister Nehru declared that India would be doomed, if communal and separatist forces were not checked and rooted out.

He said that the people must learn a lesson from the Jabalpur disturbances which were 'disgraceful beyond measure". Nothing had caused greater damage to India and its freedom during the last 13 years as these disturbances in certain cities and towns of Madhya Pradesh. "There should be no false thinking about it. The Jabalpur and Saugor disturbances have been disgraceful and have made us hang our heads in shame all over the world".

Sri Nehru warned that without unity and nationalism, India would split up into warring fragments and cease to be a nation and its freedom would be undermined.

Syndicate's Order Challenged

STUDENT'S WRIT ADMITTED

Bangalore, Apr. 12

The Mysore High Court yesterday admmitted a writ petition by J.M.S. Prasad, a student of the B.M.S. Engineering College, Bangalore, challenging the resolution of the Mysore University Syndicate dated April 5, 1961, resticating him for two years.

The petitioner stated that he had appeared for the second year engineering examination which was now being held. He said that he appeared for the practical examination on Apr. 4, 1961. He had to appear for another examination on Apr. 13 and others on 17. But on Apr. 7 he was served with an order stating that in view of malpractices disclosed and unfair advantage secured by him, he had been debarred for two years or for four examinations with effect from April 1960.

Admitting the petition, the Court suspended the impugned resoultion of the Syndicate pending disposal of the writ petition. The University was also directed to permit the student to attend the examination.

Low Cost Car

The Lok Sabha was informed by **Sri Manubhai Shah**, Minister for Industries that the production of a low cost car in the public sector was expected to begin in 1963. The factory will take from 30 to 36 months to produce a wholly indigenous car.

The Minister said that the report of the small-car committee along with the Government's decision will be released in a few weeks.

SCURRILOUS BOOK

The Lok Sabha was informed yesterday that the book "India with and without Regrets" by a Swiss journalist who visited the country thrice in the past twelve years and had been declared an undesirable alien contained scurrilous remarks about India.

The author had lampooned India's religious beliefs, the morals of girls and lampooned industrial efforts. He had written that 400 millions of people of India were fit to be put in the gas chamber and killed rather than developed.

The Parliamentary Secretary stated that the German Embassy in New Delhi had expressed regret to the Government of India about the contents of the book published by a West German publishing firm.

Police Encounter With Panther

Mysore, Apr. 12

An eight-foot panther was bagged after a thrilling encounter by a police party in Honnali village in Bidar district.

The police party headed by Superintendent Ratna-Raj rushed to Honnali village on receipt of telephonemessage that the entire village had taken shelter indoors unable to face the wrath of the beast, which had already attacked six persons.

The police tracked the panther to a bush 10 miles from the village. **On** sighting the men, the panther charged them and mauled one of them on the forearm. When the Reserve Inspector shot at it unsuccessfully, it turned upon him and threw him to the ground. TheSuperintendent attacked the beast with the butt of his rifle which broke. The animnl, at once, charged him who fought with it bravely. Fortunately, at this stage, the attention of the panther was drawn to a village dog accompanying the party. This gave some relief to the Superintendent who seized his rifle and shot the panther.

Education By Television

In a world which is still 44 per cent illiterate and in which conventional educational methods are not adequate to meet the immediate need, the possibilities of education by television have captured the attention of educationists on every continent.

Four experts from the United States visited India in 1959 under a Ford Foundation grant to discuss the use of television in accelerating India's extensive literary drive. They estimate that millions of adults could be taught to read and write in seven basic tongues by a television system costing less than 47 nP per person.

In the United States, during 1958-59,569 public schools and 117 colleges used television for direct instruction in regular courses for more than 500,000 school going children and 100,000 college students.

CHINESE INCURSIONS IMPOSSIBLE

HIMALAYAN BORDER WELL DEFENDED

INDIAN ARMY MORALE HIGHER

—SAYS KRISHNA MENON

The Union Defence Minister Krishna Menon declared yesterday in the Lok Sabha that India's Himalayan border with China was defended in such a way that incursions into our territory are impossible".

He added that any idea that the Chinese might attack India any time and just "walk here" no longer hold good.

The Defence Minister said that he did not want anyone to think of India raising any army equal to that of the Chinese army or having weapons equal to that of great powers.

"We have no military allies being an independent country and since we have no military alliance, our position is that we have to look after ourselves".

However, he said that "there has been deployment of our troops on the Sino-Indian border in such a way that incursions into our territory are impossible".

Referring to the criticism about discontent in the army on promotions, Sri Menon said that there was no irregularity and promotion was done in a way very much more meticulous than in other places. He declared that "the morale of the Indian Army is higher than ever before".

ALUMINIUM PLANT

The Union Industries Minister Reddy told the Lok Sabha yesterday that it was proposed to establish an aluminium manufacturing unit in the public sector.

He said the Government was also thinking of the possibility of sanctioning three more fertiliser units, in addition to the existing three in the public sector and three permitted in the private sector.

In deciding the location of new cotton textile industry unit, preference would be given to States such as Andhra Pradesh, Rajasthan and Uttar Pradesh, he said.

In deciding upon the location of new industries, the Minister said, consideration would be given to the objective of their dispersal into areas which had not been industrialised.

SOVIET SPACEMAN RETURNS SAFE

Eichmann's Trial

Adolf Eichmann who once held power of life and death over the Jews of Europe, went on trial at the Israeli Court in Jerusalem on Tuesday.

Stooping, balding and bespectacled and sitting in the bullet-proof glass dock, he looked more like a professor than the Nazi mass murderer of Jews.

"Eichmann was not just an ordinary cog in the wheel", the Israel's Attorney-General said. He initiated, planned, organised and implemented the extermination of the Jews in Europe".

MOST REMARKABLE NEWS IN HISTORY

SOVIET TECHNOLOGICAL TRIUMPH

The world's first spaceman, 27-year-old Soviet Pilot-Major Yuri Aleksevich Gagarin, landed safely in a pre-determined spot in Russia yesterday after orbiting the earth in a Soviet spaceship named "Vostok" (East). He is married and has two daughters.

The first man into space was launched on Wednesday. The first announcement stated that cosmonaut was orbiting the earth every 89 minutes, six seconds at a minimum height of 109 miles and a maximum height of 187 miles.

Major Gagarin first reported while he was over South America "Flight is proceeding normally, I feel well". Later over Africa, he reported "I am withstanding the state of weightlessness well".

When the spaceship landed, he said "the landing was normal. I feel well. I have no injuries or bruises".

Major Gagarin was in space in his 4-1/2-ton spaceship for 108 minutes.

The world's first spaceman "is a kindly-faced family man and is a man of great and very real character", says Moscow radio.

The news climaxed some 20 years of scientific effort and at least two years of dedication and near-torture suffered by Soviet and American space trainees.

Russia which has been just ahead of the Americans all the way, has succeeded in getting a man into space ahead of the USA, which is not expected to launch its first astronaut until the end of this month.

GREAT VICTORY

Prime Minister Nehru has sent a message of congratulations to Mr Khrushchev on the tremendous achievement of Soviet scientists. He described it as a "great victory of man over the forces of nature and also a victory for peace".

Sri Nehru said "when the human horizon is being extended in this way, it seems narrow-minded folly and utter lack of vision for people in this little earth of ours to talk of and prepare for war".

KENNEDY HAILS

President Kennedy of the United States has congratulated the Soviet Union on its man-in-space achievement.

The President said "the achievement by the USSR of orbiting a man and returning him safely to ground is outstanding technical accomplishment. We congratulate the Soviet scientists and engineers who made this feat possible.

DEDICATED TO PEACE

"IMPEACHMENT" OF KRISHNA MENON

KRIPALANI'S CHARGES

Acharya J. B. Kripalani "impeached" the Defence Minister Krishna Menon for the acts of omission and commission, in the Lok Sabha on Tuesday.

He read out the charge-sheet saying "I charge him with having created cliques in the army. I charge him with having lowered the morale of our armed forces. I charge him with wasting the money of a poor starving nation. I charge him with the neglect of the defence of the country against the aggression of Communist China. In the international field, I charge him with having lent his support to totalitarian and dictatorial regimes against the will of the people to freedom".

Sri Kripalani demanded the appointment of an independent review of army affairs by a committee headed by the Vice-President and members of Parliament.

MENON'S DEFENCE

The Defence Minister strongly repudiated the charge that cliques had been created in the army leading to lowering of its morale and neglect of the defence of the country.

"There is no other person more responsible than Acharya Kripalani himself for trying to create cliques in the army", he said.

Sri Menon reiterated that the morale of the army was higher than ever before and the defence of the country were well maintained.

As regards promotions, he said they were done with great propriety and great care conforming to the rules laid down. No injustice had been done in any case.

P. M. REJECTS

Prime Minister Nehru yesterday turned down the suggestion for the appointment of any inquiry committee into the state of affairs in the army.

He warned that it would be a very bad practice if disgruntled officers were to go to members of the Opposition and complain about promotions.

Defending the promotions made in the army, Sri Nehru said that this policy was decided by Government and not by any individual. The Defence Minister as such had not decided any policy. The person most responsible "is the Prime Minister and of course, the whole Cabinet".

CENTRE TO TAKE OVER KGF MINES

What Spaceman Saw

The world's first spaceman, Major Yuri Gagarin described yesterday his feelings as the first cosmic voyager, the strange experience of being weightless yet able to write and work, the beauty of the earth floating in a completely black sky, the brilliance of Sun and stars.

He "said everything was easier to perform, legs and arms weighed nothing. "I ate and drank and everything was like on earth. My handwriting did not change, though the hand was weightless. But it was necessary to hold the writing block as otherwise it would float away from the hands". The passage from weightlessness to gravitation was gradual and smooth as he descended.

"I saw with my own eyes the earth's spherical shape, the view of the horizon was quite unique and very beautiful, bright orange border merging into blue".

SELF-SUFFICIENCY IN FIFTH PLAN

Prime Minister Nehru stated yesterday at Amritsar that judging from the performance and achievements during the first two plans, India would attain self-sufficiency in the fifth plan period in respect of capital and techniques.

DESAI'S ANNOUNCEMENT IN LOK SABHA

The Union Finance Minister Morarji Desai announced yesterday in the Lok Sabha that the Central Government was considering a proposal to take over the Kolar Gold Mines from the Mysore Government and run them as a Central undertaking.

He said the State Government had agreed to this proposal in principle and the Central Government hoped to reach a decision in this regard shortly.

The proposal now under consideration would facilitate an improvement in the working of mines and a better and more systematic utilisation of the payable ores. The question of any dislocation of the existing arrangements did not arise.

The Minister said that it was intended to associate the Mysore Government with the running of the Mines in an appropriate manner after the Centre took over.

He said the Kolar Gold Mines were acquired by the State Government in Nov. 1956 and had since been run as a nationalised departmental undertaking. Iu July 1958, it was decided that the entire gold produced in the country should be acquired by the Central Government to be held as non-monetary stocks at their disposal.

In view of the need for making more adequate and satisfactory arrangements and having regard to the technical problems encountered in the mines which were among the deepest in the world, the Central Government were now considering the question of taking over the mines and working them directly under the supervision of the Central Government, Sri Desai added.

WOMAN'S AFFAIR IN LEGISLATORS' HOME

Bangalore, Apr. 14

Chief Minister Jatti informed the Legislative Assembly yesterday that investigation into the incident in the Legislators' Home was in progress and it was likely to be completed in two or three days.

He made it clear that none had tried to hush up the affair and after investigation, all the facts would be placed before the House.

According to the police, no legislator was involved. The attack on a woman was by a guest of an MLA and two others, it is stated.

INDIAN CRUDE OIL

The Burmah Shell and Standard Oil refineries in India have agreed to refine crude oil to be produced at Ankaleshwar. Trial production will begin by September next.

STRONG CO-OP. SECTOR

The Union Minister for Community Development, Sri Dey stated in the Lok Sabha yesterday that it was absolutely necessary to build up a dominant co-operative sector to achieve the socialist pattern of society.

Strongly defending the principle of co-operative farming on a voluntary basis, he said, that Government had a modest programme in the Third Plan for co-operative farming. This was to ensure that there was not even a semblance of compulsion in this scheme.

PAK VIOLATES INDIAN AIR SPACE

The Union Defence Minister Krishna Menon told the Lok Sabha yesterday that there were eight cases of violation of Indian air space by Pakistan aircraft since December 15 last year

On Jan. 6 this year four to six Pakistani planes violated Indian territory. On Jan. 8 there was another violation.

Sri Menon said that it was not recognised international practice to shoot down planes which violated air space until every other remedy was exhausted. It was an act precedent to war. Protests had been made to Pakistan and he had no doubt that Pakistan would take notice of them.

JALLIANWALA MARTYRS MEMORIAL UNVEILED

President Rajendra Prasad yesterday unveiled the martyrs' memorial "Flame of Liberty", in the historic Jallianwala Bagh where 379 people fell to the bullets of General O'Dwyer's troops, 42 years ago.

Built at a cost of Rs. 9.25 lakhs at Amritsar, the 45-foot high red-stone memorial column represents a flaming torch.

Besides the Martyrs' Well, the Memorial Trust Committee has preserved the bullet marks on the high walls striking the 2,400 sq. yards area.

Prime Minister Nehru speaking on the occasion said that the memorial reminded the people of basic necessities of unity and emotional integration and maintenance of freedom. If they kept this ideal before them and subordinated all their selfish interests to the national unity, no foreign power could cast an evil eye on India.

President Prasad said that it was essential for the maintenance of freedom and securing the future of the nation that all maintained unity and laboured hard to make the country more prosperous in the same manner as the martyrs had shed their blood jointly in the struggle for national deliverance. He hoped that this memorial would continue to inspire the nation to higher sacrifices for the economic amancipation.

"First Pilot-Cosmonaut In the World"

HERO'S WELCOME TO GAGARIN

Major Yuri Gagarin, the Soviet spaceman has been awarded the title "Hero of Soviet Union", the order of Lenin and a gold medal.

A decree from the Presidium of the Supreme Soviet cited him as "the first pilot-Cosmonaut in the world".

Moscow turned out in its millions to honour the first spaceman. Laden with flowers, embraced and kissed by Khrushchev and other leaders and by his family, Major Gagarin drove from the airport to the Red Square to receive his country's thanks for the momentous flight.

POWER PROJECTS

Bangalore, Apr. 15

Public Works Minister Veeranna Gowdh told the State Assembly that the Government was keen on harnessing Kalinathi, Megdot, Avinashin and Barapole for power generation atleast in the Fourth Plan. While the State had the potentiality for 40 lakhs kwts. at the end of the Third Plan, they would have tapped only one-third of this potential.

The Minister revealed that the Government was considering to have a thermal unit at Bangalore to supplement the power needs.

MOBILE COURTS IN MYSORE

TO PUNISH BOOTLEGGERS AND OTHER OFFENDERS

Bangalore, Apr. 15

Home Minister Channabasappa disclosed yesterday that the Government proposed to start "Mobile Courts" for speedy and on-the-spot disposal of cases, specially prohibition cases.

Addressing a conference of District Magistrates, top police officials and regional transport officers of the State, the Minister said he would give them all facilities and equipment they required but demanded that they should root out the menace of bootleggers, immoral traffic offenders and other bad elements.

Sri Channabasappa exhorted the officers not to allow themselves to be influenced by anyone, whatever position he held but carry on their work honestly and sincerely. He cautioned them against touts and urged them to get rid of them.

About the enforcement of prohibition law, he said, if police were not able to enforce it, nobody else could.

As regard Motor Vehicles Act and Rules, he regretted that they were honoured more in violation than in observance and he asked the officers to take drastic steps and to remedy the situation.

The Minister told them that they should create a sense of security, fairness and peace among good men and a sense of fear and terror among the bad elements.

BANNING COMMUNAL BODIES

CONSTITUTIONAL DIFFICULTIES

—SAYS LAW MINISTER

The Parliamentary Congress Party yesterday heard the report by the Union Law Minister Sen about the difficulty in banning a party from contesting elections on constitutional and other grounds.

Sri Sen held that a blanket ban on communal parties was possible only if the Constitution was amended denying the right of association in certain circumstances. A party could not be debarred from contesting the elections, if it was permitted to carry on other activities.

However, the Election Commission could withdraw recognition from such a party temporarily by amending the People's Representation Act, he said.

MYSORE GOVERNOR IN DARIEN

Sri Jaya Chamaraja Wadiyar, Governor of Mysore, visited Darien, Connecticut, U.S. recently, of which he had heard so much.

Darien has had a "sister-town" relationship with the 12,000 residents of Mercara, in Mysore, since 1955.

On his arrival here he was the luncheon guest of the Darien Community Association, a women's club, and spoke to 350 of its members about the value of of their friendship project.

"The Mercara-Darien group has become a by-word for fellowship and goodwill in Mysore", he said.

Relating the spiritual quest of Americans to that of the people of India the Governor said, "The conception of the whole world as one family is the keynote of India's philosophy of internationalism. But this is not an internationalism which involves indifference to one's own nation. What holds good of the relation between individuals also holds good between nations."

"We are all members of a family, a community, a nation, and the world," he added, and these loyalties need not conflict.

FUNDS MISUSED

Bangalore, April 17

State Minister for Rural Industries Sri Veerendra Patil disclosed here yesterday that loans distributed to help develop rural industries were mostly misused and the scheme had not registered sufficient progress. If the co-operative movement was not a success, there was no future for democracy in the country, he added.

Inaugurating the conference of Karnataka Rural Industrial Co operative Group Inspectors Association, the Minister said that the Government had started the Visvesvaraya Rural Industrialisation scheme about 12 years ago and had distributed about a crore and a half rupees so far through co-operative societies and banks. But the money had not been utilised for the purpose for which it was meant. So much so progress under the scheme was not satisfactory.

Government, he said, were thinking ways and means to prevent misappropriation of the money. About Rs. 54 lakhs had to be recovered.

World Renowned Herb

World renowned Lakshmana herb, untraceable for a couple of centuries, has been found in Northern parts of India and South Europe by the joint efforts of the Ayurved Research Council of Delhi and some other sister institutions.

Tuberous root of this wonderful plant has a great resemblance with a male child and its leaves bear red spots which very much look like a child.

Indian system of medicine accepts Lakshmana as 'Putar Jan-ni' (Male child producing) and 'Garbhda' (impregnative).

'Lakshmana' will be exhibited during the forthcoming session of the All India Ayurved Congress on April 28, 29 & 30.

Indo-China Dispute

ARBITRATION, SAYS J.P.

Sri Jayaprakash Narayan, Sarvodaya leader stated yesterday that the dispute with China was a fit case for arbitration.

He said that there was no question of surrender of anyone's sovereignity. Neither was the will of the people involved, since this area was not inhabited. Under these circumstances, arbitration seemed to be the only way. A negotiated settlement had been found impossible so far and a war between the two countries was unthinkable, he added.

SARVODAYA PANACEA FOR INDIA'S ILLS

Addressing the 13th All-India Sarvodaya Sammelan, Sri Jayaprakash Narayan reminded the people that the task of national integration for the greater part remained unfulfilled. The message of Sarvodaya, which was the message of love, was the single major answer to this rightful challenge. He was convinced that there was no other force than the force of love that could weld India into a nation or community and bring about emotional integration and unity needed for the pursuit for common ideals.

Referring to the ushering of Panchayat Raj in the country, he said that Sarvodaya workers should plung into the movement heart and soul to make it a people's Government. If it failed, our own Gram Swaraj movement would be doomed, he said.

Worship Prophets

GOVERNOR'S EXHORTATION TO PEOPLE

Mysore, Apr. 20

The Governor, Sri Mangaldas Pakvasa yesterday exhorted the people to maintain our spiritual and moral heritage and worship and follow the teachings of our great prophets.

He was inaugurating Sri Basava Jayanthi celebrations at Sri Shivaratreshwara Vidya Peeta here in Ramanuja road.

Sri Basaveshwara, the Governor said, was a great seer and social worker, who 800 years ago, preached and worked for the people. The great prophet believed that human body was the temple of God.

Sri R. R. Diwakar who presided said that along with material advancement there should also be spiritual advancement. As such it was the duty of people to devote some time daily to imbibe the message of great prophets like Sri Basaveshwara.

Sri Sri Shivaratreshwara Swamiji addressing asked the people to follow the teachings of Sri Basava.

Earlier, Sri C. Ankappa welcomed the gathering.

Sri H. Gangadharan proposed vote of thanks.

RICH SHOULD MAKE MORE SACRIFICES

The Union Planning Minister Nanda stated in the Lok Sabha yesterday that the richer sections of society should be prepared to make greater sacrifices in the interest of obtaining a national minimum in the standards of the vast masses of people.

Sri Nanda said that in democratic set up, it was not possible to bring about an abrupt change of a qualitative nature. But the distinctive character of the Third Plan was to bring about this gradually. If the co-operative organisation developed on a large scale and panchayat raj was firmly established in the country, it would bring about in some measure a qualitative change in the entire set up of things.

FOREIGN PRIVATE CAPITAL

About five per cent of India's foreign exchange needs for Third Plan, Rs. 130 crores, may be forthcoming as private capital, it is stated.

"Militarism Run Mad"

SAYS RAMAN ON SPACE CONQUEST

Bangalore, Apr. 20

Dr. C. V. Raman, the Noble Prize Winner, described the achievement of Soviet spaceman as "militarism run mad".

He said 'I did not rejoice at this achievement of man; on the other hand I became cold, absolutely cold, at this".

It made very little difference, he said, whether a dog or a monkey or a man was put into space. What mattered was the motivation behind it. The motivation was militarism run mad and nothing else. This was not the real spirit of science. The real spirit of science came to those who realise that they were all children of Mother Nature. The real motivation of science should be realisation that scientific research should be used for unraveiling the mysteries of the world around us.

AMERICA WILL INTERVENE

KENNEDY WARNS RUSSIA TO KEEP OFF CUBA

The U.S. President Kennedy told the Soviet Premier Khrushchev that the United States "intends no intervention" in Cuba but made it clear that any Soviet intervention would be met by force.

In reply to the Soviet Premier's message, the President said that in the event of any military intervention by outside forces in Cuba, "we will immediately honour our obligations to protect this hemisphere against external aggression".

Mr. Kennedy hoped that Mr. Khrushchev's message did not mean "that the Soviet Government, using the situation in Cuba as a pretext, is planning to inflame other areas of the world".

Anti-Castro forces carried on their attack on Havana yesterday when a plane bombed and strafed the capital.

It is reported that a U.S. aircraft piloted by an American had been shot down over South-Central Cuba.

MINISTER'S SON AND GOVT. CONTRACT

Bangalore, Apr. 21

The Speaker of the Legislative Assembly, Sri S. R. Kanthi ruled yesterday that there was no question prima facie involved in the point raised by a PSP member to refer to the Governor for a decision his notice of disqualification of the membership of the Local Self-Government Minister, Sri T. Subramanya.

The PSP member, Sri Madappa's point was that Sri T.S. Visveswariah, the Minister's son had taken up a Government contract and the Minister and his son being members of the undivided family, the Minister must be deemed to be a partner in the business of his son and hence the disqualification of the Minister to be a member of the Assembly.

The Speaker said that the Minister had made it clear that he had no interest in the business of his son and there had been a partition between himself and his son and other members of his family.

No Abandoning Cuba To Reds

KENNEDY'S WARNING

President Kennedy declared yesterday that the United States did not intend to abandon Cuba to the Communists.

He said that unilateral intervention by the United States in Cuba following the invasion by anti-Castro forces would have been contrary to its traditions and its international obligations. "But let the record show that our restraint is not inexhaustible".

NEHRU'S CONCERN

Prime Minister Nehru yesterday deplored outside intervention into the internal affairs of Cuba and the invasion of Cuba by volunteers and others from the American mainland.

He said "we feel that this invasion and the manner in which it has taken place is bad and is dangerous as a precedent for the future and is particularly harmful for international relations".

CASTRO'S CLAIM

Dr. Castro's Government has claimed total victory over the forces which invaded the island. The last outpost of mercenary troops was overrun and large quantity of military equipment of North American has been seized, it is reported.

But anti-Castro radio announced that the force which invaded in Southern Cuba had now joined anti-Castro gureilla fighters in the mountain region.

U.S. FAR BEHIND

President Kennedy stated yesterday that the United States was so far behind the Soviet Union in the space programme that she would remain second to the Soviets in this decade.

No Interference In Cuba

—NEHRU

There should be no interference by outside countries in Cuba, declared Prime Minister Nehru in the Lok Sabha yesterday.

He said that if the Cubans themselves wanted to do something to their present Government, it was up to them to decide. Others should not intervene.

So far as India was concerned, he said, she had recognised Dr. Castro's Government for the last two years. India did not want the people of Cuba to destroy themselves in a civil war.

Sri Nehru described as "a bad precedent" the encouragement given by the authorities on the American mainland to the invading forces in Cuba and expressed apprehension that elsewhere too, "this practice" might be adopted.

REBELS ROUTED

Leaders of the anti-Castro groups in the U. S. stated yesterday that their invasion had suffered a grave reverse. The leader of the Cuban Revolutionary Council said that the anti-Casto forces did not know the extent of casualities because the ship carrying their communications equipment had been sunk.

A Cuban radio said that Dr. Castro is "engaged in supervising the final destruction of criminals" after the defeat of Cuban invasion.

HINDI VARSITY IN GULBURGA

CENTRE STUDYING MYSORE'S PLEA

The Union Education Minister Shrimali informed the Lok Sabha yesterday that the general question involved in the Mysore Government's proposal to set up a Hindi university in South India (Gulburga) was being studied.

He said the Government of Mysore suggested in Jan. 1960 that the interests of propogation of Hindi in the South could be best served by the establishment of a separate university and expressed the hope that the Central Government would decide on having a Hindi university in the South, preferably in Gulburga.

The Minister added that "the State Government was informed that the Centre had no such proposal under consideration at that time. The general question involved is being studied now".

FOODGRAINS STOCK

Sri S. K. Patil, Union Food Minister stated that Government had before them a big programme for the maintenance of reserve stocks and the construction of modern godowns for the storage of foodgrains.

The Minister said that four million tons of wheat and one million tons of rice would be made available for building up a reserve which would be an insurance against disaster or local crop failures and help the Government in stabilising prices of foodgrains. Over the last decade our foodgrains production had increased by about 30 per cent and the estimate for 1960–61 was between 76 and 78 million tons. Of this, about 26 million tons may enter market channels and need storage.

GOODS TRANSPORT

Indian Railways have created an all-time record in transportation of goods by loading more than ten million wagons during the year just ended. The total number of wagons loaded at originating and transhipment points from April 1960 to March 1961, was nearly four lakhs more than what was done in the previous year.

Gagarin Was Not The First Spaceman?

The Russians put a man in space before Major Yuri Gagarin. The first Russian in space was Serge Ilyushin, son of the aircraft designer and he was now in a coma in a Moscow hospital, according to the Special Correspondent of Freneh Radio.

He said that the first attempt was made three or four days before that of Gagarin. Serge Ilyushin had circled the Earth three times in a space capsule. The capsule returned to Earth in one piece, but Ilyushin was completely unbalanced and doomed.

Send Kids To Schools

JATTI WARNS PARENTS

Mysore, Apr. 24

Sri B. D. Jatti, Chief Minister yesterday warned the perents that they would be punished if they did not send their children to schools when free and compulsory primary education would be introduced throughout the State from June 1.

Inaugurating the Mysore Taluk Board, here at the Townhall, Sri Jatti said that the country would progress only when everyone was educated. The Government had taken the great responsibility of educating all the children free and as such people specially in rural area should co-operate to make the scheme a success.

Referring to decentralisation of power and ushering of Panchayat Raj, the Chief Minister said that the village panchayats, taluk boards and district development councils were the best training ground for creating leaders. The object of the Panchayat Raj was to transfer all powers to local bodies to look after their own intersts and the Government confining themselves with only big schemes and projects. Unless proper persons were elected, the scheme would be a failure. Both the officers and the elected representatives should work unitedly for the good of the people.

As regard the plea for more irrigation wells, the Chief Minister said that the State Government had sought clarification from the Central Government whether under the Minor Irrigation Scheme, irrigation wells could be sanctioned. If that was allowed, he said, more wells could be sanctioned in rural areas. Already the State had sanctioned 15,000 wells by giving a grant of Rs. 500 and loan of Rs. 500 to each ryot.

Earlier, Sri D. Jayadevaraje Urs, President welcomed the gathering.

The Chief Minister also inaugurated T. Narasipur Taluk Board yesterday.

Sri Marigowda, President welcomed the gathering.

Standard In Quality

JATTI'S APPEAL TO MERCHANTS

Mysore, Apr. 24

Chief Minister Jatti appealed to the merchant community here yesterday to maintain standards in quality in respect of export of Indian goods.

Declaring open the Mysore Agricultural Produce Committee's new building, Sri Jatti said that any dishonest dealing would not only affect the trade but also bring down the prestige of our nation.

The Chief Minister also pleaded for proper understanding between merchants, farmers and Government to ensure the success of the regulated markets scheme.

Sri Jatti wanted that every taluk should have one regulated market and that proper facilities should be provided to farmers.

Sri S. Channiah, MLC presided.

Earler, Sri Nasiruddin Ahamed. Chairman of the Committee and Deputy Commissioner welcoming the gathering said that Rs. one lakh had been set apart for installing a cold storage plant for preserving vegetables and fruits.

Vellala Community's Plea

Mysore, Apr. 24

Chief Miniser Jatti stated here yesterday that to call any community as backward or forward was not in keeping with the dignity of the individual and the unity of the nation.

Addressing the 33rd anniversary of the Vellala Association, here at the Townhall, Sri Jatti said that it should be the economic condition of an individual rather than the community to which he belonged by mere accident of birth which should weigh in deciding whether a person was to be treated as backward or forward.

The Chief Minister said that communal organisations were good, so long as they were intended purely to carry out the social, economic and spiritual development of the community as a whole and so long they did not stand in the way of the feeling of oneness among the people of India as a whole

Refering to the plea that their community should be included in the Backward Class list, Sri Jatti said that the State Government had appointed a committee to go into this vexatious and complicated question and he hoped that their representation would be duly considered by the committee.

Sri Jatti refuted the charges that the Government had neglected Mysore City and said that they had done a great deal in establishing industries like Jawa Motor Cycle, Mandya Natianal paper, Rayan Pulp and coffee curing.

In his opinion, industries should be located outside the municipal limits and he assured that if people come forward for starting industries in the city, the Government would extend all possible help.

Earlier, Sri A. Chinnaswamy Mudaliar, President welcomed the gathering.

Sri K. Viswanathan presenting an address to the Chief Minister said that nearly 1,12,000 Vellala people in the State were in a "critical and helpless conditions due to the recent removal of Mudaliars, Pillais and other Tamilians from the Backward Class list", although they were living as Mysore citizens for hundre s of years. He pleaded that the Government's decision be revised and all the educational and other facilities restored to them.

Sri Kothandarama Pillai proposed vote of thanks.

HIGHER TARGET FOR PRIVATE SECTOR

The All-India Manufacturers Organisation, at its annual conference yesterday at Delhi, has adopted a resolution pleading for an increased financial target of Rs. 4,700 crores for overall investment programmes in the private sector in the Third Plan.

Monkey-Survey in Mysore Jungles

A four-member Japanese delegation which arrived in Bombay on Saturday will carry out a two-year on-the-spot survey of monkeys in the jungles of Mysore State.

Dr. Parthasarathy of Mysore University will assist the team.

The Rockfeller Foundation has granted 37,000 dollars for the survey.

PANCHAYAT RAJ NOT WORKING PROPERLY

The Union Minister for Community Development, Sri S. K. Dey stated yesterday that the experience in the States, in which Panchayat Raj had been introduced, showed that instead of effecting wide dispersal of powers it was attracting political aspirants there to concentrate authority in the hands of presidents of these statutory bodies.

He regretted that the national priorities were not being adhered to by tbe various bodies at village and block levels. They were concentrating on the programme relating to the amenities rather than production.

WHOLE VILLAGE GUTTED

A burning cigar touched off a fire which destroyed an entlre village in Naigonda district in Andhra Pradesh.

A hut caught fire from a cigar stub and later, nearly 150 houses were gutted and large quantities of foodgrains were destroyed.

NEHRU ATTACKS PARTY "COWARDS"

FAILURE TO CURB COMMUNAL FRENZY

Prime Minister Nehru stated yesterday that the recent communal disturbances in Jabalpur and some other towns of Madhya Pradesh had very much disturbed him and what had pained him most was that Congressmen in general in those towns did not rise to the occasion to face the situation boldly.

Addressing the Pradesh Congress Committee at Bhopal, Sri Nehru said that Congressmen in general did not fully discharge their obligation during the disturbances and kept on sitting inside their houses like 'purdah' laides during the riots.

He said that the Congress was not an organisation of cowards. In the past, Congress had faced difficult situation with determination and courage and had willingly given up their lives for upholding the cause for which they stood.

His enquiries had revealed that not a single Congressman was even hurt during the disturbances and it was a clear indication that they did not actively work in pacifying communal frenzy and counteracting rumours which were being spread in those towns.

MOTILAL NEHRE STAMP

A special postage stamp of the denomination of 15 nP and bearing a portrait of Motilal Nehru will be issued on May 6 to mark the birth centenary of Motilal Nehru.

ROOT OUT COMMUNALISM

Prime Minister Nehru told the Cabinet members of the Madhya Pradesh Government that the recent communal riots in India had spoilt the fair name of India and hampered the progress towards a welfare State.

The Prime Minister is stated to have urged that the menace of communalism should be eradicated at all cost and all sections of the people should be treated on an "absolutely equal footing".

French Army Revolt

French Army led by four retired Generals which revolted against President de Gaulle's Algerian policy and seized Algiers in a bloodless coup on Saturday has now claimed control of the three chief cities and all the airfields in the country.

The revolt was to keep Algeria within French sovereignity.

President de Gaulle yesterday assumed emergency powers, which will viritually make him one-man dictator of France, to prevent the rapidly spreading military rebellion in Algeria from leaping into metropolitan France.

He has relieved all soldiers in the French Army from the oath of obedience to the Generals now in rebellion against the French State.

STUDENTS BLAMED
FOR YOUTH FESTIVAL DISTURBANCES

Bangalore, Apr. 26

The official enquiry into the student disturbances at Mysore and Bangalore during the inter-university youth festival in Dec. 1959 has laid the entire blame on the students for the disturbances.

The report said that on no occasion did the police officers directly or indirectly promote the disturbances by their hasty or vindictive action. On the other hand, the police officers had acted generally with laudable restraint, moderation and consideration in suppressing disturbances.

In his 71-page report, the enquiry officer said that the main provocation of the disturbances was the inability on the part of the Youth Festival Committee and the Mysore University to accede to the students' demands for free admission to the festival and the 'closure of the colleges during the entire period of the festival.

The Mysore Government had no part in organising the festival and the manner in which the students attempted to get their demands acceded to was not peaceful. A wave of disorder, violence and mischief prevailed. The responsibility for the suffering and the damage "must, therefore, rest on the student population", the report said.

Referring to the conduct of the police during the disturbances, the report said that the force used could not be said to be excessive.

The report estimated that the total damage to public property caused in the two cities at Rs. 69,802, the damage at Mysore being Rs. 36,697.

KRISHNA AND GODAVARI LINK-UP

The Rajya Sabha was told yesterday by Deputy Irrigation Minister Hathi that the central principle of the Government of India's discussions with the various States individually on the distribution of the waters of the Krishna and Godavari rivers was how the supply in the Krishna basin could be augmented.

The proposal to join the two rivers by a canal was one of the ways whereby the waters of the Krishna could be augmented, he said.

Start More Industries

JATTI'S APPEAL TO PRIVATE SECTOR

Bangalore, Apr. 29

Inaugurating a conference of State businessmen here yesterday, Chief Minister Jatti assured the enterpreneurs of all possible assistance from Government making it clear that the Central and StateGovernments were anxious to do everything possible to assist the growth of industries in the private sector.

He called upon people with initiative, drive and a spirit of adventure to come forward in large numbers to start new industries in Mysore State.

Sri Jatti said he was anxious to see that Mysore maintained its position among States in all spheres of human activity including industrial development.

Congo Leaders Held By Army

The Congolese army at Coquilhatville has placed under house arrest all Congolese leaders, including Mr. Joseph Kasavubu and other members of the Leopoldville Government. The army wanted the Coquilhatville conference to continue and intended to hold the leaders captive till they reached an agreement.

The conference, it is reported, yesterday agreed that measures should be taken immediately to eliminate all foreign influences from the Congo, including the immediate expulsion of all Ambassadors who had presented their credentials to Mr. Kasavubu.

City Fathers' Woes

Mysore, Apr. 29

The monthly meeting of the Municipal Council was held last evening, with Sri H. Kempe Gowda, President in the chair.

Sri T. V. Srinivasa Rao complained that the recent census enumerations was very defective in city and the Municipality had failed to give proper instructions.

He also referred to the Dalvoy school affair and said that they were grieved to hear the sufferings of teachers and appealed to the President to use his good office for bringing about a fair settlement.

Sri A. Krishna Murthy Rao regretted that some of the Central Government offices were very callous and causing great inconvenience to the public. He said that the Telephone authorities seem to think that they could do anything in the city and dig holes anywhere and everywhere without any due care. The telephone operators, he said, were not working properly.

Sri Somasundara Sharma said that the city buses were not running to time and most of them were old and not in good condition. It was high time that they were overhauled and proper facilities provided to the travelling public.

At this stage, Sri Sharma pleadcd that the subject might be dropped there alone.

Breeze In Municipal Council

Mysore, Apr. 29

Hot words were exchanged between the Councillor, Sri Vedantha Hemmige and the President, Sri H. Kempe Gowda, at the meeting of the Municipal Council last evening.

Sri Vedantha Hemmige asked the President why his resolutions had not been included ih the agenda.

The President informed him that as the resolutions were sent after the office hours, they were not included.

The member said that he had given them within the office hours and showed a piece of paper on which it was signed by the Council clerk to the effect that the resolutions were received at 5 p.m.

The President asked the member not to proceed on the subject as he had already given his reply.

Sri Vedantha continued to speak and remarked that the President was telling "a lie and a cheater".

The President also remarked that "you are a cheater".

Sri B. Narayanaswamy and others took strong objection to the member's remark and suggested that it should be recorded for taking disciplinary action against the member

When Sri Vedantha continued to speak, the Chair said that he had to seek help to remove him.

MUTTON MARKET

Mysore, Apr. 29

The Municipal Council yesterday recorded the Government's order sanctioning the construction of a mutton market behind Devaraja Market, at a cost of Rs. 2,90,000.

The Council again reietejated its plea for holding the Legislature session in Mysore City, when it recorded the Government's letter informing that "to practise economy it is not possible to hold the session of the Legislature outside Bangalore, as this will involve additional expenditure".

LAOS COMMISSION MEET IN DELHI

India's Prime Minister Nehru inaugurating the international supervisory commission on Laos, yesterday at Delhi pleaded for a quick cessation of hostilities in Laos along with effective armistice and for allowing Laos to develop itself according to its own genius as a free, independent neutral country, unaligned to any military block and helped by others to remain neutral.

Sri Sen, Chairman of the Commission stated that if cease-fire was seriously delayed, a new situation would arise. The commission would proceed to Laos if Britain and -Soviet Union accepted the suggestion.

U. S. WARNING

In view of the complete absence of response to the cease-fire appeal and the mounting threat to Laos by the Reds, the U.S. administration was considering recommending the use of SEATO forces to counter the Red offensive. The U.S. however, hoped that the Pathet Lao would agree to a cease-fire in the next 24 hours.

Latest Racket

The latest black-marketing racket in the country was in foreign exchange and Government was considering how best to prevent it.

Disclosing this at Gauhati, the Union Finance Minister, Sri Morarji Desai said that the traveller's cheques that got into the country through tourists were exchanged and ultimately these cheques were paid in return for smuggled gold.

Government, he said, found it difficult to smash the racket, as the cheques did not bear any names and they could not also compel the writing of names on traveller's cheques as it would retard tourism. Government, however, was taking the necessary steps, he added.

WRIT PETITION

Bangalore, May 4

Sri Justice Sadashivayya, vacation Judge of the Mysore High Court yesterday admitted a writ petition filed on behalf of Dr. G. Marulu Siddaiah, reader in Sanskrit, Mysore University questioning the validity of the reconstitution of the Board of Appointment for Sanskrit studies and the appointment of the Professor of Sanskrit under the UGC Scheme by the University.

The petitioner contended that the re-constitution of the Board consisting of Dr. V. Raghavan of Madras University and Dr. A.Shankaran of the Oriental Research Institute of Poona was illegal and also the appointment of Prof. S. Ramachandra Rao as Professor of Sanskrit under the U.G.C. Scheme.

INTENSIVE COMBING OPERATIONS IN SOUTH CANARA

TO CHECK PROHIBITION OFFENCES

Mysore, May 4

Sri H. M. Channabasappa, Home Minister disclosed here today that the Government had decided to start intensive "combing" operations shortly in South Canara in putting down bootlegging, illicit distillation and other prohibition offences.

Inaugurating the Police press conference at the Central Station, the Home Minister said that the highest percentage of prohibition offences was in South Canara and as such the first operation would start in that district. He made an earnest appeal to the people of South Canara to extend their unstinted co-operation for the success of the drive.

He said that he would have a discussion with I.G. of police and other top officials here tomorrow morning for chalking out details regarding the combing operations.

Sri Channabasappa said that in the new set up, the Press had a vital role to play in educating the people on all fronts. It was very essential that information should be passed to the people through the press.

He said that very often the country suffered on account of inaccurate information passed on to the press. Therefore both in the interest of maintenance of law and order and making available correct information, it was very essential that press and police should have frequent contacts. He complimented the DIG and S. P. for having made attempts for a more well organised relationship between the press and the police.

The Minister reminded that it was impossible for the police by themselves to check criminal activities if here was no sympathetic and enthusiastic co-operation from the public.

He also stressed the importance of preventive methods and said that if the police were watchful and vigilant, many of the crimes would not take place. It was the earnest desire of the Government that every police officer should keep watch on the developments in his area and try to prevent occurence of crimes.

The Minister assured that the Government would speed up the recruitment of proper and qualified personnel to the police.

Earlier, Sri G. V. Rao, Superintendent of Police welcomed the gathering.

Sri Parira, DYSP proposed a vote of thanks.

BACKWARD CLASSES: TWO CATEGORIES

NAGAN GOWD BODY'S SUGGESTION

Mysore, May 5

The Nagan Gowd Committee, set up by the Government of Mysore to suggest criteria to determine backwardness of communities, is understood to be generally in favour of dividing backward classes into two categories-backward and more backward.

The committee favours division of the backward communities on the basis of their position in relation to the literacy average in the State. Communities with 50 per cent and more of the State literacy average, will be "backward" and communities with less than 50 per cent, "more backward".

One of the major decisions of the committee is reported to be retention of Lingayats in the list of forward communities.

In the new division, the backward communities may include Vokkaligas and Muslims.

Integration of Mind

CONGRESS CHIEF'S PLEA

Mysore, May 6

The Congress President, Sri N. Sanjiva Reddy yesterday made an impassioned plea for the integration of mind among people and said that oneness of outlook was more important than the various developmental activities in the country.

He was replying to the civic address presented to him by the City Municipal Council.

Sri Reddy said that we see in Mysore State people still thinking in terms of Madras Karnataka, Hyderabad Karnataka, Coorg Karnataka, etc. It was absolutely necessary that people in these regions should think that they were one. He hoped that the politicians, leaders and men in service would co-operate in creating confidence among the people so that there might be harmony and progress.

Praising Mysore City for its beauty and simplicity, Sri Reddy said what they found today was that cities were full of slums and the more the city was industrialised the more slums sprang up.

Sri H. Kempe Gowda, President presented the address.

ADVICE TO CONGRESSMEN

Addressing the workers of the City and District Congress, Sri Reddy said that Congress would not survive if they did not keep up its high traditions and be honest and truthful. He regretted that Congressmen were more interested in elections than party programmes. He advised them to have contact with the people and form study circles in districts to discuss the basic problems of the country.

Sri S. Sanjiviah, President of the City Congress Committee welcomed Sri Reddy.

2 U.S. LOANS FOR SHARAVATHY PROJECT

The United States Government has sanctioned two loans amounting to Rs. 27.4 crores for the second stage of the Sharavathy Hydro-electric project in Mysore State.

Of the amount, Rs. 10.2 crores comes from the U.S. Development Loan Fund for foreign exchange, while the rupee costs of Rs. 17.2 crores will be met by a loan from the sale proceeds of U. S. agricultural commodities supplied to India.

The loan will finance the entire cost of the second stage of the Sharavathy plant which involves the installation of 445,000 kws. additional generating capacity.

SCHEDULED CASTES' PLEA

Mysore, May 6

NEHRU TO ATTEND GENEVA CONFERENCE

Prime Minister Nehru indicated yesterday that he might attend the 14-nation Geneva conference on Laos at a later stage, if necessary.

India's Defence Minister Krishna Menon will lead the Indian delegation.

The Prime Minister said that he did not think that either President Kennedy or Mr. Khrushchev would attend the conference because it was being held at foreign ministers level.

Talking to newsmen after talks with Mr. Harriman, President Kennedy's roving Ambassador, Sri Nehru said that there was a fair chance for the Geneva conference to succeed in spite of the difficulties. "There is cease-fire now and I hope it will continue", he said.

Tagore Centenary

Mysore, May 6

The birth centenary of Poet Rabindranath Tagore will be celebrated here on May 8 at a meeting to be held under the auspices of the City Municipal Council at 5 p.m. in the Townhall.

MYSORE MAHARAJA IN AMERICA

Washington, May. 3

Mr. Jayachamaraja Wadiyar, Governor of Mysore, is renewing acquaintances with a large number of American officials during the course of a five-day visit to Washington.

Since arriving in New York early in April he has spoken to civic groups in such widely separated states as Connecticut on the East Coast, Ohio in the Mid-West, Oregon on the Pacific Coast, and Alabama in the South-eastern U.S.

In the national capital, the Maharajah is visiting friends from the governmental, academic, and journalistic fields.

In Chattanooga and Knoxville, Tennessee, he was the guest of Genera Herbert Vogel, chairman of the Tennessee Valley Authority.

Prior to that the Maharajah spoke to a women's organisation in Gadsden, Alabama, and visited the new 30-million-dollar private-enterprise Weiss dam and powerhouse. "India and the U.S. have a great deal in common," the Maharajah told hi Alabama hosts. Projects such as the new dam "will be of untold benefit to the peoples of both our nations," he said.

The Indian visitor told his "Deep South" audience in Gadsden that "the thing that drew me close to the American people is the American people's quest for the spiritual values of life. It is not the intelligentsia who are making this quest, but it is genuine in all ranks of your people.

"I have found the same true in Texas, California, Mississippi, Chicago, and other places in the South, South-West, and other areas of the United States.

"It is of this quest for the higher values life that the people outside the U.S. are not aware. The people of India set great store on this quest. It is heartening to find it here."

U.S. SPACEMAN RETURNS SAFELY

15-MINUTE FLIGHT SOARING 115 MILES

Commander Alan Shepard of the United States Navy yesterday joined Major Yuri Gagarin of the Soviet AirForce in the world's club, spaceman.

The 37-year-old Alan soared 115 miles into space, in the successful flight in Project Mercury, America's man-in-space programme.

The one-ton six-by-nine-foot space capsule was blasted into the sky in a Redstone rocket from Florida missile base.

The capsule soared in a vast ballistic arc over the Atlantic and plummetted into the sea inside a ring of recovery hips just 15 minutes later.

Shehard climbed out of the capsule unaided and was "in great shape".

Friday's flight was the climax of two and a half years' work and 400 million dollars expenditure.

Shepard followed Gagarin into space just 23 days after the first Soviet man-in-space shot.

More Powers To States

CONGRESS CHIEF'S PLEA

Congress President Sanjiva Reddy yesterday pleaded for decentralisation of power from Centre to States.

Addressing the Mysore State Panchayat Raj Convention at Shimoga, the Congress Chief stated that the States at present were just like District Boards looking up to the Centre for aid and guidance in every matter. This should be stopped. The States should be given maximum power to look after constructive activities.

Sri Reddy said that villagers should not only be given an opportunity to vote once in five years to elect their leaders but to make them learn to rule themselves. The time had gone when people from urban areas used to represent villagers. With the formation of panchayats, villagers had begun to represent themselves and solve their problems themselves.

LABOUR WORKERS' FAST

Mysore, May 9

The fast undertaken by three members of K. R. Mills Workers' Union is continuing today.

Sri Kannan, labour leader from Bangalore who addressed the workers here yesterday told them about the management's adament attitude and advised them to be united in their struggle.

Sri A. Shivanna, President of the Union declared that "fast satyagraha will continue till their demands are met".

SELECTION OF CONG. CANDIDATES

The Congress Socialist Forum has tabled a resolution for the forthcoming All-India Congress Committee to be held in the last week of this month at Durgapur urging for acceptance of certain criteria for the selection of candidates for contesting the next general elections.

The 8-point resolution wanted that at least 20 per cent of the seats in the Rajya Sabha and the State Legislative Councils should be reserved for candidates of high intellectual calibre and attainments; one-third of the seats vacated by sitting members should go to younger blood; Congress ticket should not be given to those Congressmen who did not advocate the party programme and policies and pledge from the candidates that they would actively work for the preservation of unity of India and would fight communalism, casteism and other divisive forces.

INDIAN TEAM CONQUERS ANNAPURNA PEAK

The Indian expedition under the leadership of Lt. M. S. Kohli of the Indian Navy climbed the 24.858-foot-high Annapurna III, the hitherto unexplored peak in Himalaya.

The team left Delhi on March 18 and reached Annapurna on May 6.

The expedition to Annapurna III had to pioneer a route to the summit never before tried.

With the climbing of Annapurna III, all the four peaks in the range have now been scaled.

President Rajendra Prasad in congratulating the team on its success stated "May this spirit of adventure and purposeful exploration ever continue to inspire India's youth and services."

CONGRESS UNITY AT DISTRICT LEVEL

Bangalore, May 9

Congress President Sanjiva Reddi who is staying in Nandi Hills had discussions with Chief Minister Jatti and others yesterday for bringing about unity at the disirict level so as to enable the Congress to present a united front in the general elections.

NATO TO BE STRENGTHENED

The United States Secretary of State, Mr. Dean Rusk told the NATO Ministerial Council yesterday at Oslo that the U.S. would maintain its forces in Europe and that it considered that NATO's nuclear and conventional forces should be strengthened.

He said that the gains of the Soviet Union over the free world, wherever they were made, were a threat to the free world and therefore concerned NATO. The U.S. was also concerned over the conviction of the Soviet Union and People's China that they were the leaders of the world.

NATIONAL LIBRARY

The National Library which is housed in the former Viceregal lodge in Calcutta has now over a million books. In 1947, there were 3,50,000 volumes only.

Sri B.S. Kesavan, Librarian said that books were overflowing and hoped that within another decade another million books would be collected.

★ A sum of Rs. 7.63 lakhs was spent on additions and alterations and maintenance of bungalows of Central Ministers at Delhi during 1959-60.

Congress Chief Attacks Reds

Congress President Sanjiva Reddy yesterday asked the people not to vote for the Communists in any election as, "they are agents of international communalism and they have not the interest of India's welfare in their heads".

Addressing a public meeting at Kolar Gold Fields, the Congress Chief deplored the Communists' stand on India's border issue with China and said that it was most unpatviotic. He said that their policy of praising China and her achievements could only be allowed in a democratic country but they in China could not sing the praise of the progress of India

Sri Reddy warned the workers to realise soon that they were being deceived by the Communists. Ultimately they would let the workers down to further their own interests. So no quarter should be given to them.

He advised them to support any party which had faith in democracy. "But do not vote a person who is going to sell the country for some personal benifit from other country".

STAR GAZERS REBUKED

Prime Minister Nehru yesterday rebuked star gazers and those who ascertained moments for making ceremonies auspicious.

He said that it was good deed and good work that created auspiciousness and not depended on stars.

"INTERNATIONAL INTEGRATED HUMAN BEING"

NEHRU'S TRIBUTE TO GURUDEV

Rabindranath Tagore was a magnificent human being who had combined in himself the wisdom of the ancient as well as the modern India, stated Prime Minister Nehru yesterday when he laid the corner-stone of a national theatre at Calcutta to commemorate the birth centenary of Poet Tagore.

Tagore, he said, was not only very international but indeed he was an international person, a very much integrated human being. He was a typical person in the long line of India's rishies. The combination of old and new ideas reflected in a wonderful way in Rabindranath's life and character.

Sri Nehru hoped that the national theatre would help in the development of National integration.

SOUL OF INDIA

Prof. Humayun Kabir, Union Minister for Cultural Affairs who welcomed the Prime Minister said that Tagore represented the soul of India and his approaches to problems, social and cultural, knew no barriers.

GREAT SEER

Vice-President Radhakrishnan stated at Delhi that Tagore was a great seer who stirred the masses. Tagore's religion was the religion of man. He believed there could be no higher worship of the divine than service to the common man.

ATTRACTING MEDICAL MEN TO VILLAGES

State Governments have taken a number of steps to attract medical men to rural areas in some parts of which hospitals are unmanned.

The Mysore Government have offered an incentive for those who opt to serve in the villages. Assistant surgeons in Grade II will be promoted to Grade I if they work for five years in rural areas.

Eves Domination Over Men

Acharya Kripalani complained yesterday of women dominating men not only in homes but also in Parliament.

Referring to the zeal with which the Dowry Prohibition Bill was being championed by women members, Acharya Kripalani told the joint session that "Anybody who opposes the Bill would be called a reactionary. I have not seen in the whole world people who are more under the thumb of their women than those in India".

He added that he himself was not an exception to that because his wife (Smt. Sucheta Kripalani) had gone to U.P. without consulting him. "She is master of herself and, to a little extent, master of myself also. In the modern world, he must be a very fortunate husband who knows where his wife is".

LIVE UPTO TAGORE'S IDEALS

Prime Minister Nehru addressing a special convocation of Visvabharati University yesterday asked the people not to end merely by praising Gurdev Rabindranath but live up to his ideals.

He told the students of Santiniketan that they had tremendous responsibility because "you have to live up to the ideals which Gurudev taught not only to India but to the whole world".

DOWRY PROHIBITION BILL PASSED

SIX MONTHS JAIL FOR GIVING OR TAKING DOWRY

The joint session of the two Houses of Parliament yesterday passed the Bill prohibiting and penalising the demanding, or giving and taking of dowry, directly or indirectly.

The session decided that gifts made on the occasion of marriage but not in consideration of marriage shall not be deemed to be dowry.

At the end of the two-day debate, the session unanimously adopted an amendment of the Rajya Sabha for adding the words "directly or indirectly" to the definition of dowry.

In the Act, dowry means "any property or valuable security given or agreed to be given either directly or indirectly" and not gifts made out of natural love and affection to the bride and bridegroom.

Another amendment penalising the demand for dowry but making prior sanction of the State Government or its nominees essential for launching prosecutions was also carried by the session.

The penalty clause says "if any person after commencement of this Act, demands directly or indirectly from the parents or guardian of a bride or bridegroom as the case may be, he shall be punishable with imprisonment which may extend to six months or with fine which may extend to Rs. 5,000 or with both".

Uniform S.T. In Place Of Excise

MORARJI'S PLEA

The Union Finance Minister, Sri Morarji Desai yesterday commended the desirability of evolving a uniform levy of sales tax on most of the important items throghout the country instead of going in for the complicated system of additional excise duty.

He said that the sales tax was the only expanding source of revenue for the States and it was but natural that the various States should want to exploit that source rather than give it up.

Sri Desai pointed out that it was not so easy for the Centre to reconcile the conflicting interests of the different States in the matter of sales tax levy.

NO SPLITTING UP OF ASSAM

Prime Minister Nehru told a deputationists from Cachar that there would be no splitting of Assam to meet regional demands and the separation of Cachar from Assam would not be beneficial to either.

He also made it clear that no separate hill State would be carved out as demanded by the hill people's convention.

TRIPLE VACCINE PROJECT

The Central Research Institute, Kasauli, in collaboration with WHO and UNICEF, will take up the production of a triple vaccine to combat whooping cough, tetanus and diphtheria.

CURB COMMUNAL TROUBLES

CENTRE'S DIRECTIVE TO STATES

The Union Home Ministry has asked the States to issue suitable instructions to all district authorities to be vigilant and take appropriate action in good time for curbing communal troubles.

The Centre has expressed the view that if the legal provisions available even now were used judiciously and at the appropriate time, all communal troubles could be greatly minimised.

They have pointed out that communal troubles have wide repercussions namely that any incident in one part of the country may result in serious consequences elsewhere and also bringing the country a bad name abroad. Vigorous action by the authorities, it is therefore fully justified to curb and put down the evil.

Further measures to strengthen the law are also under consideration by the Centre.

BENEFITS TO WORKERS

Mysore, May 13

A settlement was reached between the employees of the Government Silk Weaving Factory Labour Assocation and the Management regarding the various benefits to the workers.

One of the benefits was that in lieu of arrears of bonus and compensation, Rs. 100 for each worker would be given.

INTERNAL RESOURCES FOR THIRD PLAN

The Union Finance Minister Morarji Desai stated yesterday at Madras that he did not think it would be difficult to raise the internal resources of the country to meet the requirements of the Third Plan.

Addressing the Hindustan Chamber of Commerce, Sri Desai said it was fortunate that all were agreed that the Plan should not be cut. It was a healthy sign and a convenient and useful atmosphere to raise resources.

He said the present generation in the country "has to work more, to earn more, but to spend less and save more investing it in further production, so that the happiness of the future generation is assured. This is our task and our duty".

A CONVENIENT TIP

Sri Morarji Desai, the Union Finance Minister yesterday thanked Sri H.C. Kothari, President of the Hindustan Chamber of Commerce, Madras, for showing him "the great scope" for the country to raise taxation.

Sri Kothari had said that the proportion of taxation to national income in India was only 9 per cent compared to 28 per cent in Germany,25 per cent in France, 22 in Italy and 21 in Japan.

These figures, Sri Desai said, proved that there was scope for India to raise taxation. "I am glad you cited these figures. I shall utilise them conveniently"

FALSE ENTRIES IN TENANCY REGISTERS

Bangalore, May 13

The Government of Mysore has instructed the Deputy Commissioners to take prompt action to prevent wrong entries in the tenancy registers or in the pahanies in any area under their jurisdiction.

The step has been taken following complaints that such false entries are made to help landlords on the eve of the enactment of land reform legislation in the State.

The Government circular says that "if this is not checked, large-scale evictions are likely to take place and very purpose for which the land reforms are to be enacted will be frustrated".

No Punjabi Suba
—NEHRU

The talks between the Akali leader, Sant Fateh Singh and Prime Minister Nehru over the demand for the creation of a "Punjabi Suba" have broken down.

The Prime Minister is understood to have told the Akali leader that it was the considered view of his and his colleagues in the Government that the formation of a Punjabi Suba was in the interest of neither the Punjab nor the country.

While expressing his readiness to do everything for the development of the Punjabi language, SriNehru turned down the demand for the creation of a separate State as envisaged by the Akalis.

K READY TO COEXIST WITH KENNEDY

The Soviet Premier Khrushchev stated yesterday that although he and the U.S. President Kennedy were "poles apart" as men, "we have to co-exist and find a common language on questions concerning peace." The question of peace was the main question on which the Soviet Union was ready to build its relations with any State, he added.

ELIMINATE TICKETLESS TRAVEL

Indian Railways lost Rs. 15 crores annually on account of ticketless travel, pilferage, leakage, theft and underweighing of goods, stated the Union Deputy Railway Minister yesterday at Coimbatore.

He appealed to the railwaymen to make efforts to prevent pilferage of goods and property entrusted to them for safe delivery and to see that punctuality of trains were maintained and ticketless travel eliminated.

Development of Malnad
P. C. MEMBER'S ASSURANCE

Mysore, May 15

Inaugurating the Malnad conference at Mercara yesterday, Sri T. N. Singh, member of the Planning Commission assured that theCentralGovernment and the Planning Commission were interested in regional development as the future of the country depended on it.

He said that they were anxious to disperse economic activity to various areas so that every region could be assured of development in the way it should.

Sri Singh said that the Union Government was also keen on developing rubber plantation in the country and hoped that large scale rubber plantation would be taken up in this region.

He suggested that the conference should devote its attention to the Malnad problems precisely and give guidance to the Planning Commission as to which of of these numerous problems deserved highest priority.

Referring to the controversy over the construction Harangi project in Coorg, Sri Singh suggested that the Government and the conference should approach the problem objectively and settle it on merits. It was not proper to ride roughshod over public opinioin regarding the plan programmes.

He said that it has been decided to construct the Mangalore port as a lagoon type port, the first of its kind in India.

Sri Nijalingappa, PCC President who presided, suggested that a statutory board should be set up for the development of Malnad.

NEW WORLD TRADE UNION MOVEMENT
HIND MAZDOOR SABHA CHIEF'S PLEA

Mysore, May 15

Sri Mahadev Singh, Chairman of the All-India Hind Mazdoor Sabha suggested here the formation of a third world organisation of trade union movement on the lines of British, Norwagian or Swiss system, where more than 80 per cent of the workers owe allegiance to a single party.

Inaugurating the three-day conference of Karnatak Hind Mazdoor Sabha, here on Saturday at Meharally Nagar, he said that in order to strike a balance between the two warring groups of Communist and non-Communist organisations, a third international trade movement was very essential.

Sri Singh asked the trade unions to keep out of politics and stressed the need for workers to get over their present mood of looking more towards Governments enactments rather than depend on themselves to improve their conditions.

He warned that they had to face an important challenge, which would cripple the entire trade union movement in the country. That was the Centre's proposal to ban strikes in the public sector and said that it should be resisted at all costs.

Criticising the Central Government for going back on the tripartite agreement on minimum wage formula, he urged the working class to unite and force the Government to implement the formula.

Sri Kannan, President of the Karnatak Hind Mazdoor Sabha in his presidential address stressed the need for a well-organised trade union movement, free from political parties, Government and the employers. The Hind Mazdoor Sabha, he said, should strive for bringing unity and strength among the working class.

Earlier, Sri Aziz Sait, Chairman of the Reception Committee welcomed the delegates.

Sri K. Viswanath read messages received from Sri Ashoka Mehta, State Labour Minister Vaikunta Baliga and others.

Sri K. A. Khan, treasurer of the All-India Hind Mazdoor Sabha, Sri J. B. Mallaradhya and Sri T. R. Subba Rao also addressed the conference.

MYSORE GOVERNOR IN U.S.A.

Shri Jayachamaraja Wadiyar, Governor of Mysore, has been very much in the news in the U. S. A. where he is now on his third visit.

At Scranton in Ohio, he appeared on television when he was asked questions on Cuba, Algeria and Laos.

His Highness was received with full State honours by Governor Heathcott at Salem, the Capital of Oregon. Ceremoniously escorted first to the Senate and later to the House of Representatives, he observed that during his three visits to the United States he had found in its citizens, amidst all the material affluences, a profound appreciation of spiritual values which indeed was a most satisfactory trend in civilisation. He lauded the citizens of the United States for the great help that they were extending to under-developed countries and more particularly to India.

IMPORTANCE OF INDUSTRIAL ESTATES

The Union Finance Minister, Sri Morarji Desai stated yesterday at Bangalore that basic and small industries should co-exist and develop in a spirit of co operation with a view to eliminate povery and reducing disparities between the high and the low.

Declaring open the Industrial Estate at Rajajinagar, he said that industrial estates were one of the potential means of achieving the desired results in socialist economy.

End Parochialism

NEHRU'S CALL TO INTELLECTUALS

Prime Minister Nehru yesterday asked intellectuals in the country to stand up boldly against parochialism and disruptive and fissiparous tendencies in the country and to bring about emotional integration of India with the help of scientific thinking.

Addressing the convocation of the Poona University, which conferred on him the Doctorate of Literature, Sri Nehru said "It may sound harsh, but the disruptive forces, whether they are of religious, language, communal or provincial nature, represent the relics of our tribal civilization".

It was the task of intellectuals in the country, he said, to change the habits of thinking of the people. They must think about the country's problems and give guidance.

EXHIBITIONS TO AID FARMERS

The Union Ministry of Community Development has planned to hold three lakhs exhibitions on improved method of paddy cultivation, throughout the country in the next few weeks.

A massive effort will be made during the forthcoming "kharif" season to induce farmers to take improved methods of paddy cultivation.

NEW COMPANIES

A record number of 1,683 new companies with a total authorised capital of Rs. 287 crores were registered in India during 1960-61.

Edited Printed and Published by G. L. Swamy at Samachar Press J.M. Palace Road, Mysore.

FACILITIES TO TRADE UNIONS

CENTRAL GOVT.'S DECISION

The Government of India have decided to extend certain facilities to recognised trade unions to carry on their activities.

According to this, recognised associations and trade unions would be normally permitted to hold meetings on open land outside the security zone of office and factory premises. At his discretion, the head of the department could permit the meeting to be held within the premises.

The facility for display of notices of specified non-controversial nature in office premises might also be granted.

Another important decision was the grant of special casual leave to union office-bearers for attending executive meetings, conferences, etc.

Regarding the release of Government employees to work as full time union functionaries, it has been decided that Government employees, for whom recognised trade unions made a request might be released on foreign service terms.

VASUDEVACHAR PASSES AWAY

DOYEN OF CARNATIC MUSIC

Padma Bhushan K. Vasudevachar, an eminent musician and composer of Mysore died last night at Adyar in Madras, at the age of 97.

He was the Principal of the Kalakshetra at Adyar, a famous institution teaching music and dance.

Respected as the grand old man of Carnatic music, Vidwan Vasudevachar was the oldest living composer in the sphere of Indian music and the last link with the glorious Tyagaraja traditions.

Born in 1865 in Mysore City, he lost his father early in life and came under the care of his uncle who was attached to the Durbar of late Mummudi Krishnaraja Wadiyar. Later he joined the Maharaja's Sanskrit Patashala to study both Sangeeta and Sahitya. He was trained in music by Veena Padmanabhaiya and subsequently he went to Tiruvayyar to study the art of composition under the late Patnam Subramanya Iyer.

Sri Vasudevachar was a prolific composer and many of his compositions are very popular.

He lived through the reigns of four Raja of Mysore and was an Asthana Vidwan. He was honoured by the Mysore Durbar with the titles of Sangita Sastra Ratna and Sangeeta Sastra Visharada and Sangeeta Kalanidhi from the Madras Music Academy. In 1959 he was awarded Padma Bhushan by the Government of India.

He leaves behind his son, Sri Subramanyachar.

INJECTION WITHOUT PAIN

A new technique of administering vaccines by 'jet injections" instead of with hypodermic syringes with sharp pointed hallow needles, has been invented in the United States.

In the "jet injection" method, vaccine is forced under high pressure through a tiny opening in the injection device. This produces a jet stream of vaccine that painlessly penetrates the surface of the skin. The injection of a dose of vaccine requires only a few seconds and thus useful in mass injections.

In mass immunisation campaigns against cholera and typhoid in one country, nearly 7,000 men, women and children were treated in one day.

Red Cross Study Centre Opened

Mysore, May 22

Education Minister, Sri Annarao Ganamukhi stated yesterday that in this strife-ridden world of today, the only hope of salvation for humanity lay in our children. The children trained by the Red Cross to develop a consciousness of brotherhood of humanity could help in a large measure in breaking barriers that divided men and men.

He was inaugurating the inter State Junior Red Cross Study Centre, here yesterday at Manasagangotri.

Smt. Lakshmi Krishnappa, Secretary of the State branch of the Indian Red Cross Society welcoming the gathering explained the object of the study centre which was to train boys and girls not only in first-aid but also in handicrafts.

The Minister said that Red Cross was a symbol of service for the suffering humanity in the world. It was indeed a splendid idea to organise children under the Red Cross. If they wanted better citizens, he said, they should better catch the children young.

It was gratifying to note, he said, that educational importance of Red Cross was being largely realised and that it had now more than 17 lakhs of boys and girls in the junior Red Cross.

Prof. N.A. Nikam, Vice-Chancellor presided.

U. K. HIGH COMMISSIONER FETED

Mysore, May 22

Sir Paul Gore-Booth, the U.K. High Commissioner in India emphasised here yesterday the important role that the English Speaking Union of the Commonwealth could play in bringing better understanding between the people of different nations.

He was speaking at a party got up in his honour by the members of the Mysore Branch of the English Speaking Union of the Commonwealth at the Rotary Children's Library.

English, Sir Paul said, was no longer an exclusive possession of England and it had greatly profitted itself by contributions made by countries like India and others.

Though the organisation was started after the first World War to encourage the mutual relationships between the U S.A. and U. K., today it had spread wide over the Commonwealth, enabling better understanding of people.

Prof. N.A. Nikam, President welcomed the distinguished guest.

Mysore, May 24

Burma will soon instal a two-ton pilot plant for the manufacture of the low-cost, highly nutritious, Indian Multi-Purpose Food, based on the process developed by the Central Food Technological Research Institute, Mysore. In this connection, Mr. U. Kyaw Nyein, Senior Research Officer, Union of Burma Applied Research Institute, Rangoon, has come to India to study the working of the Multi Purpose Food manufacturing units at Coimbatore and Mysore, set up by the Central Food Technological Research Institute.

Mr. U. Kyaw Nyein, now in Mysore, had discussions with Dr. V. Subrahmanyan in this regard. The Burma Christian Council Relief Committee in Rangoon has already popularised the Multi-Purpose Food in Burma and the product has been used with great success to enrich rice curry, soup and other dishes.

Mr. Nyein said that he was highly impressed with the strides made by the Central Food Technological Research Institute and added "India is providing an excellent example in food technology and nutrition for Asian countries". He hoped that other countries in the region would also benefit from the researches at the Institute.

FEDERAL POLICE FOR SECURITY OF PERSON

COLLECTIVE FINES, DETENTIONS TO CURB COMMUNAL RIOTS

NATIONAL INTEGRATION COMMITTEE'S PLEA

Imposition of collective fines and application of the Preventive Detention Act in connection with communal trouble are among the important proposals made by the National Integration Committee of the Congress.

Dealing with the measures for the maintenance of security of person and property of the minorities, Smt. IndiraGandi committee has suggested for consideration of the Government the desirability and feasibility of creating a federal police force.

As regards the promotion of national outlook, the committee referred to the question of placing a ban on communal parties but did not committ itself to any definite stand on the issue.

It said while it might be open to question whether a ban was an adequate remedy for communalism, the danger of communal parties as such cannot be minimised. The committee asked for a reoriented and broad-based education system, which it said, was of the utmost importance in creating a national outlook.

It also suggested a mass contact movement for educating people in the values of communal harmony and the dangers of communalism.

In the field of education, the committee suggested the appointment of a committee by the Central Government to go into the question of prescribing suitable text books in schools and colleges. If possible, model books should be prepared by the Centre.

It also emphasised the importance of cultural academies in the States to help strengthen the movement for national unity.

The committee asked the Government and public bodies not to extend any grant or assistance to any new educational institutions formed in the name of caste or community.

2 Groups Of Backward Classes

NAGAN GOWDH BODY'S SUGGESTION

Bangalore, May 25

The Nagan Gowdh Backward Classes Committee, which has submitted its report to the Government, has computed that nearly 57 per cent of the population in the State come under socially and educationally backward classes and that this was exclusive of the Scheduled Castes and Scheduled Tribes.

The committee has recommended that socially backward communities, whose standard of education is less than 50 per cent of the State average, should be grouped under 'more backward classes" and those whose standard of education is above the limit should be grouped under "backward classes".

The Vokkaligas excepting Bants and the Muslims are classified as "socially backward". The Lingayat community is listed as "socially forward".

The committee has listed as many as 79 communities as backward and 135 communities under more backward classes.

In regard to recruitment to Government services, it has suggested that 21 per sent of appcintments should be reserved to Backward classes and 24 per cent to more Backward Classes. The Scheduled Castes and the Tribes would have reservation of 18 per cent in both educational institutions and Government services.

The committee has recommended that with the present free education to children in the income-group of Rs. 1,200, free hostel facilities should also be provided.

Nehru's Legacy To India

"My legacy to India will be 400 million people capable of governing themselves", said Prime Minister Nehru to Mr. Norman Cousins of the "Saturday Review" (U.S.).

Sri Nehru said: "People often ask who will follow me. I don't know why they should expect me to give the answer. I suppose they want me to name a person or a few persons. I happen not to see it that way. I have always been more concerned about training vast numbers of people to maintain a free and independent society than I am about training just a few people".

"The business of picking an individual successor is something I find quite alien to my way of thinking. I am not trying to start a dynasty. I am not capable of ruling from the grave. The best I can do for India is to help our people as a whole to generate new leadership as it may be needed", he added.

TEN KILLED IN FLOODS

The Bombay police yesterday arrested two Goan spies. These arrested persons were agents of the Portuguese IntelligencSeervice inGoa and had entered India a fortnight back.

RESERVATION FOR BACKWARD CLASSES

Bangalore, May 26

The Mysore Backward Classes Committee has recommended that 50 per cent of the seats in technical institutions and 45 per cent in Government services should be reserved for backward classes excluding the Scheduled Castes and Tribes.

Out of 50 per cent, 28 per cent should be reserved to Backward Classes and 22 per cent to More Backward Classes and in services 21 and 24 per cent respectively.

The committee has recommended that free education up to SSLC in Rs. 1200 income range should also be extended to college level. All deserving and poor students of BackwardClasses should be given free hostel facilities and the Government should make boarding grants to private individuals who are desirous of starting hostels.

The committee has observed that the present day conditions are changing rapidly and hopes that some of the communities now classified as Backward may improve their general educational and social standards in the near future. Therefore it has recommended that the list of Backward Classes should be reviewed after ten years to find out whether any community could be taken out of the list.

Varsity Campus For Technology

GOVERNOR'S SUGGESTION

Mysore, May 29

Sri Mangaldas Pakvasa, acting Governor suggested here yesterday the establishment of separate campus by the Mysore University for the advancement of technological knowledge so vital for material prosperity of the country.

He was laying the foundation-stone for the Botony and Zoology blocks of the University at the new campus in Manasa Gangotri.

Prof. N. A. Nikam, Vice-Chancellor welcomed the gathering.

The Governor said that if India had to progress materially. she should have adequate facilities for imparting technical knowledge. They could not continue to depend on foreign technical help. So he suggested to the Mysore University to start along with the present campus a separate block for teaching technical subjects.

It would be a great day for Mysore, if the State Government and the University Grants Commission approved the scheme.

Referring to the Gandhi Bhavan in the new Varsity campus, Sri Pakvasa said he was happy to see this good mixture of moral teaching along with those for advancement of material prosperity.

Sri Siddalingiah, Registrar proposed vote of thanks.

P. M. ATTACKS PORTUGUESE BARBARITIES

BLOODIEST AND DARKEST MISDEEDS IN ANGOLA

Prime Minister Nehru yesterday strongly attacked the "bloodiest and darkest" misdeeds of Portugal in Angola and expressed regret at some United Nations members, allies of Portugal, supporting and encouraging that colonialism.

Addressing the AICC at Durgapur, Sri Nehru said a genocide was on and nobody could support what was happening in Angola.

Another factor in the situation was that Portugal was a member of NATO and under cover of this alliance she had been able to put up a front in the United Nations. "That is a matter of serious consideration".

What Portugal was doing was beyond the pale of human tolerance and he expressed regret that after the United Nations had passed the resolutions against colonialism, NATO allies should not do anything against Portuguese barbarities.

Sri Nehru said the myth of Goa and other territories being parts of Portugal was ridiculous and other great powers should realise that this was not at all appreciated. 'All their talks of anti-colonialism falls to the ground when this blatant colonialism is not only supported but encouraged by them'.

He warned that the Indian people felt very strongly about the situation in Angola and about the African people as a whole. 'We are entirely with them'.

Traffic Congestion In New Statue Square

CITY FATHERS' BITTER COMPLAINT

Mysore, June 1

At the meeting of the City Municipal Council, held last evening, Sri A. Krishna Murthy Rao complained about the way in which the mohatarffa assessment was made and said "it is an insult to the citizens".

Sri Rao also complained about the great inconvienees caused to the public in shifting the City Government Bus stand in New Statue Square to the opposite place in view of the construction of the new buildings and utter confusion at the square. He said that the place was a rendezvous for Romeos and remarked that 'no self-respect woman can go and stand in the new bus stand.'

The member said that the President and the Commissioner being members of the Traffic Advisory Committee should have properly advised in making arrangements as regards facilities to the public before shifting the bus stand. "If they cannot discharge their duties properly, they should resign from the committee", he said.

Messrs. B. G. Das, D. Lingiah and Smt. Soundarayamma also complained about the utter traffic congestion in the new Statue Square.

No Cut For Education Outlay

NEHRU TELLS NDC

Prime Minister Nehru addressing the National Development Council yesterday at Delhi warned that the separatist tendencies lately manifest in the country would undermine the success of planning and dissrupt India's unity and progress.

Planning could succeed only in proportion to the strength, vigour, passion and enthusiasm, which were put in it. The difficulties encountered in the course of planning were in themselves a sign of advance, he said.

Sri Nehru stressed the supreme importance of education and urged that there should be no cut in the allocation or slowing down of schemes in regard to education.

The Council approved the first four chapters of the final draft of the Third Plan-basic objectives, long-term development, ten years of planning and approach to the Third Plan.

It also favoured elbow-room for the States to re-allocate funds as between different development schemes, provided these were all under one head. Broad national priorities indicated in the Plan should not, however, be altered.

Mal-Administration in Municipality

CITY FATHERS' ALLEGATION

Mysore, June 1

There was confusion and uproar in the City Municipal Council yesterday, when a member charged "mal - administration" by the Council and its authorities.

Sri Srikanta Sharma asked what steps the President has taken about "an officer who removed the bricks and boulder stones from theNewStatue Square to an unknown place in a private lorry".

President Kempe Gowda said that they were removed to the premises of the Municipal Girls High School.

Sri Aziz Sait interrupted and said 'there was a day-time robbery of theMunicipal property". He questioned why they were transported in a "private lorry".

At this stage, there was confusion and uproar when there was exchange of words between Sri. Aziz Sait, the President and Sri Dodda Thimmiah.

When the President asked Sri Srikanta Sharma to resume his speech, the latter refused to do so and said 'in view of the fact that members of your side interfere often, I refuse to talk' and walked out. He was followed by other members of the Opposition party.

Earlier, Sri B. K. Puttiah and Sri Aziz Sait said 'a time might come when they have to move a no-confidence motion against the whole Municipal staff for removing them for their inefficient work'.

Sri Aziz Sait threattened that he would have to offer satyagraha if Divisions 7 and 8 were not properly attended to.

Third Plan Approved

The National Development Council yesterday approved the final draft of the Third Plan.

The financial limit ot the public sector of the Third Plan as approved by the NDC remains unchanged at Rs. 7 500 crores.

No alterations have also been made in the physical aspect of the public sector which has been kept at Rs. 8,000 crores.

The Union Finance Minister Morarji is stated to have urged caution in sizing up the financial resources, though he himself was optimistic about fulfilling the financial limit of Rs. 7,500 crores. He said it was not safe to raise this limit at this stage, and suggested a watch on the annual budgets and review the resources position every year.

LADY CHATTERLEY, OBSCENE BOOK

The Chief Presidency Magistrate, Bombay, Sri M. Nasrullah has ruled that the unexpurgated edition of "Lady Chatterley's Lovers", the controversial novel by the English author, D H. Lawrence, as "obscene and not suitable for the average person in society, particularly the young and the adolescent".

In a case against four partners of a city bookstall, the Magistrate said that the main theme of the book would have "a devastating effect on all our accepted morals. and ethical values concerning the institution of marriage".

COMMUNALISM IN ELECTIONS AS OFFENCE

CHIEF MINISTERS DECIDE ON LEGISLATION

At a conference of Chief Ministers of States with Prime Minister Nehru, held yesterday at Delhi, it was decided to take legislative measures to curb communalism in the country by making it a specific offence and also to make spreading of communalism a new electoral offence.

Conviction for the new electoral offence would entail disqualification from membership of legislatures and for voting in elections.

The measures contemplated relate to amendment of Sec. 153-A of the Indian Penal Code and of the Representation of the People Act, 1951.

It was agreed that the services should be kept non-communal by creating the "right atmosphere in the administration". In making selections, particularly to positions of high responsibilities, care should be taken to ensure that officials with the "right outlook" were chosen, so that they may inspire confidence among all sections of the people. Wherever possible, training should be given to officials so as to develop a balanced, secular approach and right judgement.

WELFARE OF TRIBALS

Bangalore, June 2

Mysore, June 3

Addressing the fourth annual meeting of the Association of Food Technologists, here yesterday at the Central Food Technological Research Institute, Sri G.L. Rajwade, Joint Secretary to the Union Ministry of Food and Agriculture stressed the need for providing adequate facilities for scientific preservation of food stuffs with a view to preventing their wastage and achieving their maximum utilisation.

He regretted that a lot of valuable food stuffs got wasted in the surplus areas in the country. If only proper packing and transport facilities were provided, distribution would not be difficult. The practice of dehydrating food stuffs in the home had been there for several centuries. But now they had to seek technological aid for preserving food on a much larger scale.

Sri Rajwade paid tributes to the Food Research Institute for its pioneering work in that field and said that the Union Government were very anxious to give a lead in this matter. He appealed to research workers and other Government bodies to co-operate in building up the food industries and encouraging the profession of food technology in a realistic and practical manner.

Dr. V. Subramanyan, Director and President of the Association welcoming the gathering said that they had launched a programme of operational research in respect of certain specific industries.

Dr. J. S. Pruthi, Secretary proposed a vote of thanks.

U.S. To Resist Soviet Attack

SAYS KENNEDY

The U. S. President Kennedy stated yesterday at Paris that the world must know that the United States was determined to resist aggression whatever its strength or whatever the strength required of the Americans.

He said that the Soviet Union's progress in the field of ballistic devices and nuclear weapons had rendered the U.S. more vulnerable. All this, he said, has modified the very concept of defence and has made it indivisible. The city of Washington was now closer to Moscow than any city in Europe had ever been in the past.

The West, he said, was determined to resist Soviet aggression whatever form it might take and wherever it might occur. With its allies, the U. S. had the means to face up to its responsibilities.

Regarding his forthcoming meeting with Mr. Khrushchev, Mr. Kennedy said that it was important for both of them to know each other's view points.

K IN VIENNA

The Soviet Premier, Mr. Khrushchev stated yesterday that he had come to Vienna to make personal contact with the U.S. President Kennedy and to exchange points of view concerning relations between the Soviet Union and the United States. The Soviet Union, he said, desired that all outstanding questions should be settled as soon as possible.

5-YEAR PLAN FOR PRE-PRIMARY EDUCATION

MYSORE COMMITTEE RECOMMENDS

Bangalore, June 3

The Pre-Primary Education Committee, constituted by the State Government, have suggested the holding of an All-Karnataka Convention to draw up a Charter for Children, so as to focus the attention of the public and the Government on the education and welfare of children.

The report which was released yesterday observed that "though the age 3-6 years is recognised as the most educationally and socially potent period of growth, the education of children of this age has not been given its rightful place in the development."

The committee recommended a five-year plan for the establishment of 1,680 pre-primary schools in the first instance in the immediate future and suggested that three-fourths of the new schools should be in the rural areas. This minimum programme was estimated to cost Rs. 124 lakhs.

It has placed great importance on the provision of school meals for children below the ages of 3 and 6 years. The committee have recommended that collection of donations in cash or kind for this purpose by the village panchayats or other local authorities and the undertaking of the provision of school meals to children should be recognised as an obligation cast on the local bodies and parents.

The committee feels that Social Welfare Board and the Village Panchayats or voluntary organisations should organise nursery schools and not individuals.

It has recommended starting of 18 teacher training institutions to train 1,600 teachers.

Education Minister Annarao Ganamukhi announced yesterday that Rs. 8 lakhs would be provided for pre-primary education during the Third Plan and Rs. 2 lakhs for the teacher-training programme.

Vellalas' Protest

Mysore, June 6

The Mysore Vellala Association, at its special meeting held on Sunday under the presidentship of Sri Chinnaswamy Mudaliar, protested against the inclusion of their community as 'Forward' by the Nagan Gowdh Committee.

It pointed out that the Committee had not taken into consideration any figures and although 80 per cent of the community was backward economically and educationally, it had not been included in Backward community. It requested the Government not to accept the Committee's recommendations and urged that Vellala community be included in "Backward" list.

Messrs. Kodandaram Pillay, K. Viswanath, Somasundaram, Shivanand and Dr. Rajagopal speaking criticised the committee's recommendations.

Nagan Gowdh Committee

CONGRESS MLAS' SUGGESTIONS

Bangalore, June 6

The Mysore Legislature Congress Party, after two-day discussion, yesterday left it to the Government to take a final decision on the recommendations of Nagan Gowdh Committee on backward classes.

Chief Minister Jatti stated that the Government would consider the view-points of all the members, who had made their suggestions and also, if necessary, take legal opinions before taking a final decision.

He said that it was not possible for the Government to announce their decision early enough so as to apply it to the admissions to be made to technical colleges in the next few days. But they could evolve some temporary arrangement.

It is stated that among the suggestions made were that economic backwardness should be the criteria for deciding the backward and advanced classes leaving aside the Scheduled Castes and Tribes. Just as the backward class could be classified as backward and more backward, it was suggested, a classification could be made among the advanced class as advanced and less-advanced and that social and educational status should also be taken into consideration along with income of the people.

TRIBUTE TO VASUDEVACHARYA

Mysore, June 6

The Governor Sri Jayachamaja Wadiyar yesterday paid tributes to the late Mysore Vasudevacharya as 'a great scholar-musician and composer.'
